

Euro 45,000,000,000

Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this Base Prospectus (the “**Base Prospectus**”), Banque Fédérative du Crédit Mutuel (“**BFCM**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The aggregate principal amount of Notes outstanding will not at any time exceed euro 45,000,000,000 (or the equivalent in other currencies). This Base Prospectus supersedes and replaces the Base Prospectus dated 29 May 2013 and all supplements thereto.

Notes will be issued in one or more series (each a “**Series**”). Notes of each Series shall be in bearer form and may be issued in one or more tranches (each a “**Tranche**”) on different issue dates and on terms otherwise identical (except in relation to the interest commencement dates and matters related thereto).

Application has been made for approval of this Base Prospectus to the Autorité des marchés financiers (the “**AMF**”) in France in its capacity as competent authority pursuant to Article 212-2 of its *Règlement Général* which implements the Directive 2003/71/EC of 4 November 2003, on the prospectus to be published when securities are offered to the public or admitted to trading, as amended by Directive 2010/73/EC (to the extent that such amending directive has been implemented in the Relevant Member State (as defined below)) (the “**Prospectus Directive**”).

Application may be made, for the period of 12 months from the date of approval by the AMF of this Base Prospectus, for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris, to be listed on the official list of the Luxembourg Stock Exchange (the “**Official List**”) and admitted to trading on the regulated market of the Luxembourg Stock Exchange (the “**Luxembourg Stock Exchange**”) and/or to the competent authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris and the regulated market of the Luxembourg Stock Exchange are regulated markets for the purposes of the Markets in Financial Instruments Directive 2004/39/EC, as amended, appearing on the list of regulated markets issued by the European Commission (a “**Regulated Market**”). The relevant final terms (the “**Final Terms**”) (forms of which are contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading on a Regulated Market and, if so, the relevant Regulated Market. The Issuer may also issue Notes under the Programme for which no prospectus is required to be published under the Prospectus Directive (the “**Exempt Notes**”). Such Exempt Notes may be listed or admitted to trading on a market, such as the EuroMTF Market of the Luxembourg Stock Exchange (“**EuroMTF**”), and on any stock exchange which is not a Regulated Market. Exempt Notes may not be listed or admitted to trading. In the case of Exempt Notes, notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and certain other information which is applicable to each Tranche will be set out in a pricing supplement document substantially in the form of the Final Terms. Certain Notes (not being Exempt Notes) the provisions of which are not fully described in this Base Prospectus may also be issued under the Programme using a drawdown or tranche prospectus which will be submitted for approval as a prospectus pursuant to the Prospectus Directive and, which will incorporate this, or certain parts of this, Base Prospectus and in which will be set out the relevant terms and conditions relating to such Notes.

Notes will be in such denomination(s) as may be specified in the relevant Final Terms. Notes of each Tranche of each Series will initially be represented by a temporary global note in bearer form (each, a “**Temporary Global Note**”) or a permanent global note in bearer form (each, a “**Permanent Global Note**” and, collectively with any Temporary Global Note, the “**Global Notes**”), each without interest coupons. Interests in a Temporary Global Note will be exchangeable, in whole or in part, for interests in a Permanent Global Note on or after the date being 40 days after the relevant issue date, upon certification as to non-U.S. beneficial ownership. If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“**NGN**” or “**New Global Note**”) form they are intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank S.A./N.V. (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”).

Notes which are not issued in NGN form (“**Classic Global Notes**” or “**CGNs**”) will be deposited on the issue date of the relevant Tranche with a common depositary on behalf of Euroclear and Clearstream, Luxembourg or as otherwise agreed between the Issuer and the relevant Dealer (as defined herein). The provisions governing the exchange of interests in Global Notes for other Global

Notes and Definitive Notes (as defined herein) are described in “Summary of Provisions relating to the Notes while in Global Form”.

BFCM has been assigned the following long-term credit ratings: A by Standard & Poor’s Credit Market Services France SAS (“**S&P**”), Aa3 by Moody’s France SAS (“**Moody’s**”), and A+ by Fitch Ratings Limited (“**Fitch Ratings**”). S&P, Moody’s and Fitch Ratings are all established in the EU and registered under Regulation (EC) No 1060/2009 (the “**CRA Regulation**”). Tranches of Notes will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Notes already issued. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section “Risk Factors” in this Base Prospectus.

CONSENT TO USE THE PROSPECTUS

In the context of any offer of Notes in France, the Grand Duchy of Luxembourg and/or any other jurisdiction of the European Economic Area in which this Base Prospectus has been passported from time to time (the “**Public Offer Jurisdictions**”) that is not within an exemption from the requirement to publish a prospectus under the Prospectus Directive, as amended, (a “**Public Offer**”), the Issuer consents to the use of this Base Prospectus, as supplemented from time to time, and the relevant Final Terms (together, the “**Prospectus**”) in connection with a Public Offer of any Notes during the offer period specified in the relevant Final Terms (the “**Offer Period**”) and in the Public Offer Jurisdiction(s) specified in the relevant Final Terms:

- (1) subject to conditions set out in the relevant Final Terms, by any financial intermediary designated in such Final Terms; or
- (2) if so specified in the relevant Final Terms, by any financial intermediary which satisfies the following conditions: (a) acts in accordance with all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “**Rules**”), from time to time including, without limitation and in each case, Rules relating to both the appropriateness or suitability of any investment in the Notes by any person and disclosure to any potential investor; (b) complies with the restrictions set out under section headed “*Subscription and Sale*” in this Base Prospectus which would apply as if it were a Dealer; (c) ensures that any fee (and any commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Notes is fully and clearly disclosed to investors or potential investors; (d) holds all licences, consents, approvals and permissions required in connection with solicitation of interest in, or offers or sales of, the Notes under the Rules; (e) retains investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer(s) and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer(s) in order to enable the Issuer and/or the relevant Dealer(s) to comply with anti-money laundering, anti-bribery and “know your client” rules applying to the Issuer and/or the relevant Dealer(s); (f) does not, directly or indirectly, cause the Issuer or the relevant Dealer(s) to breach any Rule or any requirement to obtain or make any filing, authorisation or consent in any jurisdiction; and (g) satisfies any further conditions specified in the relevant Final Terms (in each case any such financial intermediary being an “**Authorised Offeror**”). For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Public Offer Jurisdiction(s) specified in the Final Terms, for the content of the Prospectus in relation to any person (an “**Investor**”) in such Public Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. However, neither the Issuer nor any Dealer has any responsibility for any of the actions of any Authorised Offeror, including compliance by an Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of this Base Prospectus by the AMF.

In the event the relevant Final Terms designate Authorised Offeror(s) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional financial intermediary(ies) (each also an “**Authorised Offeror**”) after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at <http://www.bfcm.creditmutuel.fr>.

If the Final Terms specify that any Authorised Offeror may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the relevant Offer Period, to publish on its

website that it is using the Prospectus for the relevant Public Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Public Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price allocations and settlement arrangements (the “Terms and Conditions of the Public Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus and any Final Terms will not contain such information. The Terms and Conditions of the Public Offer shall be provided to Investors by that Authorised Offeror at the time of the Public Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.</p> <p><u>Fixed Rate Notes</u> Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.</p> <p><u>Floating Rate Notes</u> Floating Rate Notes will bear interest set separately for each Series as follows:</p>

In the event that such conditionality is not</p>

satisfied, no interest may be payable in respect of a particular interest accrual period or the rate and/or the amount of interest payable in respect of such interest accrual period will be lower than that which would have applied or been payable had such conditionality been satisfied.

CMS Linked Notes

Payments of interest in respect of CMS Linked Notes shall be calculated by reference to one or more CMS Rates by applying one of the formulae specified in the Terms and Conditions of the Notes.

Range Accrual Notes

Notes may also be issued by the Issuer as “**Range Accrual Notes**” where the interest in respect of such Notes may be linked to a CMS Rate or another reference rate but will be conditional upon one or more CMS Rates being equal to, greater than and/or less than certain predetermined levels on one or more specified dates and/or periods as set out in the relevant Final Terms and calculated by reference to one of the formulae specified in the Terms and Conditions of the Notes. In the event that such conditionality is not satisfied in respect of one or more dates falling within any interest accrual period or other specified period, no interest may be payable in respect of such interest accrual period or interest will only be paid in respect only of those days in the interest accrual period on which such conditionality has been satisfied.

Maturities

Subject to compliance with all relevant laws, regulations and directives, any maturity from seven days from the date of original issue, as set out in the relevant Final Terms.

The relevant Final Terms will specify the redemption amounts payable in accordance with the Terms and Conditions of the Notes. Unless otherwise permitted by the current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 will have a minimum redemption value of £100,000 (or its equivalent in another currency).

Optional redemption

The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the holders and, if so, the terms applicable to such redemption. If so specified in the relevant Final Terms, Notes may be redeemed below par.

Redemption by instalments

The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amount in which, such Notes may be redeemed.

Ces Eléments sont numérotés dans les sections A à E (A.1 à E.7).

Ce résumé contient tous les Eléments devant être inclus dans un résumé pour ce type de valeurs mobilières et pour la Banque Fédérative du Crédit Mutuel. La numérotation des Eléments peut ne pas se suivre en raison du fait que certains Eléments n'ont pas à être inclus.

Bien qu'un Elément doive être inclus dans le résumé du fait du type de valeur mobilière et d'Emetteur concerné, il se peut qu'aucune information pertinente ne puisse être donnée sur cet Elément. Dans ce cas, une brève description de l'Elément est incluse dans le résumé suivie de la mention « Sans objet ».

Ce résumé est fourni dans le cadre de l'émission par l'Emetteur de Titres (autres que les Titres bénéficiant d'une exemption à l'obligation de publier un prospectus) ou tout Titre émis en utilisant un prospectus spécifique (drawdown ou tranche prospectus) (tel que défini ci-après) ayant une valeur nominale unitaire inférieure à 100 000 euros qui sont offerts au public ou admis à la négociation sur un marché réglementé de l'Espace Economique Européen (l'« EEE »). Le résumé spécifique à ce type d'émission de Titres figurera en annexe des Conditions Définitives applicables et comprendra (i) les informations relatives au résumé du Prospectus de Base et (ii) les informations contenues dans les rubriques « résumé spécifique à l'émission » figurant ci-après.

tel qu'ajustés dans chaque cas, des éventuelles marges applicables.

Titres Indexés sur le TEC 10

Les intérêts se rapportant aux Titres Indexés sur le TEC 10 seront calculés à partir d'un taux TEC 10, et, dans certains cas, en appliquant une des formules stipulées dans les Modalités des Titres.

Titres à Taux Fixe-Variable

Les Titres à Taux Fixe-Variable pourront porter intérêt à un taux que l'Emetteur pourra choisir de convertir, ou qui changera automatiquement, à une ou plusieurs dates indiquées dans les Conditions Définitives, d'une base d'intérêt déterminée (telle que, mais pas exclusivement, Taux Fixe, Taux Variable, Taux CMS, Intérêt Indexé sur le CPI ou Intérêt Indexé sur le HICP) à une autre base d'intérêt déterminée (telle que, mais pas exclusivement, Taux Fixe, Taux Variable, Taux CMS, Intérêt Indexé sur le CPI ou Intérêt Indexé sur le HICP).

Titres à Coupon Zéro

Les Titres à Coupon Zéro seront émis à leur valeur nominale ou à un prix différent du pair et ne porteront pas intérêt.

Titres Indexés sur l'Inflation/Titres dits « Range Accrual » Indexés sur l'Inflation

L'Emetteur pourra émettre des Titres Indexés sur l'Inflation dont l'intérêt se rapportant à ces Titres sera calculé à partir d'un ratio de l'indice d'inflation (dans chaque cas, le « **Ratio de l'Indice d'Inflation** »), ce ratio étant lui-même déterminé grâce à :

- (i) l'indice des prix à la consommation (hors tabac) des ménages en France métropolitaine ou l'indice applicable lui étant substitué calculé et publié mensuellement par l'Institut National de la Statistique et des Etudes Economiques (« INSEE ») (le « CPI ») (les « **Titres Indexés sur le CPI** ») ;
ou
- (ii) l'indice des prix à la consommation harmonisé (hors tabac) ou l'indice applicable lui étant substitué, mesurant le taux de l'inflation dans l'Union Monétaire Européenne calculé et publié mensuellement par Eurostat (le « **HICP** ») (les « **Titres Indexés sur le HICP** »).

L'Emetteur pourra émettre des Titres Indexés sur l'Inflation appelés « **Titres dits « Range Accrual » Indexés sur l'Inflation** » dont le taux et/ou le montant

Section C – Valeurs mobilières

d'intérêt se rapportant à ces Titres dépendra selon que le(s) Ratio(s) de l'Indice d'Inflation concerné est égal à, supérieur et/ou inférieur à certains niveaux prédéterminés à une ou plusieurs dates précisées et/ ou périodes telles qu'indiquées dans les Conditions Définitives concernées et calculés en appliquant une des formules stipulées dans les Modalités des Titres. Dans le cas où cette condition ne serait pas remplie, aucun intérêt ne sera versé pour une période d'accumulation des intérêts donnée ou le taux et/ou le montant d'intérêt payable pour cette période d'accumulation des intérêts sera inférieur à celui qui aurait été appliqué ou payé si la condition avait été remplie.

Titres Indexés sur CMS

Les paiements d'intérêts se rapportant aux Titres Indexés sur le CMS seront calculés à partir d'un ou plusieurs taux CMS et en appliquant une des formules stipulées dans les Modalités des Titres.

Titres dits « Range Accrual »

L'Emetteur pourra émettre des Titres appelés « **Titres dits « Range Accrual »** » dont l'intérêt se rapportant à ces Titres peut être indexé sur un taux CMS ou un autre taux de référence mais dépendra d'un ou plusieurs taux CMS égal/égaux à, supérieur(s) et/ou inférieur(s) à certains niveaux prédéterminés, à une ou plusieurs dates précisées et/ ou périodes telles qu'indiquées dans les Conditions Définitives concernées et calculés en appliquant une des formules stipulées dans les Modalités des Titres. Dans le cas où cette condition ne serait pas remplie pour une ou plusieurs dates tombant dans une période d'accumulation des intérêts ou toute autre période précisée, aucun intérêt ne serait versé pour ladite période d'accumulation des intérêts ou l'intérêt serait uniquement versé pour les jours au sein de la période d'accumulation des intérêts pendant lesquels cette condition a été remplie.

Echéances

Sous réserve du respect de l'ensemble des lois, règlements et directives applicables, les Titres auront une échéance de sept jours minimum à compter de la date d'émission initiale telle que prévue dans les Conditions Définitives applicables.

Remboursement

Les Conditions Définitives concernées indiqueront le montant de remboursement des Titres payable conformément aux Modalités des Titres. Si cela est prévu dans les Conditions Définitives concernées et, en particulier, à l'égard des Titres Indexés sur l'Inflation, les Titres pourront être remboursés en dessous de leur valeur nominale. Sauf autorisation contraire par les lois et règlements actuellement en vigueur, les Titres (en ce compris les Titres libellés en sterling) qui ont une maturité inférieure à un an et pour lesquels les produits de l'émission ont vocation à être acceptés par l'Emetteur au Royaume-Uni ou dont l'émission constitue une contravention à la section 19 du *Financial Services and Markets Act* de 2000 auront une valeur de remboursement minimale de £100 000 (ou son équivalent dans une autre devise).

Remboursement Optionnel

Les Conditions Définitives applicables indiqueront si les Titres peuvent être

Section C – Valeurs mobilières

remboursés avant leur date d'échéance prévue au gré de l'Emetteur (en totalité ou en partie) et/ou des porteurs et le cas échéant, les conditions applicables à un tel remboursement. Si cela est prévu dans les Conditions Définitives, les Titres pourront être remboursés en dessous de leur valeur nominale.

Remboursement en plusieurs versements

Les Conditions Définitives préparées à l'occasion de chaque émission de Titres qui sont amortissables en deux versements ou plus stipuleront les dates et les montants auxquels ces Titres sont amortissables.

Remboursement anticipé

Sous réserve de ce qui est prévu dans le paragraphe « Remboursement Optionnel » ci-dessus, les Titres ne pourront faire, ou dans certaines circonstances ne feront, l'objet d'un remboursement anticipé au gré de l'Emetteur que pour des raisons fiscales ou encore pourront faire l'objet d'un remboursement au gré des porteurs en cas de survenance d'un cas de défaut.

En particulier, le montant de remboursement payable en cas de remboursement anticipé de titres structurés tels que des Titres Indexés sur le TEC 10, des Titres Indexés sur CMS, des Titres Indexés sur l'Inflation, des Titres dits « *Range Accrual* » et des Titres dits « *Range Accrual* » Indexés sur l'Inflation peut être une juste valeur de marché calculée par l'Agent de Calcul, diminuée du coût pour l'Emetteur de dénouement des éventuels frais liés à la couverture ou les frais éventuels de remplacement de liquidité qui peut être inférieur au montant nominal de ces Titres et peut même être égal à zéro.

Rendement

Les Conditions Définitives de chaque émission de Titres à Taux Fixe préciseront le rendement des Titres.

Assemblées des Porteurs de Titres

Les modalités des Titres contiennent des stipulations relatives aux convocations des assemblées des porteurs de tels Titres réunis pour discuter des questions affectant leurs intérêts de manière générale. Ces stipulations permettent à des majorités définies d'engager tous les porteurs, y compris les porteurs qui étaient absents ou se sont abstenus du vote lors des assemblées concernées et les porteurs qui ont voté dans un sens contraire à la majorité.

D.3	Informations clés sur les principaux risques propres aux Titres	<p>Certains facteurs sont essentiels pour la détermination des risques liés aux Titres émis dans le cadre du Programme, notamment les facteurs suivants :</p> <ul style="list-style-type: none">▪ Les Titres peuvent ne pas être un investissement adapté à tout investisseur.▪ Les Titres ne sont assortis d’aucune clause de maintien à leur rang ou d’autres engagements financiers ni d’aucune clause de défaut croisé ou de déchéance du terme.▪ Tout remboursement anticipé au gré de l’Emetteur stipulé dans les Conditions Définitives pour une émission particulière de Titres pourrait réduire de manière significative le retour sur investissement anticipé par les Porteurs de Titres.▪ Les investisseurs dans les Titres à Taux Variable, les Titres Indexés sur le TEC 10, les Titres Indexés sur CMS et les Titres Indexés sur l’Inflation ne pourront pas calculer par avance leur taux de rendement.▪ Les Titres à Taux Fixe-Variable sont sujet à des changements de bases d’intérêt et les investisseurs peuvent ne pas être en mesure de calculer à l’avance le taux de rendement dans l’éventualité de toute conversion du Titre en un Titre à Taux Variable, un Titre Indexé sur le CMS ou un Titre Indexé sur l’Inflation.▪ Les Titres Zéro Coupon sont sujets à des variations de prix plus importantes que d’autres Titres.▪ Les Titres en devise étrangère exposent les investisseurs à un risque de change ainsi qu’aux risques liés à l’Emetteur.▪ Les porteurs peuvent être exposés au risque sur les Titres Indexés sur l’Inflation, dépendant de la performance de l’indice.▪ Les porteurs peuvent courir un risque sur les Titres dits « <i>Range Accrual</i> » et les Titres dits « <i>Range Accrual</i> » Indexés sur l’Inflation pour lesquels le montant du coupon varie selon que la valeur du sous-jacent pertinent (taux CMS ou Ratio de l’Indice d’Inflation) est égale à, supérieure et/ou inférieure à certains niveaux.▪ Les porteurs peuvent courir un risque sur des Titres tels que les Titres Indexés sur CMS, les Titres Indexés sur le TEC 10 et les Titres Indexés sur l’Inflation dont le rendement est calculé en appliquant une formule qui contient des taux d’intérêts minimum (planchers) et maximum (plafonds) et des facteurs déclencheurs.▪ Le retour sur investissement peut être inférieur au rendement indiqué aux Porteurs de Titres du fait des coûts de transaction.▪ Le véritable retour sur investissement d’un Porteur de Titres peut être réduit par l’impact du régime fiscal auquel il est soumis.

- Les transactions sur les Titres peuvent être soumises à une future taxe sur les transactions financières européennes.
- Le marché des titres de créance peut s'avérer volatil et varier défavorablement en fonction de nombreux événements.
- Un marché animé des Titres peut ne pas se développer.
- La valeur des Titres à Taux Fixe peut changer.
- Des amendements à la directive sur la fiscalité de l'épargne peuvent étendre ou amender la portée des exigences concernant la fiscalité de l'épargne sous forme de paiement d'intérêts.
- Retenues à la source relatives à la réglementation FATCA.
- Les Porteurs de Titres dont la valeur nominale est égale à une valeur nominale unitaire minimale plus un multiple entier supérieur d'un autre montant inférieur à cette valeur nominale unitaire minimale, pourraient ne pas recevoir des Titres physiques, si, à la suite de transactions sur les Titres, les Porteurs de Titres venaient à détenir un montant principal inférieur à ladite valeur nominal unitaire minimale.
- Les dispositions impératives du droit français des procédures collectives pourraient imposer des assemblées qui dérogeraient aux dispositions prévues dans les modalités des Titres relatives aux assemblées des Porteurs de Titres.
- Les notations de crédit attribuées aux Titres peuvent ne pas refléter tous les risques.
- Le montant du principal payable lors du remboursement peut être inférieur au montant nominal de ces Titres, ou même nul.
- Les évolutions sur d'autres marchés peuvent affecter de manière significative le prix de marché de tout Titre libellé en Renminbi.
- Le Renminbi n'est pas librement convertible ; il existe d'importantes restrictions aux transferts de CNY dans et en dehors de la République Populaire de Chine.
- Le risque lié à l'exposition au Renminbi, et notamment le fait que le Renminbi ne soit pas librement convertible et que l'Emetteur puisse, dans certaines circonstances, être autorisé à effectuer les paiements afférents aux Titres libellés en Renminbi en dollar US.
- Un investissement dans les Titres libellés en Renminbi est sujet à des risques de change.
- Un investissement dans les Titres libellés en Renminbi est sujet à des risques de taux.

S'il est indiqué dans les Conditions Définitives applicables que dans un tel cas les Titres ne seront pas remboursés au pair, le montant du principal payable au remboursement peut ne pas correspondre au montant nominal de ces Titres et peut impliquer que les investisseurs perdent une partie ou la totalité de leur capital investi.</p>

RISK FACTORS

The Issuer believes that the risk factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. The Issuer makes no representation that the statements below regarding the risks of holding any Notes are exhaustive.

Prospective purchasers of Notes should consider carefully, in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risk factors set forth below in making an investment decision.

Words and expressions defined in the other sections of this Base Prospectus shall have the same meaning in this section.

Factors Relating to the Issuer and its Operations

The risk factors relating to the Issuer and its operations set out on pages 192 to 216 of the 2013 DDR (as defined in “Documents Incorporated by Reference”) are incorporated by reference into this Base Prospectus and are supplemented by the additional risk factors set out below:

Unforeseen events can interrupt the Issuer’s operations and cause substantial losses and additional costs

Unforeseen events like severe natural catastrophes, terrorist attacks or other states of emergency can lead to an abrupt interruption of the Issuer’s operations, which can cause substantial losses. Such losses can relate to property, financial assets, trading positions and to key employees. Such unforeseen events can also lead to additional costs (such as relocation of employees affected) and increase the Issuer’s costs (such as insurance premiums). Such events may also make insurance coverage for certain risks unavailable and thus increase the Issuer’s risk.

Four main categories of risks are inherent to the Issuer’s activities

- *Credit Risk.* Credit risk is the risk of financial loss relating to the failure of an obligor to honour its contractual obligations. Credit risk arises in lending activities and also in various other activities where the Issuer is exposed to the risk of counterparty default, such as its trading, capital markets and settlement activities.
- *Market and Liquidity Risk.* Market risk is the risk related to earnings, which arises primarily from adverse movements of trading and non-trading market parameters. Trading market parameters include, but are not limited to, foreign exchange rates, bond prices, security and commodity prices, derivatives prices and prices of other marketable assets such as real estate or cars. Trading market parameters also include derivations of the items previously mentioned, such as interest rates, credit spreads, implied volatility or implied correlation. Non-trading market parameters include parameters based on assumptions or on statistical analysis, such as models and statistical correlation, respectively.

Liquidity is also an important component of market risk. In instances of little or no liquidity, a market instrument or transferable asset may not be negotiable at its estimated value. A lack of liquidity can arise due to a lack of volume, legal restrictions or a one-way market.

Market risk arises in trading portfolios and in non-trading portfolios. In non-trading portfolios, it encompasses, without limitation:

- the risk associated with asset and liability management, which is the risk to earnings arising from asset and liability mismatches in the banking book or in the insurance business, and is driven primarily by interest rate risk;
- the risk associated with investment activities, which is directly connected to changes in the value of invested assets within equity portfolios; and
- the risk associated with certain other activities, such as real estate or car leasing, which is indirectly affected by changes in the value of negotiable assets held during the normal course of business.

Liquidity risk, which is also referred to as funding risk, is the inability of the Issuer to meet its obligations at an acceptable cost in a given currency and location.

- *Operational Risk.* Operational risk corresponds to the risk of losses due to inadequate or failed internal processes, or due to external events, whether deliberate, accidental or natural occurrences. Internal processes include, but are not limited to, human resources and information systems. External events include floods, fires, earthquakes or terrorist attacks.
- *Insurance Risk.* Insurance risk is the risk that earnings may be negatively impacted due to mismatches between expected and actual claims. Depending on the insurance product, this risk is influenced by macroeconomic changes, changes in customer behaviour, changes in public health, pandemics and catastrophic events (such as earthquakes, industrial disasters or terrorism).

It is important to distinguish between the different categories of risk because each category requires specific measuring and monitoring systems. Nevertheless, the growing complexity of the Group's businesses and products means that the categories of risk increasingly overlap.

An interruption in or breach of the Issuer's information systems may result in lost business and other losses

As with most other banks, the Issuer relies heavily on communications and information systems to conduct its business. Any failure or interruption or breach in security of these systems could result in failures or interruptions in the Issuer's customer relationship management, general ledger, deposit, servicing and/or loan organisation systems. Similarly, a temporary shutdown of its information systems, even though it has back-up recovery systems and contingency plans, could result in considerable costs that are required for information retrieval and verification. The Issuer cannot provide assurances that such failures or interruptions will not occur or, if they do occur, that they will be adequately addressed. The occurrence of any failures or interruptions could have a material adverse effect on the Issuer's financial condition and results of operations.

Legal Risks

The Group is subject to a comprehensive range of legal obligations in all countries in which it operates. As a result, the Group is exposed to many forms of legal risk, which may arise in a number of ways. The Group faces risk where legal proceedings are brought against it. Regardless of whether such claims have merit, the outcome of legal proceedings is inherently uncertain and could result in financial loss. Defending legal proceedings can be expensive and time-consuming and there is no guarantee that all costs incurred will be recovered even if the Group is successful. Although the Group has processes and controls to manage legal risks, failure to manage these risks could have a negative impact on the Group's reputation and could have a material adverse effect on the Group's results of operations.

The Group is subject to extensive supervisory and regulatory regimes in France and other jurisdictions in which it operates

Regulatory compliance risk arises from a failure or inability to comply fully with the laws, regulations or codes applicable specifically to the financial services industry. Non-compliance could lead to fines, public reprimand, damage to reputation, enforced suspension of operations or, in extreme cases, withdrawal of authorisation to operate.

The Group is subject to the fiscal laws of all countries in which it operates. Fiscal risk is the risk associated with changes in tax law or in the interpretation of tax law. It also includes the risk of changes in tax rates and the risk of failure to comply with procedures required by tax authorities. Failure to manage tax risks could lead to an additional tax charge. It could also lead to a financial penalty for failure to comply with required tax procedures or other aspects of tax law. If, as result of a particular tax risk materialising, the tax costs associated with particular transactions are greater than anticipated, the greater tax costs could affect the profitability of those transactions, which could have a material adverse effect on Group's results of operations.

The Group's businesses and earnings may be affected by the fiscal or other policies and other actions of various regulatory authorities of France or of foreign governments and international agencies.

Legislation and various regulations have been enacted or proposed recently with a view of introducing a number of changes in the global financial environment. While the objective of the new measures is to avoid a recurrence of the financial crisis, the impact of the new measures could be to change substantially the environment in which the Group operates. The nature and impact of future changes in such policies and regulatory action are not predictable and are beyond the Group's control.

Other areas where changes could have an impact include, inter alia:

- the monetary, interest rate and other policies of central banks and regulatory authorities;
- general changes in government or regulatory policy that may significantly influence investor decisions in particular markets in which the Issuer operates;
- general changes in regulatory requirement, for example, prudential rules relating to the capital adequacy framework;
- changes in the competition and pricing environment;
- changes in the financial reporting environment;
- expropriation, nationalisation, confiscation of assets and changes in legislation relating to foreign ownership; and
- other unfavourable political, military or diplomatic developments producing social instability or legal uncertainty which in turn may affect demand for the Group's products and services.

Each of France's and the global financial services market remains highly competitive and innovative competition comes both from incumbent players and a steady stream of new market entrants. The landscape is expected to remain highly competitive in all the Group's businesses, which could adversely affect the Group's profitability.

BFCM's business could be affected by the financial condition or operating results of its parent group

If the financial condition or operating results of the CM11 Group (which is 100% operating on prime retail market), the parent group of BFCM, worsen significantly, the financial condition and operating results of the Group, which performs the central financing function of the CM11-CIC Group, could be adversely affected due to reasons such as an increase in funding costs resulting from a decline in the creditworthiness of the Group.

Changes in the French and European regulatory frameworks could adversely affect the Group's business

The Group is subject to extensive regulation and supervision by the *Autorité de Contrôle Prudentiel et de Résolution* (the “ACPR”), the AMF, the European Central Bank and the European System of Central Banks. The banking laws to which the Group is subject govern the activities in which banks and foundations may engage and are designated to maintain the safety and soundness of banks and limit their exposure to risk. In addition, the Group must comply with financial services laws that govern its marketing and selling practices. The recent financial crisis has resulted, and is likely to continue to result, in more restrictive regulation of the financial services industry. Legislators, governments, regulators, advisory groups, trade and professional associations and various committees at the national, European and international level have adopted or proposed an array of measures in response to the recent financial crisis. The measures that have been or may be adopted include more stringent capital and liquidity requirements, taxes on financial transactions, limits on the types of activities that commercial banks can undertake (particularly proprietary trading and investment and ownership in private equity funds) or new ring-fencing requirements relating to certain activities, restrictions on certain types of financial activities or products such as derivatives, mandatory write-down or conversion into equity of certain debt instruments, enhanced recovery and resolution regimes, revised risk-weighting methodologies (particularly with respect to insurance businesses) and the creation of new and strengthened regulatory bodies, including the transfer of certain supervisory functions to the European Central Bank (the “ECB”). Some of the new measures are proposals that are under discussion and that are subject to revision and interpretation, and need adapting to each country’s framework by national regulators.

This could lead to reduced consolidated revenues and profits in the relevant activities, the reduction or sale of certain operations and asset portfolios, and asset-impairment charges.

Loss absorption at the point of non-viability of the Issuer and resolution.

On 20 December 2013, the Council of the European Union published a draft of a directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms known as the Recovery and Resolution Directive (the “RRD”). The stated aim of the draft RRD is to provide relevant authorities with tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimise tax payers’ exposures to losses and before any of the insolvency or liquidation procedures referred to below in the Risk factor entitled “*French Insolvency Law*” are initiated.

The powers provided to resolution authorities in the draft RRD include write down powers to ensure relevant capital instruments fully absorb losses at the point of non-viability of the issuing institution. These powers also include (but are not limited to) a statutory “bail-in” tool comprising a more general power for resolution authorities to require that issuers write down all or a portion of the principal amount of, or reduce the amount of interest payable on, the claims of certain unsecured creditors (which could include the Noteholders) of a failing institution and/or to convert certain unsecured debt claims (which could include the Notes) into another security, including ordinary equity. Accordingly, the draft RRD contemplates that resolution authorities may require the permanent write down in full of such capital instruments or their conversion into common equity tier 1 instruments at the point of non-viability (such resulting common equity tier 1 instruments may also be subject to any application of the bail-in tool) and before any other resolution action is taken (the “**RRD Loss Absorption Requirement**”).

For the purposes of the RRD Loss Absorption Requirement, the point of non-viability under the draft RRD is the point at which the relevant authority (in the case of the Issuer, the ACPR) determines that:

- (a) the institution is failing or likely to fail, which includes situations where:
 - (i) the institution has incurred/will incur in a near future losses depleting all or substantially all its own funds;

- (ii) the assets are/will be in a near future less than its liabilities;
 - (iii) the institution is/will be in a near future unable to pay its obligations; and/or
 - (iv) the institutions requires public financial support (except where the State decides to provide exceptional public support in the form delivered in the draft RRD);
- (b) there is no reasonable prospect that a private action would prevent the failure; or
- (c) a resolution action is necessary in the public interest.

The draft RRD contemplates that the additional bail-in tool will apply from January 2016 at the latest and that its other provisions (including the RRD Loss Absorption Requirement with respect to capital instruments) will take effect in Member States as of January 2015.

The draft RRD represents the proposed implementation in the European Economic Area of the non-viability requirements set out in the press release dated 13 January 2011 of the Basel Committee on Banking Supervision (the “**Basel Committee**”) entitled “Minimum requirements to ensure loss absorbency at the point of non-viability” (the “**Basel III Non-Viability Requirements**”). The Basel III Non-Viability Requirements represent part of the broader package of guidance issued by the Basel Committee on 16 December 2010 and 13 January 2011 in relation to new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions (“**Basel III**”).

The Basel Committee contemplated implementation of the Basel III reforms as of 1 January 2013. Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (“**CRD IV**”) and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (“**CRR**”), which were published in the Official Journal of the European Union on 27 June, 2013, have been implemented on, and are applicable as of, 1 January 2014. CRR contemplates that the Basel III Non-Viability Requirements will be implemented in the European Economic Area by way of the draft RRD and the RRD Loss Absorption Requirement. If such statutory loss absorption at the point of non-viability is not implemented by 31 December 2015 then CRR indicates that the European Commission shall review and report on whether provision for such a requirement should be contained in CRR and, in light of that review, come forward with appropriate legislative proposals.

There remains uncertainty as to how these powers may affect the Issuer and the Notes. Accordingly, it is not yet possible to assess the full impact of the draft RRD on the Issuer and the Noteholders, and there can be no assurance that any actions by the French resolution authority currently contemplated in the draft RRD would not adversely affect the rights of the Noteholders, the price or value of an investment in the Notes and/or the Issuer’s ability to satisfy its obligations under the Notes.

Potential investors in the Notes should consider the risk that a Noteholder may lose all of its investment, including the principal amount plus any accrued interest, if such statutory loss absorption measures are acted upon.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

The Notes may not be a suitable investment for all investors

Each potential purchaser in any Notes must determine the suitability of that purchase in light of its own circumstances. In particular, each potential purchaser should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of purchasing the Notes and the information contained or incorporated by reference in this Base Prospectus or in any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact that the purchase of the Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for the principal or interest payments is different from the potential purchaser's currency;
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate additional of risk to their overall portfolios. A potential investor should not invest in Notes unless it has the expertise (either alone or with the help of a financial, legal, tax and/or accounting adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features.

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield to be considerably less than anticipated by Noteholders

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for bonds or notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. Consequently, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a result, part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes.

A partial redemption at the option of the Issuer or a redemption at the option of the Noteholders may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised

Depending on the number of Notes of the same Series in respect of which a partial redemption of the Notes at the option of the Noteholders or at the option of the Issuer is made, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid.

The yield associated with Fixed Rate Notes a Zero Coupon Notes will differ according to the price at which the Notes are purchased

The indication of yield or accrual yield stated within any Final Terms of Notes applies only to investments made at (as opposed to above or below) the issue price of such Notes. If an investor invests in Notes at a price other

than the issue price of the Notes, yield or accrual yield on that particular investor's investment in the Notes will be different from the indication of yield or accrual yield on the Notes as set out in the Final Terms.

Investors will not be able to calculate in advance their rate of return on Floating Rate Notes, TEC 10 Notes, CMS Linked Notes and Inflation Linked Notes

A key difference between Floating Rate Notes, TEC 10 Notes, CMS Linked Notes, Inflation Linked Notes and Fixed Rate Notes is that interest income on Floating Rate Notes, TEC 10 Notes, CMS Linked Notes and Inflation Linked Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes, TEC 10 Notes, CMS Linked Notes or Inflation Linked Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the terms and conditions of the Notes provide for frequent interest payment dates, investors are exposed to reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the Floating Rate Notes, TEC 10 Notes, CMS Linked Notes or Inflation Linked Notes, as applicable (and *vice versa*).

The redemption amount payable upon an early redemption of Notes may be less than the principal amount and may equal zero.

The redemption amount payable in the case of early redemption of certain Notes, including structured notes such as TEC 10 Linked Notes, CMS Linked Notes, Inflation Linked Notes, Range Accrual Notes and Inflation Linked Range Accrual Notes may be a fair market value calculated by the Calculation Agent reduced by the cost to the Issuer of unwinding any related hedging costs and any replacement liquidity costs which may be less than the principal amount of such Notes and may even be zero.

Fixed/Floating Rate Notes subject to interest switch provisions

Fixed/Floating Rate Notes may have features which provide for a change of the interest rate formula or basis at certain dates or upon occurrence of certain events. Such features may negatively affect the value of the Notes or result in a less favourable interest rate.

Inflation Linked Range Accrual Notes

The rate and/or amount interest in respect of Inflation Linked Range Accrual Notes will be conditional upon the relevant Inflation Index Ratio(s) being equal to, greater than and/or less than certain pre-determined levels on one or more specified dates and/or during one or more periods as set out in the relevant Final Terms and calculated by applying one of the formulae specified in the Terms and Conditions of the Notes. In the event that such conditionality is not satisfied, no interest may be payable in respect of a particular interest accrual period or the rate and/or the amount of interest payable in respect of such interest accrual period will be lower than that which would have applied or been payable had such conditionality been satisfied.

Range Accrual Notes

The interest in respect of Range Accrual Notes shall be calculated by reference to a CMS Rate or another reference rate by applying one of the formulae specified in the Terms and Conditions of the Notes but will be conditional upon one or more CMS Rates being equal to, greater than and/or less than certain predetermined levels on one or more specified dates and/or periods as set out in the relevant Final Terms. In the event that such conditionality is not satisfied in respect of one or more dates falling within any interest accrual period or other specified period, no interest may be payable in respect of such interest accrual period or interest will only be paid in respect only of those days in the interest accrual period on which such conditionality has been satisfied.

Notes with a multiplier or other gearing or leverage factor

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers or other leverage factors, or caps or floors, or any combination of those features or other similar related features, their market values may be even more volatile than those of securities that do not include those features. A leverage factor may be applied to certain Notes in order to determine the interest amount payable on such Notes. Such leverage factor will magnify any negative performance of the relevant rate or underlying value.

Structured Notes

An investment in Notes, the interest on which is determined by reference to one or more values of interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant interest rates or other indices or formulae should be taken as an indication of future performance interest rates or other indices or formulae during the term of any Notes

Zero coupon Notes are subject to higher price fluctuations than non-discounted Notes

Changes in market interest rates have a substantially stronger impact on the prices of zero coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, zero coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, zero coupon Notes are a type of investment associated with a particularly high price risk.

Foreign currency Notes expose investors to foreign-exchange risk as well as to Issuer risk

As purchasers of foreign currency Notes, investors are exposed to the risk of changing foreign exchange rates. This risk is in addition to any performance risk that relates to the Issuer or the type of Note being issued.

This presents certain risks relating to currency conversions if the purchaser's financial activities are denominated principally in a currency or currency unit other than the Specified Currency. This includes the risk that exchange rates may significantly change (including changes due to the devaluation of the Specified Currency or revaluation of the purchaser's currency and the risk that authorities with jurisdiction over the purchaser's currency may impose or modify exchange controls). An appreciation in the value of the purchaser's currency relative to the Specified Currency would decrease (a) the purchaser's currency-equivalent yield on the Notes, (b) the purchaser's currency-equivalent value of the principal payable on the Notes and (c) the purchaser's currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected.

Holder may be exposed to risk on Inflation Linked Notes which are dependent upon the performance of an index

The issuer may issue Notes with interest determined by reference to the rate of inflation in a country or in the European Monetary Union ("**Inflation Linked Notes**"), where interest amounts and/or principal are dependent upon the performance of an inflation index, which will be one of (i) the non-revised consumer price index (excluding tobacco) for all households in metropolitan France or the relevant substitute index (the "**CPI**"), as calculated and published monthly by the *Institut National de la Statistique et des Etudes Economiques* ("**INSEE**"), or (ii) the non-revised harmonised index of consumer prices (excluding tobacco), or the relevant

substitute index, measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) (together “**Inflation Indices**”).

Neither the current nor the historical levels of any of the Inflation Indices should be taken as an indication of future performance of such index during the term of any Inflation Linked Notes. Investors in Inflation Linked Notes are exposed to the risk that changes in the levels of the Inflation Indices may adversely affect the value of such Notes.

Inflation Linked Notes are not in any way sponsored, endorsed, sold or promoted by the INSEE or Eurostat, as the case may be, and the INSEE or Eurostat makes no warranty or representation whatsoever, express or implied, as to either the results to be obtained from the use of any of the Inflation Indices and/or the figure at which such indices stand at any particular time. The Inflation Indices are determined, composed and calculated by the INSEE or Eurostat, as the case may be, without regard to the Issuer or the Notes. Neither the INSEE nor Eurostat, as the case may be, is responsible for or has participated in the determination of the timing of, prices of, or quantities of the Inflation Linked Notes to be issued or in the determination or calculation of the interest payable under such Notes.

None of the Issuer, the Dealer(s) or any of their respective affiliates makes any representation as to the Inflation Indices. Any of such persons may have acquired, or during the term of the Notes may acquire, non-public information with respect to any of the Inflation Indices that is or may be material in the context of Inflation Linked Notes. The issue of Inflation Linked Notes will not create any obligation on the part of any such persons to disclose to the holders of Notes or any other party such information (whether or not confidential).

A Noteholder’s actual yield on the Notes may be reduced from the stated yield by transaction costs

When Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) are incurred in addition to the current price of the security. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. For instance, credit institutions as a rule charge their clients for own commissions which are either fixed minimum commissions or pro-rata commissions depending on the order value. To the extent that additional parties – domestic or foreign – are involved in the execution of an order, including, but not limited to, domestic dealers or brokers in foreign markets, Noteholders must take into account that they may also be charged for the brokerage fees, commissions and other fees and expenses of such parties (third party costs).

In addition to such costs directly related to the purchase of securities (direct costs), Noteholders must also take into account any follow-up costs (such as custody fees). Investors should inform themselves about any additional costs incurred in connection with the purchase, custody or sale of the Notes before investing in the Notes.

A Noteholder’s effective yield on the Notes may be diminished by the tax impact on that Noteholder of its investment in the Notes

Payments of interest on the Notes, or profits realised by the Noteholder upon the sale or repayment of the Notes, may be subject to taxation in its home jurisdiction or in other jurisdictions in which it is required to pay taxes. The tax impact on Noteholders generally in France and Luxembourg is described under “Taxation” below; however, the tax impact on an individual Noteholder may differ from the situation described for Noteholders generally. BFCM advises all investors to contact their own tax advisors for advice on the tax impact of an investment in the Notes.

Transactions on the Notes could be subject to a future European financial transaction tax

On 14 February 2013, the European Commission proposed a directive (the “**Proposed Directive**”) aiming for an enhanced cooperation with respect to the taxation of financial transactions, which if adopted would subject

transactions involving financial institutions in securities such as the Notes to a financial transaction tax (the “**Tax**”). According to the Proposed Directive, the Tax was initially intended to enter into force on 1 January 2014 in eleven Member States (Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovenia, Slovakia and Spain) (the “**Participating Member States**”) subject to implementing legislation by each Participating Member State.

Pursuant to the Proposed Directive, the Tax would apply to all financial transactions where at least one party to the transaction, or person acting for the account of one party to the transaction, is established in a Participating Member State. However, the Tax should not apply to transactions on the primary market referred to in Article 5(c) of EC Regulation 1287/2006 dated 10 August 2006, including the subscription and allocation of financial instruments upon issuance. The Tax would be payable by each financial institution established, or deemed to be established, in a Participating Member State as long as (i) it is party to a transaction, or acts for the account of a party to a transaction, or (ii) the transaction has been entered into for its own account. The taxation rate would be left to the discretion of each Participating Member State but would not be less than 0.1% for financial instruments other than derivative instruments.

Each prospective investor should bear in mind that, where the Proposed Directive applies, buying, selling or exchanging Notes would be subject to the Tax at a rate of at least 0.1%, provided that the above mentioned requirements are met. As a result, each investor would either have to bear the Tax or reimburse the financial institution for the relevant amount.

Where the Tax due has not been paid on time, each party to a financial transaction, including persons other than financial institutions, shall become jointly and severally liable for the payment of the Tax due.

If the proposed directive is adopted and implemented into local legislation, holders of Notes may be exposed to increased transaction costs with respect to financial transactions carried out with respect to the Notes and the liquidity of the market for the Notes may be diminished.

The Proposed Directive is still being discussed by the Participating Member States and might therefore be modified at any time and any implementing legislation by any Participating Member State might also differ from the Proposed Directive in its final form.

Prospective holders of the Notes should consult their own tax advisers in relation to the consequences of the Tax associated with subscribing, purchasing, holding and disposing the Notes.

The amount of principal payable at redemption may be less than the nominal amount of such Notes or even zero

In certain circumstances if so specified in the relevant Final Terms, the amount of principal payable at redemption may not be the nominal amount of such Notes and may mean that investors lose a partial or total amount of their capital invested.

Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk and interest rate risk.

The trading market for debt securities may be volatile and may be adversely impacted by many events

The market for debt securities issued by banks is influenced by economic and market conditions and, to varying degrees, market conditions, interest rates, currency exchange rates and inflation rates in other European and industrialised countries. There can be no assurance that events in France, Europe or elsewhere will not cause market volatility or that such volatility will not adversely affect the price of Notes or that economic and market conditions will not have any other adverse effect.

An active trading market for the Notes may not develop

There can be no assurance that an active trading market for the Notes will develop, or, if one does develop, that it will be maintained. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. The Issuer or its affiliates are entitled to buy and sell the Notes for their own account or for the account of others, and to issue further Notes. Such transactions may favourably or adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

The value of Fixed Rate Notes may change

Investors in Fixed Rate Notes are exposed to the risk that subsequent changes in interest rates may adversely affect the value of such Notes.

Risks related to the Notes generally

Set out below is a brief description of certain risks relating to the Notes generally.

No negative pledge or cross-default/cross-acceleration

The Notes do not contain any negative pledge provisions or other covenants, or any cross-default/cross-acceleration provisions.

Conflicts of Interest

All or some of the Dealers and their affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

Conflicts of Interest – Issuer acts as Calculation Agent

Where the Issuer acts as Calculation Agent or the Calculation Agent is an affiliate of the Issuer, conflicts of interest may exist between the Calculation Agent and Noteholders, including with respect to certain determinations and judgments that the Calculation Agent may make pursuant to the Conditions that may influence any amount payable under the Notes.

EU Savings Directive

On 3 June 2003, the European Council of Economic and Finance Ministers adopted the Directive 2003/48/EC on the taxation of savings income in the form of interest payments (as amended by an EU Council Directive adopted by the European Council on 24 March 2014) (the “**Savings Directive**”). The Savings Directive requires Member States of the European Union (the “**EU Member States**”), subject to a number of conditions being met, to provide to the tax authorities of other EU Member States details of payments of interest (and certain other types of income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain other types of entity or legal arrangement.

However, for a transitional period, Luxembourg and Austria will instead withhold an amount on interest payments unless the relevant beneficial owner of such payment elects otherwise and authorises the paying agent to disclose the above information (see “Taxation - EU Taxation”). However, please note that on 10 April 2013, the Luxembourg government officially announced its intention that the 35 per cent. withholding tax will be anticipatively and unilaterally replaced in Luxembourg by the Disclosure of Information Method (as defined in the section “Taxation - EU Taxation” of this Base Prospectus) as of 1 January 2015.

If a payment were to be made or collected through a EU Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax.

For the purpose of this section, the term “paying agent” is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the Savings Directive, for the immediate benefit beneficial owners.

Please refer to the section “EU Taxation” of the taxation section of this Base Prospectus for further details on the withholding under the Savings Directive.

Integral multiples of less than the Specified Denomination

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount (which for the avoidance of doubt will not be the case for Notes listed in Euronext Paris), it is possible that the Notes may be traded in amounts in excess of such Specified Denomination that are not integral multiples of such Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

Change of law

The conditions of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Base Prospectus.

French Insolvency Law

Under French insolvency law, holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests, if an accelerated preservation procedure (*procédure de sauvegarde accélérée*) (as from 1st July 2014), a preservation procedure (*procédure de sauvegarde*), an accelerated financial preservation procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer.

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (EMTN) and regardless of their governing law.

The Assembly deliberates on the proposed accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), the proposed safeguard plan (*projet de plan de sauvegarde*), the proposed accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or the judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;
- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions of the Assembly will be taken by a two-third majority (calculated as a proportion of the debt securities held by the holders expressing a vote). No quorum is required to convoke the Assembly.

For the avoidance of doubt, the provisions relating to the meetings of the Noteholders described in this Base Prospectus and in the relevant Schedule of the Agency Agreement will not be applicable in these circumstances.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, and/or to review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions, insurance companies and other regulated entities should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

U.S. Foreign Account Tax Compliance Withholding

Pursuant to the foreign account tax compliance provisions of the U.S. Hiring Incentives to Restore Employment Act of 2010 (“**FATCA**”), the Issuer and other non-U.S. financial institutions through which payments on the Notes are made may be required to withhold U.S. tax at a rate of 30 per cent. on all, or a portion of, payments made after 31 December 2016 in respect of (i) any Notes issued or materially modified on or after the later of (a) 1 January 2014 and (b) the date that is six months after the date on which the final regulations applicable to “foreign passthru payments” are filed in the Federal Register and (ii) any Notes which are treated as equity for U.S. federal tax purposes, whenever issued. Under existing guidance, this withholding tax may be triggered on payments of the Notes if (i) the Issuer is a foreign financial institution (“**FFI**”) (as defined in FATCA) which enters into and complies with an agreement with the U.S. Internal Revenue Service (“**IRS**”) to provide certain information on its account holders (making the Issuer a “**Participating FFI**”), (ii) the Issuer is required to withhold on “foreign passthru payments”, and (iii)(a) an investor does not provide information sufficient for the relevant Participating FFI to determine whether the investor is subject to withholding under FATCA, or (iii)(b) any FFI through which payment on such Notes is made is not a Participating FFI or otherwise exempt from FATCA withholding.

The application of FATCA to interest, principal or other amounts paid with respect to the Notes is not clear. If an amount in respect of U.S. withholding tax were to be deducted or withheld from interest, principal or other payments on the Notes as a result of FATCA, none of the Issuer, any paying agent or any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

The application of FATCA to Notes issued or materially modified on or after the later of (a) 1 January 2014 and (b) the date that is six months after the date on which the final regulations applicable to “foreign passthru payments” are filed in the Federal Register (or whenever issued, in the case of Notes treated as equity for U.S. federal tax purposes) may be addressed in a supplement to this Base Prospectus.

FATCA IS PARTICULARLY COMPLEX AND ITS APPLICATION TO THE ISSUER, THE NOTES AND THE HOLDERS IS UNCERTAIN AT THIS TIME. EACH HOLDER OF NOTES SHOULD CONSULT ITS OWN TAX ADVISER TO OBTAIN A MORE DETAILED EXPLANATION OF FATCA AND TO LEARN HOW THIS LEGISLATION MIGHT AFFECT EACH HOLDER IN ITS PARTICULAR CIRCUMSTANCE.

Risks relating to Notes denominated in Renminbi

Set out below is a brief description of certain risks relating to Notes denominated in Renminbi.

Developments in other markets may adversely affect the market price of any Notes denominated in Renminbi

The market price of Notes denominated in Renminbi may be adversely affected by declines in the international financial markets and world economic conditions. The market for Chinese securities is, to varying degrees, influenced by economic and market conditions in other markets, especially those in Asia. Although economic conditions are different in each country, investors’ reactions to developments in one country can affect the securities markets and the securities of issuers in other countries, including China. Since the sub-prime mortgage crisis in 2008, the international financial markets have experienced significant volatility. If similar developments occur in the international financial markets in the future, the market price of Notes denominated in Renminbi could be adversely affected.

Renminbi is not freely convertible; there are significant restrictions on remittance of CNY into and outside the PRC

Renminbi is not freely convertible at present. The PRC government continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar, despite the significant reduction by the PRC government over the years of control over routine foreign exchange transactions under current accounts. Participating banks in Hong Kong have been permitted to engage in the settlement of Renminbi trade transactions under a pilot scheme introduced in July 2009. This represents a current account activity. The pilot scheme was extended in August 2011 to cover the whole nation and to make Renminbi trade and other current account item settlement available in all countries worldwide. Subject to limited exceptions, there is currently no specific PRC regulation on the remittance of Renminbi into the PRC for settlement of capital account items. Foreign investors may only remit offshore RMB into the PRC for capital account purposes such as shareholders’ loan or capital contribution upon obtaining specific approvals from the relevant authorities on a case by case basis. There is no assurance that the PRC government will continue to gradually liberalise the control over cross-border Renminbi remittances in the future or that new PRC regulations will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or outside the PRC.

Holders of beneficial interests in Notes denominated in Renminbi may be required to provide certifications and other information (including Renminbi account information) in order to allow such holders to receive payments in Renminbi in accordance with the Renminbi clearing and settlement system for participating banks in Hong Kong.

Renminbi currency risk including that Renminbi is not freely convertible and that the Issuer may, in certain circumstances, be entitled to make payments under Notes denominated in Renminbi in U.S. dollars or in another currency

As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

The People's Bank of China (the "PBOC") has established a Renminbi clearing and settlement system for participating banks in Hong Kong pursuant to a settlement agreement relating to the clearing of Renminbi business between PBOC and Bank of China (Hong Kong) Limited. However, the current size of Renminbi and Renminbi denominated financial assets in Hong Kong is limited, and its growth is subject to many constraints which are directly affected by PRC laws and regulations on foreign exchange and may adversely affect the liquidity of Notes denominated in Renminbi. In addition, participating banks are also required by the Hong Kong Monetary Authority ("HKMA") to maintain a total amount of Renminbi (in the form of cash and its settlement account balance with the RMB Clearing Bank) of no less than 25 per cent. of their Renminbi deposits, which further limits the availability of Renminbi that participating banks can utilise for conversion services for their customers. Renminbi business participating banks do not have direct Renminbi liquidity support from the PBOC. On 14 June 2012, the HKMA introduced a facility for providing Renminbi liquidity to authorised institutions participating in Renminbi business ("**Participating AIs**") in Hong Kong. The facility will make use of the currency swap arrangement between the PBOC and the HKMA. With effect from 15 June 2012, the HKMA will, in response to requests from individual Participating AIs, provide Renminbi term funds to the Participating AIs against eligible collateral acceptable to the HKMA. The facility is intended to address short-term Renminbi liquidity tightness which may arise from time to time, for example, due to capital market activities or a sudden need for Renminbi liquidity by the Participating AIs' overseas bank customers.

Except in limited circumstances, all payments of Renminbi under Notes denominated in Renminbi to an investor will be made solely by transfer to a Renminbi bank account maintained in Hong Kong by such investor in accordance with the prevailing rules and regulations and in accordance with the terms and conditions of the Notes. The Issuer cannot be required to make payment by any other means (including in bank notes or by transfer to a bank account in the PRC or anywhere else outside Hong Kong). Renminbi is not freely convertible at present, and conversion of Renminbi into other currencies through banks in Hong Kong is subject to certain restrictions. In particular, for personal investors, currently conversions of Renminbi conducted through Renminbi deposit accounts are subject to a daily limit (as at the date hereof, such limit being up to Renminbi 20,000 per person per day), and investors may have to allow time for conversion of Renminbi from/to another currency of an amount exceeding such daily limit.

In addition, there can be no assurance that access to Renminbi for the purposes of making payments under such Notes or generally may remain or will not become restricted. If it becomes impossible to convert Renminbi from/to another freely convertible currency, or transfer Renminbi between accounts in Hong Kong, or the general Renminbi exchange market in Hong Kong becomes illiquid, any payment of Renminbi under the Notes may be delayed or the Issuer may make such payments in U.S. dollars using an exchange rate determined by the Calculation Agent, or the Issuer may redeem the Notes by making payment in another currency.

Investment in Notes denominated in Renminbi is subject to exchange rate risks

The value of the Renminbi against the Hong Kong dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. As a result, the value of payments under Renminbi denominated Notes may vary with the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against the Hong Kong dollar or other foreign currencies, the value of a Noteholder's investment in Hong Kong dollar or other applicable foreign currency terms will decline.

The investment in Notes denominated in Renminbi is subject to interest rate risks

The PRC government has gradually liberalised the regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. Notes denominated in Renminbi may carry a fixed interest

rate. Consequently, the trading price of such Notes would vary with fluctuations in Renminbi interest rates. If a Noteholder tries to sell such Notes before their maturity, he may receive an offer that is less than his original investment.

The applicable terms of any Notes will be agreed between the Issuer and the relevant Dealer(s) prior to the issue of the Notes and will be set out in the Terms and Conditions of the Notes endorsed on, or incorporated by reference into, the Notes, as completed by the applicable Final Terms or pricing supplement attached to, or endorsed on, such Notes, as more fully described under “Summary of Provisions relating to the Notes while in Global Form” below.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 212-25 of the *Règlement Général* of the AMF implementing Article 16 of the Prospectus Directive, following the occurrence of a new factor, a material mistake or inaccuracy or omission relating to the information included or incorporated by reference in this Base Prospectus (including the “Terms and Conditions of the Notes”) which is capable of affecting the assessment of any Notes whose inclusion would reasonably be required by investors and their professional advisers, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a restated Base Prospectus, which, in respect of any subsequent issue of Notes to be admitted to trading on Euronext Paris or on a Regulated Market, shall constitute a supplement to the Base Prospectus for the purpose of the relevant provisions of the *Règlement Général* of the AMF.

In accordance with and pursuant to Article 16.2 of the Prospectus Directive, where the Notes are offered to the public, investors who have already agreed to purchase or subscribe for Notes before any supplement is published have the right, exercisable within two working days after the publication of such supplement, to withdraw their acceptance provided that the new factor, mistake or inaccuracy referred to in Article 16.1 of the Prospectus Directive arose before the final closing of the offer to the public and the delivery of the Notes. The period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The final date of the right of withdrawal shall be stated in the supplement.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes. References in the Conditions to “Notes” are to the Notes of one Series only, and not to all Notes that may be issued under the Programme.

The Notes are issued by Banque Fédérative du Crédit Mutuel (the “**Issuer**”) pursuant to an amended and restated agency agreement dated 5 June 2014 (as amended and/or supplemented as at the date of issue of the Notes (the “**Issue Date**”), the “**Agency Agreement**”) between the Issuer, BNP Paribas Securities Services, Luxembourg Branch as fiscal agent and principal paying agent (the “**Fiscal Agent**”), initial calculation agent (the “**Calculation Agent**”), redenomination agent (the “**Redenomination Agent**”) and consolidation agent (the “**Consolidation Agent**”) and Citibank, N.A., London Branch and BNP Paribas Securities Services as paying agents (together with the Fiscal Agent and any additional or other paying agents in respect of the Notes from time to time appointed and, where the context so admits, the “**Paying Agents**”). If a Calculation Agent is not specified on the Notes and the terms and conditions require that a Calculation Agent be appointed then the Fiscal Agent shall act as Calculation Agent. The Noteholders (as defined below), the holders of the interest coupons (the “**Coupons**”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) and the holders of the receipts for the payment of instalments of principal (the “**Receipts**”) relating to Notes, of which the principal is payable in instalments, are deemed to have notice of all of the provisions of the Agency Agreement applicable to them. The Notes are issued with the benefit of an amended and restated deed of covenant (as amended and/or supplemented as at the Issue Date, the “**Deed of Covenant**”) dated 5 June 2014 executed by the Issuer in relation to the Notes.

Copies of the Agency Agreement and the Deed of Covenant are available for inspection at the specified offices of each of the Paying Agents.

For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area as defined in the Markets in Financial Instruments Directive 2004/39/EC and as listed on the website of Europa (http://ec.europa.eu/internal_market/securities/isd/index_en.htm).

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below.

1 Form, Denomination, Title and Redenomination

(a) Form of Notes, Denomination and Title

The Notes are issued in bearer form in the Specified Denomination(s) shown hereon.

Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Notes that do not bear interest, in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any Note the principal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Title to the Notes, Receipts, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Note and the Receipts relating to it, “holder” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

(b) Redenomination

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 12 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”), or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) The redenomination of the Notes pursuant to Condition 1(b)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 12. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 11, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 11 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 12 as soon as practicable thereafter.

- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Status of the Notes

(a) *Status of Notes (other than Subordinated Notes)*

The Notes (other than Subordinated Notes (as defined below)) and the Receipts and Coupons relating to them constitute direct, unconditional, unsecured and unsubordinated obligations of the Issuer and rank and will rank *pari passu* and rateably without any preference among themselves and save for statutorily preferred exceptions, at least equally with all other unsecured and unsubordinated obligations (including deposits), present and future, of the Issuer.

(b) *Status of Subordinated Notes*

Notes may be subordinated and may be dated or undated (“**Subordinated Notes**”) and may be issued under the Programme. The terms and conditions of any Subordinated Notes (including in particular the level of subordination, whether they are dated or undated or their capital adequacy tiering, the governing law relating to their subordinated status and whether and to what extent any of the Conditions relating to Notes generally shall apply to Subordinated Notes) will be more fully set out in a tranche or a drawdown prospectus, in which will be set out the relevant Final Terms relating to such Notes.

3 Interest and other Calculations

(a) *Rate of Interest on Fixed Rate Notes other than Fixed Rate Notes denominated in RMB*

Each Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Specified Interest Payment Date.

(b) *Rate of Interest on Fixed Rate Notes denominated in RMB*

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Calculation Amount for the relevant Interest Period. The determination of the amount of interest payable per Calculation Amount by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Calculation Amount and Interest Payment Date so published may subsequently be amended (or appropriate alternative

arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

(c) **Rate of Interest on Floating Rate Notes**

- (i) **Interest Payment Dates:** Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(l). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) **Rate of Interest for Floating Rate Notes:** The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to ISDA Determination, FBF Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms; and
- (c) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (B), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Determination Date** (*Date de Détermination du Taux Variable*)”, “**Designated Maturity**”, “**Reset Date**” and “**Transaction**” have the meanings given to those terms in the FBF Definitions, provided that “**Euribor**” means the rate calculated for deposits in Euro which appears on the Reuters screen page EURIBOR01.

(C) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as is provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at either 11.00 a.m. (London time in the case of LIBOR or Brussels time in the case of EURIBOR) on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as is provided below, the Calculation Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.

- (c) If paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as is provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the

relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC 10, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered quotation (expressed as a percentage rate *per annum*) for the EUR-TEC10-CNO calculated by the *Comité de Normalisation Obligataire*, which appears on the Relevant Screen Page, being Reuters Screen CNOTEC10 Page, as at 10.00 a.m. (Paris time) on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (*Obligation Assimilable du Trésor*, “OAT”) corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the “**Reference OATs**”) whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being less than 10 years and the other Reference OAT's duration being greater than 10 years. If, on any Interest Determination Date, such rate does not appear on Reuters Screen CNOTEC10 Page, EUR-TEC 10-CNO shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OATs, which would have been used by the *Comité de Normalisation Obligataire* for the calculation of EUR-TEC10-CNO, quoted by five *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. Paris time on the Interest Determination Date in question.

The Calculation Agent will request each *Spécialiste en Valeurs du Trésor* to provide a quotation of its price.

EUR-TEC10-CNO will be the redemption yield of the arithmetic mean of such quotations as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligataire* for the determination of EUR-TEC10-CNO.

(d) Rate of Interest on Inflation Linked Notes

- (i) *Interest Payment Dates*: Each Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(l). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Consumer Price Index (CPI)*

Where the non-revised consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “INSEE”) (“CPI”) is specified as the Index in the relevant Final Terms, this Condition 3(d)(ii) shall apply. Terms defined in this Condition 3(d)(ii) shall have the meanings set out below only when this Condition 3(d)(ii) and, where applicable, Condition 3(d)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(d)(ii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(k)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

$$\text{CPI Daily Inflation Reference Index} = \text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**” being the price index of month M - 2; and

“**CPI Monthly Reference Index_{M-3}**” being the price index of month M - 3.

Notwithstanding Condition 3(k)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg page TRESOR and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (b) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire – www.cnofrance.org*) in its July 2011 Paper entitled “Inflation-linked bonds”. In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- (c) (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading “*indice de substitution*”. Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.

- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M =

$$\text{CPI Monthly Reference Index}_{M-1} \times \left[\frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \right]^{\frac{1}{12}}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

(iii) *Harmonised Index of Consumer Prices (HICP)*

Where the non-revised harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms, this Condition 3(d)(iii) shall apply. Terms defined in this Condition 3(d)(iii) shall have the meanings set out below only when this Condition 3(d)(iii) and, where applicable, Condition 3(d)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(d)(iii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(k)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third

month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times \frac{(\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})}{1}$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**” being the price index of month M – 2; and

“**HICP Monthly Reference Index_{M-3}**” being the price index of month M – 3.

Notwithstanding Condition 3(k)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01, on the website www.aft.gouv.fr and on Bloomberg page TRESOR.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (b) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (c) (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
 - (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
 - (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \left[\frac{\text{HICP Monthly Reference Index}_{M-1}}{\text{HICP Monthly Reference Index}_{M-13}} \right]^{\frac{1}{12}}$$

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \text{HICP Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}} \times \text{Key}$$

(e) Rate of Interest on CMS Linked Notes

(i) Interest Payment Dates

Each CMS Linked Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. In the event that the EUR CMS does not appear on the Relevant Screen Page on any relevant date, the Calculation Agent shall determine on such relevant date the applicable rate based on quotations of five Reference Banks (to be selected by the Calculation Agent and the Issuer) for EUR CMS relating to the relevant maturity (in each case the relevant

mid-market annual swap rate commencing two TARGET Business Days following such relevant date). The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the Reference Rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

“**Gearing Factor**” has the meaning specified in the relevant Final Terms; and

“**Margin**” has the meaning specified in the relevant Final Terms.

(g) Rate of Interest on Zero Coupon Notes

Where a Note the Rate of Interest of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 4(b)).

(h) Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert, or that will automatically change, on one or more dates set out in the Final Terms from one specified interest basis (such as, but not limited to, Fixed Rate, Floating Rate, CMS Rate and/or HICP Linked Interest)

(j) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which event interest shall continue to accrue (after as well as before judgment) at the Rate of Interest in the manner provided in this Condition 3 to the Relevant Date (as defined in Condition 6).

(k) Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts and Rounding

For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country or countries of such currency.

(l) Calculations

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount is applicable to such Interest Accrual Period in the relevant Final Terms, in which case the amount of

interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. Where any Specified Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 3(i), the Interest Amounts and the Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

The Issuer shall procure that there shall at all times be one or more Calculation Agents if provision is made for them in the Final Terms applicable to this Note and for so long as any Note is outstanding (as defined in the Agency Agreement). Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for an Interest Accrual Period or to calculate any Interest Amount, Instalment Amount or the Redemption Amount or to comply with any other requirement, the Issuer shall appoint a leading bank or financial institution engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

Notice of any change in the Calculation Agent shall promptly be given to the Noteholders in accordance with Condition 12 below.

4 Redemption, Purchase and Options

(a) Redemption by Instalments and Final Redemption

- (i) Unless previously redeemed, purchased and cancelled as provided in this Condition 4, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified hereon. The outstanding principal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the principal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (ii) Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its principal amount or, in the case of a Note falling within sub-paragraph (i) above, its final Instalment Amount).

(b) Early Redemption

(A) Zero Coupon Notes:

- (i) The Early Redemption Amount payable in respect of any Note that does not bear interest prior to the Maturity Date upon redemption of such Note pursuant to Condition 4(c) or upon it becoming due and payable as provided in Condition 8 shall be the Amortised Face Amount (calculated as provided below) of such Note.

- (ii) Subject to the provisions of sub-paragraph (iii) below, the Amortised Face Amount of any such Note (the “**Amortised Face Amount**”) shall be the scheduled Final Redemption Amount of such Note discounted at a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (iii) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 4(c) or upon it becoming due and payable as provided in Condition 8 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note together with any interest that may accrue in accordance with Condition 3(j).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

(B) Other Notes:

The Early Redemption Amount payable in respect of any Note (other than Notes described in (A) above), upon redemption of such Note pursuant to Condition 4(c) or upon it becoming due and payable as provided in Condition 8 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any arrears of interest) or the Fair Market Value Redemption Amount, as specified in the relevant Final Terms.

(c) Redemption for Taxation Reasons

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 6 below and the obligation to pay such additional amounts cannot be avoided by reasonable measures available to the Issuer, the Issuer may, at its option, on any Specified Interest Payment Date or, if so specified on this Note, at any time, subject to having given not more than 45 nor less than 30 days’ prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 12 redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.
- (ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 6 below and the obligation to pay such additional amounts cannot be avoided by reasonable measures available to the Issuer (which measures, if they exist, the Issuer shall be obliged to take), then the Issuer shall forthwith give notice of such fact to the Fiscal

Agent and the Issuer shall upon giving not less than 7 days' prior notice to the Noteholders in accordance with Condition 12, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption on (A) the latest practicable Specified Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Specified Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified on this Note, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

(d) *Redemption at the Option of the Issuer*

If specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving irrevocable notice to the Noteholders falling within the Issuer's Notice Period (as specified hereon) redeem, all or, if so provided, some of the Notes in the principal amount or integral multiples thereof and on the date or dates so provided. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

So long as the Notes are listed and admitted to trading on Euronext Paris and/or on any other stock exchange and the rules of such stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 211-4 of the *Règlement Général* of the *Autorité des marchés financiers* ("AMF") and on the website of any other competent authority and/or other stock exchange where the Notes are listed and admitted to trading, a notice as provided in Condition 12 specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(e) *Redemption at the Option of Noteholders*

If specified in the relevant Final Terms, the Issuer shall, at the option of the holder of any such Note, redeem such Note on the Optional Redemption Date so provided hereon at its Optional Redemption Amount together with interest accrued to the date fixed for redemption.

So long as the Notes are listed and admitted to trading on Euronext Paris and/or on any other stock exchange and the rules of such stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 211-4 of the *Règlement Général* of the AMF and on the website of any other competent authority and/or other stock exchange where the Notes are listed and admitted to trading, a notice as provided in Condition 12 specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

To exercise such option the holder must deposit such Note (together with all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office, together with a duly completed option exercise notice (“**Exercise Notice**”) in the form obtainable from any Paying Agent within the Notice Period (as specified hereon). No Note so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(f) Purchases

The Issuer may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons appertaining thereto are attached or surrendered therewith) in the open market or otherwise at any price.

Unless the possibility of holding and reselling is expressly excluded in the Final Terms, Notes which are purchased by the Issuer, may, subject to the applicable law of the jurisdiction of the Issuer, be held or resold for the purpose of enhancing the liquidity of the Notes in accordance with Articles L.213-1 A and D.213-1-A of the French *Code monétaire et financier*.

(g) Cancellation

All Notes which are redeemed or purchased for cancellation by the Issuer must be surrendered for cancellation by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

5 Payments and Talons

(a) Notes

Payments of principal and interest in respect of the Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 5(e)(vi)) or Coupons (in the case of interest, save as specified in Condition 5(e)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the currency in which such payment is due drawn on, or, at the option of the holder, by transfer to an account denominated in that currency with, a Bank. “**Bank**” means a bank in the principal financial centre for that currency (which, in the case of Renminbi, means Hong Kong) or, in the case of euro, in a city in which banks have access to the TARGET System.

(b) Payments in the United States

Notwithstanding the foregoing, if any Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(c) *Payments Subject to Fiscal Laws*

All payments are subject in all cases to (i) any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its Agents), but without prejudice to the provisions of Condition 6, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**IRS Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the IRS Code, any regulations or agreement thereunder, official interpretations thereof, or (without prejudice to the provisions of Condition 6) law implementing an intergovernmental approach thereto and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements.

No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(d) *Appointment of Agents*

The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Calculation Agent, the Redenomination Agent or the Consolidation Agent and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent and, where applicable, a Redenomination Agent and a Consolidation Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Paying Agent having a specified office in a European city which, (A) so long as the Notes are listed on the official list and admitted to trading on the Regulated Market or EuroMTF of the Luxembourg Stock Exchange, shall be Luxembourg, (B) so long as the Notes are listed on Euronext Paris and the rules of that exchange so require, shall be Paris and (C) so long as the Notes are listed on any other stock exchange and the rules of such stock exchange so require, shall be a specified city of the country of such stock exchange, (iv) a Paying Agent with a specified office in a European Union Member State that will not be obliged to withhold or deduct tax pursuant to any law implementing European Council Directive 2003/48/EC (as amended by an EU Council Directive adopted by the European Council on 24 March 2014) or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26 27 November 2000 on the taxation of savings income (together the “**Savings Directive Tax Laws**”) to the extent that any Member State does not maintain any obligation to so withhold or deduct pursuant to any Savings Directive Tax Law, (which may be any of the Paying Agents referred to in (iii) (A) or (B) above) and (v) such other agents as may be required by the rules of any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Notes denominated in U.S. dollars in the circumstances described in paragraph (b) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 12 below.

(e) *Unmatured Coupons and Receipts and unexchanged Talons*

- (i) Unless the Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Notes should be surrendered for payment together with all unexpired Coupons (if any) appertaining thereto, failing which an amount equal to the face

value of each missing unmatured Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Redemption Amount due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 7).

- (ii) If the Notes so provide, upon the due date for redemption of any Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

- (v) Where any Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (vi) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Note. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note.

(f) Talons

On or after the Specified Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 7).

(g) Non-Business Days

(ii) in the case of a payment in euro, which is a TARGET Business Day.

(h) Payment of U.S. Dollar Equivalent

Notwithstanding any other provision in these Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs or if Renminbi is otherwise not available to the Issuer as a result of circumstances beyond its control and such unavailability has been confirmed by a Renminbi Dealer, following which the Issuer is unable to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five nor more than 30-days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the U.S. Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the U.S. Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 8.

“**Non-Transferability**” means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Issue Date and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation);

6 Taxation

(a) *Withholding Tax*

- (ii) **Presentation more than 30 days after the Relevant Date:** except to the extent that the Noteholder or, if applicable, a Receiptholder or a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting such Note, Receipt or Coupon, as the case may be, for payment on the thirtieth such day; or
- (iii) **Payment to individuals:** where such withholding or deduction is required to be made pursuant to Savings Directive Tax Laws or any law implementing or complying with, or introduced in order to conform to, such Directive; or

(c) Supply of Information

Each Noteholder shall be responsible for supplying to the Paying Agent, in a timely manner, any information as may be required in a timely manner in order to comply with the identification and reporting obligations imposed on it by any law implementing Savings Directive Tax Laws or any law implementing or complying with, or introduced in order to conform to, such Directive.

7 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect thereof. There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon in respect of which the claim for payment would be void pursuant to this Condition 7 or Condition 3 above.

- (a) if default is made in the payment of any principal or interest due on the Notes or any of them on the due date and such default, in the case of any payment of interest, continues for a period of 15 days or

more after written notice thereof is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any Noteholder); or

- (b) if the Issuer fails to perform or observe any of its other obligations under the Notes or any of them and (except where such failure is incapable of remedy when no notice will be required) such failure continues for a period of 60 days after written notice is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of the Notes) specifying such default and requiring the same to be remedied; or
- (c) the Issuer applies for the appointment of a *mandataire ad hoc* under French bankruptcy law or enters into an amicable procedure (*procédure de conciliation*) with its creditors or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer, or the Issuer is subject to similar proceedings or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, in each case to the extent permitted by applicable law; or
- (d) the Issuer sells, transfers or otherwise disposes of, directly or indirectly, the whole or a substantial part of its undertaking or assets, or the Issuer enters into or commences any proceedings in furtherance of voluntary liquidation or dissolution, except in the case of a disposal of all or substantially all of the Issuer's assets in favour of an entity which simultaneously assumes all or substantially all of the Issuer's liabilities including the Notes or in connection with a merger or reorganisation of the Issuer.

9 Meetings of Noteholders and Modifications

(a) Meetings of Noteholders

The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount applies to any Notes, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to take any steps that as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in principal amount of the

Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

(b) Modification of Agency Agreement

The Fiscal Agent and the Issuer may agree, without the consent of the Noteholders or Couponholders, to any modification of the Notes, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or to cure, correct or supplement any defective provision or is made to cure, correct or supplement a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 12) as soon as practicable thereafter.

10 Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Paying Agent in Luxembourg or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 12, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

11 Further Issues and Consolidation

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such Notes to “Issue Date” shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a Redenomination of the Notes pursuant to Condition 1, on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 12, without the consent of the Noteholders or the Couponholders, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

12 Notices

Notices to the holders of Notes shall be valid if, at the option of the Issuer, they are published in (i) a daily newspaper of general circulation in Europe (which is expected to be the *Financial Times*), (ii) as long as the Notes are listed and admitted to trading on Euronext Paris and the rules of Euronext Paris so require, in a daily newspaper with general circulation in France (which is expected to be *Les Echos*), (iii) as long as

the Notes are listed on the official list and admitted to trading on the Regulated Market or EuroMTF of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, in a daily newspaper with general circulation in Luxembourg (expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.bourse.lu) or (iv) they are published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF. If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s) is/are situated. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

13 Contracts (Rights of Third Parties) Act 1999

The Notes confer no rights under the Contracts (Rights of Third Parties) Act 1999 except and to the extent (if any) that the Notes expressly provide for such Act to apply to any of their terms.

14 Governing Law and Jurisdiction

(a) Governing Law

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.

(b) Jurisdiction

The Courts of England and Wales are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (“**Proceedings**”) may be brought in such courts. The Issuer irrevocably submits and each holder of Notes, Receipts, Coupons or Talons (by its acquisition of a Note) is deemed to submit to the jurisdiction of the Courts of England and Wales. For the purposes of this Condition, the Issuer waives and each holder of Notes, Receipts, Coupons or Talons (by its acquisition of a Note) is deemed to waive any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum.

(c) Service of Process

The Issuer irrevocably appoints Crédit Industriel et Commercial, Veritas House, 125 Finsbury Pavement, London EC2A IHX as its agent in England to receive, for it and on its behalf, service of process of any Proceedings in England. Such service shall be deemed complete on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 12. Nothing shall affect the right to serve process in any manner permitted by law.

SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, they may be intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form may be delivered on or prior to the original issue date of the Tranche to a Common Depository (as defined below).

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “**Common Depository**”), Euroclear or Clearstream, Luxembourg will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid and, in the case of Notes held through Euroclear France, the “*intermédiaires financiers habilités*” (French credit institutions or investment firms authorised to maintain securities accounts on behalf of their clients (each an “**Approved Intermediary**”)) who are entitled to such Notes according to the records of Euroclear France will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. If the Global Note is a NGN, the principal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the principal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) Euroclear France or other clearing systems through direct or indirect accounts with Euroclear or Clearstream, Luxembourg held by Euroclear France or such other clearing systems. Conversely, Notes that are initially deposited with Euroclear France or any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg, Euroclear France or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg, or any other clearing system or, in the case of Notes held through Euroclear France, an Approved Intermediary as the holder of a Note represented by a Global Note must look solely to Euroclear, Clearstream, Luxembourg or such clearing system or such Approved Intermediary (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, Euroclear France or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Exchange

1 Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable, in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a Permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

2 Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “**Partial Exchange of Permanent Global Notes**”, in part for Definitive Notes if (i) the Permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg Euroclear France or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so and no alternative clearing system reasonably satisfactory to the Issuer is available within 14 days or (ii) principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3 Partial Exchange of Permanent Global Notes

For so long as a Permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes if principal in respect of any Notes is not paid when due.

4 Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to, or to the order of, the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes or if the Global Note is a NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the forms set out in Schedule 2 to the Agency Agreement. On exchange in full of each Permanent Global Note, the Issuer will, if the holder

so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

5 Exchange Date

“**Exchange Date**” means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located. In the event that a further Tranche of Notes is issued in respect of any Series of Notes pursuant to Condition 11 which is to be consolidated with one or more previously issued Tranches of such Series prior to the Exchange Date relating to the Temporary Global Note representing the most recently previously issued Tranche of such Series, such Exchange Date may be extended until the Exchange Date with respect to such further Tranche, provided that in no event shall such first-mentioned Exchange Date be extended beyond the date which is five calendar days prior to the first Interest Payment Date (if any) falling after such first-mentioned Exchange Date.

Modifications of the Conditions of the Notes while in Global Form

The Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

1 Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against (i) presentation for endorsement and (ii) if no further payment falls to be made in respect of the Notes, surrender of that Global Note to, or to the order of, the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, such endorsement being *prima facie* evidence that such payment has been made in respect of the Notes. Condition 5(d)(iv) and Condition 6(b)(iv) will apply to the Definitive Notes only. If the Global Note is a NGN, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the principal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “business day” set out in Condition 5(g) (Non-Business Days).

2 Prescription

Claims against the Issuer in respect of Notes that are represented by a Permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 6).

3 Meetings

The holder of a Permanent Global Note shall (unless such Permanent Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

4 Cancellation

Cancellation of any Note represented by a Permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Permanent Global Note.

5 Purchase

Notes represented by a Permanent Global Note may only be purchased by the Issuer if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

6 Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in, and containing the information required by, the Conditions and in accordance with any applicable notice period required by Euroclear or Clearstream, Luxembourg, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system or Approved Intermediary in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), Euroclear France or any other clearing system (as the case may be).

7 Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a Permanent Global Note may be exercised by the holder of the Permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent and in accordance with any applicable notice period required by Euroclear or Clearstream, Luxembourg, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised and stating the principal amount of Notes in respect of which the option is exercised and at the same time where the Permanent Global Note is a CGN, presenting the Permanent Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation. Where the Global Note is a NGN, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the principal amount of the Notes recorded in those records will be reduced accordingly.

8 NGN Principal Amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set

out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the principal amount of the Notes represented by such Global Note shall be adjusted accordingly.

9 Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 8 by stating in the notice to the Fiscal Agent the principal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note may elect for direct enforcement rights against the Issuer under the terms of an amended and restated Deed of Covenant executed as a deed by the Issuer on 5 June 2014 to come into effect in relation to the whole or a part of such Global Note in favour of the persons entitled to such part of such Global Note as accountholders with a clearing system or in the case of Euroclear France, Approved Intermediaries. Following any such acquisition of direct rights, the Global Note will become void as to the specified portion.

10 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note except that (i) so long as any Notes are listed on Euronext Paris and the rules of Euronext Paris so require, such notices will be valid if published in accordance with Articles 221-3 and 221-4 of the *Règlement*

Général of the AMF and (ii) so long as any Notes are listed on the official list and admitted to trading on the Regulated Market or EuroMTF of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, such notices will be valid if published in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.bourse.lu). If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, notices shall be published in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s) is/are situated. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

11 Redenomination and Consolidation

A Global Note may be amended or replaced by the Issuer (in such manner as it considers necessary, after consultation with the Redenomination Agent and the Consolidation Agent, as the case may be) for the purposes of taking account of the redenomination and/or consolidation of the Notes in accordance with Conditions 1 and 11. Any consolidation may require a change in the relevant nominee or depositary for the relevant clearing system(s), as the case may be.

USE OF PROCEEDS

The net proceeds of the issue of the Notes under the Programme will be used for the general corporate purposes of the Issuer. If in respect of any particular issue of Notes, there is a particular identified use of proceeds, this will be stated in the relevant Final Terms.

TAXATION

The statements herein regarding taxation are based on the laws in force in the European Union, France and the Grand Duchy of Luxembourg as of the date of this Base Prospectus and are subject to any changes in such laws. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. Each prospective holder or beneficial owner of Notes should consult its tax adviser as to the tax consequences of any investment in or ownership and disposition of the Notes under the laws of the European Union, France, the Grand Duchy of Luxembourg or any other jurisdiction.

All prospective Noteholders should seek independent advice as to their tax positions.

EU Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), Member States are required to provide to the tax authorities of another Member State details of payments of interest (and certain other types of income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain other types of entity or legal arrangement. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). The Luxembourg Government has announced on its intention to introduce, as of 1 January 2015, automatic exchange of information with respect to the Savings Directive.

The Savings Directive was implemented into French law under Article 242 ter of the French *Code Général des Impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

On 24 March, 2014, the Council of the European Union adopted a directive amending the Savings Directive (the "**Amending Savings Directive**") which, when implemented, will amend and broaden the scope of the requirements described above. In particular, additional steps may be required in certain circumstances to identify the beneficial owner of interest payments (through a look through approach).

The EU Member States will have until 1 January 2016 to adopt the national legislation necessary to comply with the Amending Savings Directive.

French Taxation

The descriptions below are intended as a basic summary of certain French withholding tax consequences in relation to the ownership of the Notes under French law. Potential purchasers of the Notes are advised to consult their own appropriate independent and professionally qualified tax advisors as to the tax consequences of any investment in, or ownership of, the Notes. The description below does not address specific issues which may be relevant for Noteholders who concurrently hold shares of the Issuer or who are otherwise affiliated with the Issuer within the meaning of Article 39-12 of the French Code Général des Impôts.

Pursuant to the French *loi de finances rectificative pour 2009* n°3 (n° 2009-1674 dated 30 December 2009) (the "**Law**"), payments of interest and other revenues made by the Issuer with respect to the Notes (other than Notes (described below) which are consolidated (*assimilables* for the purposes of French law) and form a single series

with Notes issued before 1 March 2010 having the benefit for Article 131 quater of the French *Code Général des Impôts*) will not be subject to the withholding tax set out under Article 125 A III of the French *Code Général des Impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code Général des Impôts* (a "**Non-Cooperative State**"). If such payments under the Notes are made in a Non-Cooperative State, a seventy five (75) per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code Général des Impôts*.

Furthermore, according to Article 238 A of the French *Code Général des Impôts*, interest and other revenues on the Notes will no longer be deductible from the Issuer's taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid in such a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 of the French *Code Général des Impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis of the French *Code Général des Impôts*, at a rate of thirty (30) per cent. or seventy five (75) per cent. (subject to the more favourable provisions of an applicable tax treaty).

Notwithstanding the foregoing, the Law provides that neither the seventy five (75) per cent. withholding tax set out under Article 125 A III of the French *Code Général des Impôts* nor the Deductibility Exclusion will apply in respect of the Notes if the Issuer can prove that the principal purpose and effect of such issue of the Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* BOI-INT-DG-20-50-20140211, BOI-RPPM-RCM-30-10-20-40-20140211, BOI-IR-DOMIC-10-20-20-60-20140211 and BOI-ANNX-000364-20120912 n°20, the issue of the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of the issue of the Notes if the Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (b) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (c) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Pursuant to Article 125 A of the French *Code Général des Impôts*, as modified by Article 9 of the 2013 Finance Law (*loi de finances pour 2013*, n° 2012-1509 du 29 décembre 2012) subject to certain limited exceptions, interest and other revenues paid by a paying agent located in France to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a twenty four (24) per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding tax at an aggregate rate of fifteen and a half (15.5) per cent. on interest and similar revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France.

In addition, interest and other revenues paid by the Issuer on Notes which are to be consolidated (*assimilables* for the purpose of French law) and form a single series with Notes issued before 1 March 2010 will not be subject to the withholding tax set out in Article 119 bis of the French *Code Général des Impôts* solely on account of their being paid in a Non-Cooperative State or accrued or paid to persons established or domiciled in a Non-Cooperative State.

Luxembourg Taxation

The following discussion contains a description of certain material Luxembourg income tax considerations that may be relevant to the purchase, ownership and disposal of Notes by a holder. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Luxembourg or elsewhere. Prospective purchasers of the Notes should consult their own tax advisers as to which countries’ tax laws could be relevant to acquiring, holding and disposing of the Notes and the consequences of such actions under the tax laws of Luxembourg. This summary is based upon tax laws of Luxembourg as in effect on the date of this Base Prospectus, which are subject to change, possibly with retroactive effect, and to differing interpretations. The information contained within this section is limited to taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

*The residence concept used in the headings below applies for Luxembourg income tax assessment purposes only. Any reference in the present section to a tax, duty, levy, impost or other charge or withholding of a similar nature refers only to Luxembourg tax law and/or concepts. Also, it should be noted that a reference to Luxembourg income tax generally encompasses corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*), a solidarity surcharge (*contribution au fonds pour l’emploi*), as well as personal income tax (*impôt sur le revenu*). Investors may further be subject to net wealth tax (*impôt sur la fortune*) as well as other duties, levies or taxes. Corporate income tax, municipal business tax as well as the solidarity surcharge invariably apply to most corporate taxpayers resident of Luxembourg for tax purposes. Individual taxpayers are generally subject to personal income tax and the solidarity surcharge. Under certain circumstances, where an individual taxpayer acts in the course of the management of a professional or business undertaking, municipal business tax may also apply.*

Withholding tax - Luxembourg non-residents

Under Luxembourg tax law currently in effect and subject to the application of the amended Luxembourg laws dated 21 June 2005 (the “**Laws**”) implementing the EU Savings Directive and several agreements concluded

between Luxembourg and certain dependent and associated territories of the European Union (Aruba, British Virgin Islands, Curacao, Guernsey, Isle of Man, Jersey, Montserrat and Sint Maarten) (the “**Territories**”), all payments of interest (including accrued but unpaid interest) made by the Issuer in the context of the holding, disposal, redemption or repurchase of the Notes, which are not profit sharing, can be free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law.

However, under the Laws, a Luxembourg-based paying agent (within the meaning of the EU Savings Directive) is required to withhold tax on interest and other similar income paid by it to (or under certain circumstances, to the benefit of) an individual resident Noteholders in another EU Member State or in one of the Territories, or to a residual entity in the sense of article 4.2 of the EU Savings Directive, (the “**Residual Entities**”, i.e., an entity (i) without legal personality, (ii) whose profits are not taxed under the general arrangements for the business taxation, (iii) that is not an undertaking for collective investment in transferable securities (a “**UCITS**”) recognised in accordance with Council Directive 2009/65/EC, resident or established in another EU Member State or in any of the Territories and (iv) which has not opted to be recognised as a UCITS for the purposes of the EU Savings Directive, unless the beneficiary of the interest payments elects for the procedure of exchange of information or the tax certificate procedure.

The withholding tax rate is currently 35 per cent. Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Noteholders should note that, on 20 March 2014, the European Council decided to pass amendments to the Savings Directive which will, inter alia, amend and broaden the scope of the EU Savings Directive to include (i) in general payments made through certain intermediate structures (whether or not established in a Member State) for the ultimate benefit of an EU resident individual, and (ii) a wider range of income similar to interest. On the same European Council meeting, Luxembourg confirmed that it will endorse the amendment to the Savings Directive and will provide the required information on interest payments to the tax authorities of other Member State of the EU under the automatic information exchange as of 1 January 2015 and will abolish the withholding tax system as it was announced by the Luxembourg government on 10 April 2013.

Withholding tax - Luxembourg residents

The terms “**interest**” used hereafter should have the same meaning as in the Laws.

According to the amended Luxembourg law of 23 December 2005 (the “**December 2005 Law**”), a 10 per cent. withholding tax has been introduced on payments of interest and other similar income made by Luxembourg paying agents (defined in the same way as in the Savings Directive) to (or for the benefit of) Luxembourg individual resident Noteholders or to certain Residual Entities that secure interest payments on behalf of such individuals. Income (including interest) from investment funds and from current accounts provided that the interest rate is not higher than 0.75 per cent. are exempt from the withholding tax. Furthermore, interest which is accrued once a year on savings accounts (short and long term) and which does not exceed €250 per person and per paying agent is exempted from the withholding tax.

Pursuant to the December 2005 Law, Luxembourg resident individuals can opt to self-declare and pay a 10 per cent. levy on interest payments made by paying agents (as such term is defined in the Savings Directive) located in an EU Member State other than Luxembourg, a Member State of the European Economic Area other than an EU Member State, or in a State or territory which has concluded an international agreement with Luxembourg directly related to the Savings Directive. In such case, the 10% levy is calculated on the same amounts as for the payments made by Luxembourg paying agents. The option for the 10% final levy must cover all interest payments made by paying agents to the beneficial owner during the entire civil year.

The 10 per cent. withholding tax as described above or the 10 per cent. levy are final when Luxembourg resident individuals are acting the context of the management of their private wealth.

Responsibility for the withholding of tax in application of the above mentioned the Laws and the December 2005 Law, as amended, is assumed by the Luxembourg paying agent within the meaning of these laws and not by the Issuer (unless the Issuer acts as a paying agent).

Income tax on principal, interest, gains on sales or redemption

Non-resident Noteholders

Noteholders who are non-residents of Luxembourg and who do not have a permanent establishment, a permanent representative or a fixed base of business in Luxembourg with which/whom the holding of the Notes is connected, will not be subject to taxes (income taxes and net wealth tax) or duties in Luxembourg with respect to payments of principal or interest (including accrued but unpaid interest), payments received upon redemption, repurchase or exchange of the Notes or capital gains realised upon disposal or repayment, in any form whatsoever, of the Notes.

Noteholders who are non-residents of Luxembourg but who are acting in the course of management of a professional or business undertaking, who have a permanent establishment, a permanent representative or a fixed base of business in Luxembourg to which/whom the Notes are attributable are subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes and on any gains realised upon the sale or disposal, in any form whatsoever, of the Notes.

Luxembourg resident corporate Noteholders

Luxembourg resident corporate Noteholders must include any interest received or accrued, as well as any gain realised on the disposal of the Notes, in their taxable income for Luxembourg income tax assessment purposes, or Noteholders who have a permanent establishment, a permanent representative or a fixed place of business in Luxembourg with which the holding of the Notes is connected, must for income tax purposes include any interest received or accrued as well as the difference between the sale or redemption price and the lower of the cost or book value of the Notes sold or redeemed in their taxable income for Luxembourg tax assessment purposes. They will not be liable for any Luxembourg income tax on repayment of principal.

Luxembourg resident corporate Noteholders which are companies benefiting from a special tax regime (such as family estate management companies subject to the amended law of 11 May 2007, undertakings for collective investment subject to the amended law of 17 December 2010 or specialised investment funds subject to the amended law of 13 February 2007) are tax exempt entities in Luxembourg, and are thus not subject to any Luxembourg tax (*i.e.* corporate income tax, municipal business tax and net wealth tax) other than the annual subscription tax calculated on their (paid-up) share capital (and share premium) or net asset value.

Luxembourg resident individual Noteholders

A resident individual Noteholder acting in the course of the management of a professional or business undertaking must include any interest accrued or received, any redemption premium or issue discount, as well as any gain realised on the sale or disposal, in any form whatsoever, of the Notes, in its taxable income for Luxembourg income tax assessment purposes. If applicable, the tax levied in accordance with the December 2005 Law will be credited against his/her final tax liability.

A resident individual Noteholder acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, accrued but unpaid interest in case of disposal of the Notes, redemption premiums or issue discounts under the Notes except if (i) the 10 per cent. final withholding tax has been levied on such payments in accordance with the December 2005 Law (ii) the individual Noteholder has opted for the application of a 10 per cent. levy in full discharge of income tax in accordance with the December 2005 Law which applies if a payment of interest has been made or ascribed by a paying agent established in a EU Member State (other than Luxembourg), or in a Member State of the European

Economic Area (other than a EU Member State), or in a State that has entered into a treaty with Luxembourg relating to the EU Savings Directive.

Under Luxembourg domestic tax law, Luxembourg resident individual Noteholders who acts in the course of the management of his/her private wealth, are not subject to taxation on capital gains upon the disposal of the Notes, unless the disposal of the Notes precedes the acquisition of the Notes or the Notes are disposed of within six months of the date of acquisition of these Notes. Upon a redemption of the Notes, individual Luxembourg resident Noteholders who act in the course of the management of their private wealth must however include the portion of the redemption price corresponding to accrued but unpaid interest in their taxable income insofar as the accrued but unpaid interest is indicated separately in the agreement.

Net wealth tax

Luxembourg net wealth tax will be levied on a Luxembourg resident Noteholder, as well as a non-resident Noteholder who has a permanent establishment, a permanent representative or a fixed place of business in Luxembourg to which the Notes are attributed, unless if the Noteholder is (i) a resident or non-resident individual taxpayer, (ii) an undertaking for collective investment subject to the amended law of 17 December 2010, (iii) a specialised investment fund governed by the amended law of 13 February 2007 (iv) a securitisation company governed by the amended law of 22 March 2004 on securitisation; (iii) the amended law of 15 June 2004 on the investment company in risk capital; or (iv) a family wealth management company governed by the amended law of 11 May 2007 on family estate management companies.

Luxembourg net wealth tax has been abolished for individual Noteholders as from the year 2006.

Other taxes

No stamp, registration, transfer or similar taxes or duties will be payable in Luxembourg by Noteholders in connection with the issue of the Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer or redemption of the Notes.

Where Noteholders resident in Luxembourg for tax purposes at the time of his/her death, the Notes are included in his/her taxable estate for inheritance tax assessment purposes. Noteholders not resident in Luxembourg at their time of death will not be subject to inheritance or other similar taxes in Luxembourg in respect of the Notes. Gift tax may be due on a gift or donation of the Notes, if the gift is recorded in a Luxembourg notarial deed or otherwise registered in Luxembourg.

Residence

Noteholders will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of holding, execution, performance, delivery, exchange and/or enforcement of the Notes.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") impose a new reporting regime and potentially a thirty (30) per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States Account" of the Issuer (a "**Recalcitrant Holder**"). The Issuer is classified as an FFI.

The new withholding regime will be phased in beginning 1 July 2014 for payments from sources within the United States and will apply to "foreign passthru payments" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "grandfathering date", which is the date that is six (6) months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "IGA"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes. The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and France have entered into an IGA based largely on the Model 1 IGA (the "**US-France IGA**").

The Issuer expects to be treated as a Reporting FI pursuant to the US-France IGA. However, no assurance can be given that the Issuer will be treated as a Reporting FI. If the Issuer becomes a Participating FFI under FATCA, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent and, to the extent applicable, the common depositary, given that each of the entities in the payment chain between the Bank and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive Notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and the US-France IGA, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 5 June 2014 (as amended or supplemented from time to time, the “**Dealer Agreement**”) between the Issuer, Banque Fédérative du Crédit Mutuel, BNP Paribas, Goldman Sachs International, HSBC Bank plc, J.P. Morgan Securities plc and The Royal Bank of Scotland plc (the “**Permanent Dealers**”) and BNP Paribas, as arranger of the Programme (the “**Arranger**”), the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (such dealers together with the Permanent Dealers, the “**Dealers**”). The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agent of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

United States

The Notes have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended, (the “**Securities Act**”) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (“**Regulation S**”).

Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meaning given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make of Notes which are the subject of the offering contemplated in this Base Prospectus (or the tranche prospectus, as the case may be) as completed by the Final Terms in relation thereto an offer to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (a) if the Final Terms specify that an offer of those Notes may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined under the Prospectus Directive;
- (c) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “**Prospectus Directive**” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State and the expression “**2010 PD Amending Directive**” means Directive 2010/73/EU.

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (the “**Financial Instruments and Exchange Act**”). Accordingly, each of the Dealers has represented, warranted and agreed and each further Dealer appointed under the Programme will be required to represent, warrant and agree that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to a resident of Japan or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the Financial Instruments and Exchange Act and other

“Notes rated [Aa] by Moody’s are judged to be of high quality and are subject to very low credit risk. The modifier 1 indicates that the note ranks in the higher end of its generic rating category.”

“As defined by Fitch an [AA] rating denotes a very low expectation of credit risk. It indicates a very strong capacity for timely payment of financial commitments. Such capacity is not significantly vulnerable to foreseeable events.”]
