

Euro 90,000,000,000

Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the “**Programme**”) described in this base prospectus (the “**Base Prospectus**”), Banque Fédérative du Crédit Mutuel (“**BFCM**” or the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes to be governed either by English law (the “**English Law Notes**”), by French law (the “**French Law Notes**”) or by the law of New South Wales, Australia (the “**Australian Law Notes**”) and, together with the English Law Notes and the French Law Notes, the “**Notes**”). The aggregate principal amount of Notes outstanding will not at any time exceed Euro 90,000,000,000 (or the equivalent in other currencies). This Base Prospectus supersedes and replaces the Base Prospectus dated 18 July 2023 and all supplements thereto.

Notes will be issued in one or more series (each a “**Series**”). Notes of each Series may be issued in one or more tranches (each a “**Tranche**”) on different issue dates (each an “**Issue Date**”) and on terms otherwise identical (except in relation to the interest commencement dates and certain other matters related thereto). Notes may be either senior (“**Senior Notes**”) or subordinated (“**Subordinated Notes**”). Senior Notes may be either senior preferred Notes (“**Senior Preferred Notes**”) or senior non-preferred Notes (“**Senior Non-Preferred Notes**”). The terms and conditions of the English Law Notes (the “**English Law Conditions**”) are set out herein in the section headed “*Terms and Conditions of the English Law Notes*” and the terms and conditions of the French Law Notes (the “**French Law Conditions**”) are set out herein in the section headed “*Terms and Conditions of the French Law Notes*” (the English Law Conditions and the French Law Conditions together, the “**Terms and Conditions**” or the “**Conditions**”, reference to a “**Condition**” being a reference to the numbered paragraphs in the English Law Conditions and/or the French Law Conditions, unless otherwise specified).

This Base Prospectus constitutes a base prospectus for the purpose of Article 8 of Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”). This Prospectus received the approval number 24-327 on 18 July 2024 from the *Autorité des marchés financiers* (the “**AMF**”) as competent authority under Prospectus Regulation and shall be in force for a period of one (1) year as of the date of its approval by the AMF. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake and material inaccuracy does not apply when this Base Prospectus is no longer valid. This Base Prospectus has been approved by the AMF in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the quality of the Notes that are subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application may be made, for the period of 12 months from the date of approval by the AMF of this Base Prospectus, for Notes issued under the Programme to be listed and admitted to trading on Euronext Paris, to be listed on the official list of the Luxembourg Stock Exchange (the “**Official List**”) and admitted to trading on the regulated market of the Luxembourg Stock Exchange (the “**Luxembourg Stock Exchange**”) and/or to the competent authority of any other Member State of the European Economic Area (“**EEA**”) for Notes issued under the Programme to be listed and admitted to trading on a Regulated Market (as defined below) in such Member State. Euronext Paris and the regulated market of the Luxembourg Stock Exchange are regulated markets for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended, appearing on the list of regulated markets published by the European Securities and Markets Authority (a “**Regulated Market**”). The relevant final terms (the “**Final Terms**”) (forms of which are contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading on a Regulated Market and, if so, the relevant Regulated Market.

The Australian Law Notes will not be admitted to trading or listed on any market or stock exchange and nor will they be offered to the public in any jurisdiction. The terms and conditions of, and the form of Final Terms with respect to, Australian Law Notes is contained in the Australian Law Deed Poll dated the date of this Base Prospectus (the “**Australian Law Deed Poll**”).

The Issuer may also issue Notes under the Programme for which no prospectus is required to be published under the Prospectus Regulation, including the Notes admitted to trading or listed on any market or stock exchange that is not a Regulated Market or unlisted Notes. The relevant Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading on any such market or stock exchange.

The approbation number no. 24-327 granted by the AMF on 18 July 2024 to this Base Prospectus is only applicable for English Law Notes and French Law Notes to be listed and admitted to trading on a Regulated Market and/or offered to the public in France and/or in the Grand Duchy of Luxembourg and/or any other Member State of the EEA, in which this Base Prospectus has been passported from time to time. It is not relevant for Australian Law Notes and Notes issued under the Programme for which no prospectus is required under the Prospectus Regulation, as such Notes will not be admitted to trading or listed on any Regulated Market, nor will they be offered to the public in any Member State of the EEA.

Neither this Base Prospectus nor any other disclosure document in relation to the Notes has been, or will be, lodged with the Australian Securities and Investments Commission. No action has been taken which would permit an offering of the Notes in circumstances that would require disclosure under Parts 6D.2 or 7.9 of the Corporations Act 2001 of Australia (“**Australian Corporations Act**”).

The Issuer is neither a bank nor an authorised deposit-taking institution which is authorised under the Banking Act 1959 of Australia (the “**Australian Banking Act**”). The Notes will not be the obligations of either the Australian Government or the French Government, nor of any other government and, in particular, the Notes will not be guaranteed by the Commonwealth of Australia or the Republic of France. The Issuer is not supervised by the Australian Prudential Regulation Authority. Notes that are offered for issue or sale or transferred in, or into, Australia are offered only in circumstances that would not require disclosure to investors under Parts 6D.2 or 7.9 of the Australian Corporations Act and issued and transferred in compliance with the terms of the exemption from compliance with section 66 of the Australian Banking Act that is available to the Issuer. Such Notes are issued or transferred in, or into, Australia in parcels of not less than A\$500,000 in aggregate principal amount. An investment in any Notes issued by the Issuer will not be covered by the depositor protection provisions in section 13A of the Australian Banking Act and will not be covered by the Australian Government’s bank deposit guarantee (also commonly referred to as the Financial Claims Scheme).

Notes will be in such denomination(s) as may be specified in the relevant Final Terms.

English Law Notes will be issued in bearer form. English Law Notes of each Tranche of each Series will initially be represented by a temporary global note in bearer form (each, a “**Temporary Global Note**”) or a permanent global note in bearer form (each, a “**Permanent Global Note**”) and, collectively with any Temporary Global Note, the “**Global Notes**”), each without interest coupons. Interests in a Temporary Global Note will be exchangeable, in whole or in part, for interests in a Permanent Global Note on or after the date being 40 days after the relevant Issue Date (subject to postponement as provided in the Temporary Global Note), upon certification as to non-U.S. beneficial ownership. If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“**NGN**” or “**New Global Note**”) form, they are intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original Issue Date of the relevant Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking S.A. (“**Clearstream**”). English Law Notes which are not issued in NGN form (“**Classic Global Notes**” or “**CGNs**”) will be deposited on the Issue Date of the relevant Tranche with a common depository on behalf of Euroclear and Clearstream or as otherwise agreed between the Issuer and the relevant Dealer (as defined

herein). The provisions governing the exchange of interests in Global Notes for other Global Notes and Definitive Notes (as defined herein) are described in “*Summary of Provisions relating to the English Law Notes while in Global Form*”.

French Law Notes may be issued in either dematerialised form (“**Dematerialised Notes**”) or materialised form (“**Materialised Notes**”). Materialised Notes will be in bearer form only and may only be issued outside France. Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes. Dematerialised Notes will be issued in either (i) bearer dematerialised form (*au porteur*) inscribed as from the relevant Issue Date in the books of Euroclear France (“**Euroclear France**”) as central depository which shall credit the accounts of Euroclear France Account Holders (as defined below) including Euroclear and the depository bank for Clearstream or (ii) registered form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either (x) administered registered form (*au nominatif administré*), in which case they will be inscribed in the accounts of the Euroclear France Account Holders designated by the relevant Noteholders or (y) fully registered form (*au nominatif pur*), in which case they will be inscribed in an account maintained by the Issuer or by the registration agent acting on behalf of the Issuer (the “**Registration Agent**”). “**Euroclear France Account Holder**” means any authorised intermediary institution entitled to hold directly or indirectly accounts on behalf of its customers with Euroclear France, and includes Euroclear and the depository bank for Clearstream. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in connection with French Law Notes issued as Materialised Notes. No interest will be payable on the Temporary Global Certificate. Such Temporary Global Certificate will be exchanged for Definitive Notes as described in “*Provisions relating to Temporary Global Certificates issued in respect of Materialised Notes*”. Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the relevant issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer. See “*Provisions relating to the Temporary Global Certificates issued in respect of Materialised Notes*”.

Australian Law Notes will be issued in dematerialised registered form only and no document of title will be issued in respect of them.

The long term Senior Preferred Notes of the Issuer have been assigned a rating of A+ by S&P Global Ratings Europe Limited (“**S&P**”), Aa3 by Moody’s France SAS (“**Moody’s**”) and AA- by Fitch Ratings Ireland Limited (“**Fitch Ratings**”). The Issuer’s long-term Issuer Credit Rating (ICR) is A+ by S&P. The Issuer’s long-term Issuer Default Rating (IDR) is A+ by Fitch Ratings. The Issuer’s long-term rating is Aa3 by Moody’s. S&P, Moody’s and Fitch Ratings are all established in the European Union and registered under Regulation (EC) No 1060/2009, as amended (the “**CRA Regulation**”) and are included in the list of credit rating agencies published on the website of the European Securities and Markets Authority (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>) in accordance with the CRA Regulation. The ratings issued by S&P, Moody’s and Fitch Ratings are, as the case may be, endorsed by a credit rating agency established in the UK and registered under the Regulation (EU) No 1060/2009, as amended as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**EUWA**”) (the “**UK CRA Regulation**”) or certified under the UK CRA Regulation. Tranches of Notes issued under the Programme may be unrated or rated differently from the current ratings of the Issuer. The rating of Notes (if any) will be specified in the relevant Final Terms. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Notes already issued. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation will be disclosed in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning credit rating agency without notice.

Prospective investors should have regard to the factors described under the section “Risk Factors” in this Base Prospectus before deciding to invest in the Notes issued under the Programme.

IMPORTANT – MiFID II PRODUCT GOVERNANCE / TARGET MARKET: *The Final Terms in respect of any Notes will, where applicable, include a legend entitled “MiFID II Product Governance” which will outline the determination of the type of clients in the context of the target market assessment in respect of such Notes, taking into account the five categories referred to in item 19 of the Guidelines published by ESMA on 3 August 2023, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending such Notes (a “distributor”) should take into consideration such determination; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the type of manufacturer’s target market assessment) and determining appropriate distribution channels.*

A determination will be made in relation to each issue about whether, for the purpose of the MiFID II Product Governance rules under Commission Delegated Directive (EU) 2017/593, as amended (the “MiFID II Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

IMPORTANT – UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – *The Final Terms in respect of any Notes may include, as the case may be, a legend entitled “UK MiFIR Product Governance” which will outline the determination of the type of clients in the context of the target market assessment in respect of such Notes, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.*

If any dealer falls within the scope of the UK MiFIR Product Governance Rules in relation to an issue of Notes, a determination will be made about whether, for the purpose of the UK MiFIR Product Governance Rules, such Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealer(s) nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

IMPORTANT – PRIIPS / PROHIBITION OF SALE TO EEA RETAIL INVESTORS: *If the relevant Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA”, the Notes are not intended to be offered, sold or otherwise made available to and, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a “retail investor” means a person who is one (or more) of the following: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (“MiFID II”); (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, the “IDD”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014, as amended (the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has or will have been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.*

IMPORTANT – PRIIPS / PROHIBITION OF SALE TO UK RETAIL INVESTORS – *If the relevant Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or more) of the following: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“EUWA”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000, as amended (the “FSMA”) and any rules or regulations made under the FSMA to implement the IDD, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation*

(EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restrictions. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of the Notes in the EEA and certain member states thereof (France and Belgium), the United Kingdom, Australia, Japan, the United States, the People’s Republic of China (“**PRC**”), Hong Kong and Singapore. See “Subscription and Sale” below.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States of America and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in the U.S Internal Revenue Code of 1986, as amended and regulations thereafter). For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see “Subscription and Sale”.

Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of any Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Base Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor. Unless otherwise specified in the Final Terms, pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

This Base Prospectus, containing or incorporating by reference all relevant information with regard to the Issuer and the Issuer and its subsidiaries and affiliates taken as a whole (the “**Group**”) as well as the Terms and Conditions of the English Law Notes and French Law Notes to be issued under the Programme together with (i) any supplements to this Base Prospectus from time to time (each, a “**Supplement**” and together the “**Supplements**”) and (ii) the relevant Final Terms issued in relation to each Tranche of English Law Notes and French Law Notes, constitutes a base prospectus for the purposes of Article 8 of the Prospectus Regulation. In relation to each separate issue of Notes, the final offer price and the amount of such Notes will be determined by the Issuer and the relevant Dealers at the time of the issue of the Notes and will be set out in the relevant Final Terms.

This Base Prospectus is to be read in conjunction with any document and/or information which is or may be incorporated herein by reference in accordance with Article 19 of the Prospectus Regulation, as described in “Documents Incorporated by Reference” below. This Base Prospectus shall be read and construed on the basis that such documents are so incorporated and form part of this Base Prospectus.

This Base Prospectus (together with all Supplements thereto from time to time) may only be used for the purposes for which it has been published.

No person has been authorised to give any information or to make any representation other than those contained or incorporated by reference in this Base Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer or any of the Dealers or the Arranger (as defined in “Subscription and Sale”). Neither the delivery of this Base Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that there has been no adverse change in the financial position of the Issuer or the Group since the date hereof or the date upon which this Base Prospectus has been most recently supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

Other than in relation to the documents which are deemed to be incorporated by reference (see “Documents Incorporated by Reference”), the information on the websites to which this Base Prospectus refers does not form part of this Base Prospectus and has not been scrutinised or approved by the AMF.

Suitability of investment

Each potential investor of the Notes must make its own determination of the suitability of any such investment, with particular reference to its own investment objectives and experience, and any other factors which may be relevant to it in connection with such investment, either alone or with the help of a legal, tax or financial adviser. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or in any applicable supplement;*
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation and the investment(s) it is considering, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;*
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for the principal or interest payments is different from the potential purchaser’s currency;*
- (iv) understand thoroughly the terms of the Notes and be familiar with the behaviour of any financial markets and of any financial variable which might have a negative impact on the return on the Notes; and*
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may adversely affect its investment and its ability to bear the applicable risks.*

Some Notes may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate additional risk to their overall portfolios. A potential investor should not invest in Notes unless it has the expertise (either alone or with the help of a financial, legal, tax and/or accounting adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor’s overall investment portfolio. Prospective purchasers should also consult their own tax advisers as to the tax consequences of the purchase, ownership and disposal of Notes.

Difference between the Notes and bank’s covered deposits in terms of yield, risk and liquidity.

Prior to acquiring any Notes, investors should note that there are a number of key differences between the Notes and bank deposits, including without limitation:

- (i) claims in relation to the payment of principal and interest under the Notes rank below claims under the so-called “covered deposits” (being deposits below EUR 100,000 threshold benefiting from the protection of the deposit guarantee scheme in accordance with Directive 2014/49/EU of the European Parliament and the Council of 16 April 2014, as amended);
- (ii) generally, demand deposits will be more liquid than financial instruments such as the Notes; and
- (iii) usually, the Notes will benefit from a higher yield than a covered deposit denominated in the same currency and having the same maturity. The higher yield usually results from the higher risk associated with the Notes.

Structured Notes

An investment in Notes, the interest on which is determined by reference to one or more values of interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting return on such Notes based on such interest rate or other indices or formulae will be less than that payable on a conventional debt security at the same time and/or that an investor may lose the value of its entire investment or part of it, as the case may be. Neither the current nor the historical value of the relevant interest rates or other indices or formulae should be taken as an indication of future performance interest rates or other indices or formulae during the term of any Notes.

Important notice relating to Green, Social or Sustainability Bonds

Notes may be issued as Green, Social or Sustainability Bonds. Prospective investors should have regard to the information set out in the “Use of Proceeds” section of the relevant Final Terms and must determine for themselves the relevance of such information for the purpose of any investment in the Green, Social or Sustainability Bonds together with any other investigation such investor deems necessary. In particular, no assurance is given by the Issuer, the Arranger or the Dealers that the use of such proceeds for any Eligible Loans will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws, investment policy or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental, sustainability or social impact of any projects or uses, the subject of or related to, any Eligible Loans or that any adverse environmental, social and/or other impacts will not occur during the implementation of any Eligible Loans.

A basis for the determination as to what constitutes, a “green”, “environmental” or sustainable” or an equivalently-labelled project has been established in the European Union with the publication in the Official Journal of the EU on 22 June 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the “**Sustainable Finance Taxonomy Regulation**”) on the establishment of a framework to facilitate sustainable investment (the “**EU Sustainable Finance Taxonomy**”) and its relevant delegated acts.

The Sustainable Finance Taxonomy Regulation establishes six environmental objectives: (i) climate change mitigation, (ii) climate change adaptation, (iii) the sustainable use and protection of water and marine resources, (iv) the transition to a circular economy, (v) pollution prevention and control and (vi) the protection and restoration of biodiversity and ecosystems. Under the Sustainable Finance Taxonomy Regulation, the European Commission has adopted delegated acts setting out the list of environmentally sustainable activities by defining technical screening criteria for each environmental objective or specifying the content, methodology and presentation of information to be disclosed by certain undertakings concerning environmentally sustainable economic activities.

In addition, on 20 December 2023, Regulation (EU) 2023/2631 of the European Parliament and of the Council of 22 November 2023 on European Green Bonds and optional disclosures for bonds marketed as environmentally sustainable and for sustainability-linked bonds was adopted and constitutes a new voluntary European green

bonds label for issuers of green use of proceeds (or an equivalent amount) bonds where the proceeds (or an equivalent amount) will be invested in economic activities aligned with the EU Sustainable Finance Taxonomy (the “EU Green Bond Standard”). The EU Green Bond Standard shall apply from 21 December 2024. It is not clear at this stage the impact that the European Green Bond Standard may have on investor demand for, and pricing of, green use of proceeds (or an equivalent amount) bonds that do not meet such standard.

In February 2022, the “Platform on Sustainable Finance”, which assists the European Commission in developing its sustainable finance policies, published a “Final Report on Social Taxonomy” which purports to determine whether and how a “social” taxonomy should be developed, albeit not committing the European Commission to the development of a “social” taxonomy.

However, as the EU Sustainable Finance Taxonomy remains subject to further implementation and the definition (legal, regulatory or otherwise) of, and market consensus for a particular project to be defined as, a “green”, “environmental” or sustainable” or an equivalently-labelled project is evolving, no assurance is or can be given to investors that any projects or uses the subject of, or related to, any eligible projects will meet any or all investor expectations regarding such “green”, “social” or “sustainable” or other equivalently-labelled performance objectives or that any adverse environmental, social and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any eligible projects.

No assurance or representation is given by the Issuer, the Arranger or the Dealers as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Green, Social or Sustainability Bonds and in particular with any Eligible Loans to fulfil any environmental, sustainability, social and/or other criteria. Any such opinion or certification is only current as of the date it was issued and the providers of such opinions and certifications are not currently subject to any specific oversight or regulatory or other regime. For the avoidance of doubt, the Green, Social or Sustainability Bond Framework and any such opinion or certification is not, nor shall be deemed to be, incorporated in and/or form part of this Base Prospectus.

Neither the Arranger nor the Dealers have undertaken, or are responsible for, any assessment of any environmental, sustainability, social and/or other criteria, any verification of whether the Green, Social or Sustainability Bonds meet any environmental, sustainability, social and/or other criteria or the monitoring of the use of proceeds, allocation of the proceeds (or amounts equal or equivalent thereto) by the Issuer to particular eligible green projects, eligible social projects or eligible sustainability projects required by prospective investors or the delivery or contest of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of the Green, Social or Sustainability Bonds.

Each prospective investor of the Green, Social or Sustainability Bonds should determine for itself the relevance of the information contained in this Base Prospectus and the relevant Final Terms regarding the use of proceeds and its purchase of the Green, Social or Sustainability Bonds should be based upon such investigation as it deems necessary. Investors should refer to the Issuer’s website, the Issuer’s relevant Green, Social and Sustainability Bond Framework, the Second Party Opinion (as defined in the “Use of Proceeds” section of this Base Prospectus), and any public reporting by or on behalf of the Issuer in respect of the application of the proceeds of any issue of Green, Social or Sustainability Bonds for further information. The Green, Social and Sustainability Bond Framework, the Second Party Opinion and/or any public reporting are not and will not be incorporated by reference in this Base Prospectus and no assurance or representation is given by any of the Dealers or the Arranger as to the content, suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) on the Green, Social or Sustainability Bond Framework. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Dealers or the Arranger, to buy, sell or hold any such Green, Social or Sustainability Bonds and would only be current as of the date it is released. None of the Arranger or the Dealers will verify or monitor the proposed use of proceeds of the Green, Social or Sustainability Bonds issued under the Programme.

Moreover, if the Green, Social or Sustainability Bonds were listed or admitted to trading on a specific segment of any stock exchange for Green, Social or Sustainability Bonds, or included in an index or indices, neither the Issuer

NOTIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 OF SINGAPORE (AS MODIFIED OR AMENDED FROM TIME TO TIME) – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the “SFA”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA) that, unless otherwise stated in the relevant Final Terms, all Notes issued or to be issued under the Programme shall be prescribed capital markets products as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore and “Excluded Investment Products” (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

This Base Prospectus does not constitute and may not be used in connection with, an offer, or an invitation to any person to whom it is unlawful to make such offer or invitation by or on behalf of the Issuer or the Dealers to subscribe for, or purchase, any Notes.

To the fullest extent permitted by law, none of the Dealers (other than Banque Fédérative du Crédit Mutuel in its capacity as Issuer) or the Arranger accept any responsibility for the contents of this Base Prospectus (including any documents incorporated by reference herein) or for any other statement, made or proposed to be made by the Arranger or a Dealer on its behalf in connection with the Issuer or the issue and offering of the Notes. The Arranger and each Dealer (other than Banque Fédérative du Crédit Mutuel in its capacity as Issuer) accordingly disclaims all and any liability whether arising in tort or contract (save as referred to below) which it might otherwise have in respect of this Base Prospectus or any such document or statement. Neither this Base Prospectus nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained or incorporated by reference in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers (other than Banque Fédérative du Crédit Mutuel in its capacity as Issuer) or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

In this Base Prospectus, unless otherwise specified or the context otherwise requires, references to “Euro” “euro” and “€” are to the single currency which was introduced in the participating member states of the European Union on 1st January 1999, references to “A\$”, “AUD” and “Australian Dollar” are to the lawful currency of Australia, references to “£”, “pounds sterling” and “Sterling” are to the lawful currency of the United Kingdom, references to “U.S.\$” “USD” and “dollars” are to the lawful currency of the United States of America and references to “CNY”, “RMB” and “Renminbi” are to the lawful currency of the People’s Republic of China.

As a result of leaving the European Union (the “EU”), the United Kingdom (the “UK”) is no longer bound by the provisions of Regulation (EU) No 1215/2012 (the “Brussels Recast”), a formal reciprocal regime between EU Member States on the allocation of jurisdiction and the mutual recognition and enforcement of Member State judgments in civil and commercial matters. It is also no longer a member of another convention on the allocation of jurisdiction and the mutual enforcement of judgments in civil and commercial matters, the Lugano Convention 2007 (the “Lugano Convention”). The EU, Switzerland, Iceland and Norway are members of the Lugano Convention. As a result, the Brussels Recast and the Lugano Convention regimes are no longer applied by English courts, save in relation to legacy cases. As a further consequence, English judgments are no longer recognised and enforced in the courts of Member States, including France, under these regimes, again, save for legacy cases.

The UK has applied to re-join the Lugano Convention. As of the date of this Base Prospectus, this application remains pending (although the Commission, acting on behalf of the EU as a party to the Lugano Convention, has indicated that it is not prepared to consent to the UK's readmission).

*On 1 January 2021, the UK re-joined the Hague Convention on Choice of Court Agreements 2005 (the "**Hague 2005**") to which EU has already been a party. Under the Hague 2005, English judgments issued by an English court pursuant to an exclusive jurisdiction clause entered into after 1 January 2021 can be recognised and enforced in EU states, subject to standard exceptions. It is generally considered that the Hague 2005 only covers exclusive jurisdiction clauses and resulting judgments.*

Where English judgments are not within the scope of the Hague 2005, it will be necessary to consider the applicable national law rules on jurisdiction and enforcement.

*In 2022, the EU ratified another convention dealing with the cross border enforcement of judgments, the Hague Convention of 2 July 2019 on Recognition and Enforcement of Judgments (the "**Hague 2019**") in Civil or Commercial Matters. On 12 January 2024, the UK signed the Hague 2019. Ratification is expected to take place once all the necessary implementing legislation and rules have been put in place to facilitate the convention's smooth operation in the UK. The Hague 2019 will provide a mechanism for the enforcement of a wide range of English civil and commercial judgments in the EU (and other contracting states). Currently the Hague 2019 has only been ratified by the EU, Ukraine and Uruguay (with the Hague 2019 to enter into force in Uruguay on 1 October 2024). The Hague 2019 has also been signed by Israel, Costa Rica, the Russian Federation and the United States but is not yet in force in those states. Although there are subject matter exclusions, the Hague 2019 covers a much wider range of judgments than the Hague 2005 and, importantly for investors, would cover judgments issued pursuant to asymmetric jurisdiction clauses.*

When the UK does ratify the Hague 2019, there will be a time lag in its application. The Hague 2019 would only apply to judgments where it was in force in both the state of origin and the state of enforcement when the proceedings leading to the judgment were initiated. Moreover, under the terms of the Hague 2019, once a country ratifies the convention, there is a 12 month period before it is deemed to come into force in relation to that country.

It is not entirely certain whether the provisions contained in Condition 16 of the Terms and Conditions of the English Law Notes fall within the scope of the Hague 2005. If the provisions contained in Condition 16 of the Terms and Conditions of the English Law Notes do not fall within the scope of the Hague 2005, a judgment obtained in the courts of England against the Issuer for a sum of money due in connection with the English Law Notes issued under the Programme will only be recognised by and enforceable in the French courts without re-examination or re-litigation of the matters adjudicated, through an action for exequatur brought before the competent French court. In this case, the said judgment would be recognised provided that the court is satisfied that the requirements developed by case law for the enforcement of foreign judgments in France are met, and in particular provided that:

- (a) the relevant judgment is enforceable in the courts of England;*
- (b) the dispute is clearly connected to the country in which such judgment has been rendered and the French courts did not have exclusive jurisdiction to hear the matter;*
- (c) the judgment is not contrary to French international public policy (ordre public international), both pertaining to the merits and to the procedure of the case;*
- (d) the judgment is not tainted with fraud; and*
- (e) the judgment does not conflict with a judgment of a French court or a foreign judgment which has become effective in France and there is no risk of conflict with proceedings pending before the French courts at the time enforcement of the judgment is sought and having the same or similar subject matter as such judgment.*

Potential investors in the Notes should be aware that, notwithstanding the existence of a convention for the reciprocal enforcement of judgments entered into between France and the United Kingdom dated 18 January 1934, there is currently no existing case law or judicial authorities to suggest that this convention would be applicable or could be relied upon to recognize a judgment obtained in the courts of England against the Issuer.

“**Disqualified Additional Tier 1 Notes**” means any deeply subordinated obligations of the Issuer and, where applicable, the Receipts and Coupons relating to them, issued on or after 28 December 2020 initially treated as additional tier 1 capital (as defined in Article 52 of the CRR) and which subsequently lost such treatment totally.

There is no negative pledge in respect of the Notes.

Without prejudice to the provisions of Condition 2 (*Status of the Notes*), in the context of a resolution, if any Bail-in or Loss Absorption Power were to be exercised (as further described in Condition 10

(*Acknowledgement of Bail-In and Loss Absorption Powers*)), and subject to certain exceptions, losses would in principle be borne first by the holders of capital instruments in the following order of priority: (i) holders of common equity tier 1 instruments, (ii) holders of additional tier 1 instruments, (iii) holders of tier 2 capital instruments (such as the Qualifying Subordinated Notes), (iv) holders of other subordinated debts other than capital instruments (such as Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes) then by the holders of bail-inable liabilities so that losses would in principle be borne first by holders of unsecured senior non-preferred debt instruments (such as the Senior Non-Preferred Notes) and then by holders of unsecured senior preferred debt instruments (such as the Senior Preferred Notes).

The length of the interest periods for the Notes and the applicable interest rate may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both, provided that in no event, will the relevant interest amount be less than zero. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

in each case as adjusted for any applicable margin.

(See Condition 3(d) (*Rate of Interest on Floating Rate Notes*))

- (ii) the non-revised harmonised index of consumer prices (excluding tobacco), or the relevant substitute index, measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “HICP”).

(See Condition 3(e) (*Rate of Interest on Inflation Linked Notes*))

Early Redemption of Senior Notes

Senior Notes may be redeemed (in whole but not part) at the option of the Issuer, at their Early Redemption Amount, upon the occurrence of a Withholding Tax Event, a Tax Gross-Up Event (See Condition 4(c) (*Redemption for Taxation Reasons*)) or (with respect to Senior Non-Preferred Notes or, if specified as applicable in the relevant Final Terms, with respect to Senior Preferred Notes) upon the occurrence of a MREL or TLAC Disqualification Event (see Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*)).

If specified as applicable in the relevant Final Terms, Senior Preferred Notes may be redeemed (in whole, but not in part) at the option of the Issuer, at any time, at their Make-Whole Redemption Amount (as further described in Condition 4(f) (*Make-Whole Redemption at the Option of the Issuer in the case of Senior Preferred Notes*)).

Early Redemption of Subordinated Notes

Subordinated Notes may be redeemed at the option of the Issuer upon the occurrence of a Withholding Tax Event, a Tax Gross-Up Event, a Tax Deduction Event, a Capital Event or (if specified as applicable in the relevant Final Terms) an MREL or TLAC Disqualification Event. (See Condition 4(l) (*Conditions to redemption prior to Maturity Date*))

in the case of Subordinated Notes), Condition 4(e) (*Redemption at the Option of the Issuer upon occurrence of a Capital Event or a Tax Deduction Event with respect to Subordinated Notes* and Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*)). Subordinated Notes redeemed, as the case may be, upon the occurrence of a Withholding Tax Event, a Tax Gross-Up Event or (if specified as applicable in the relevant Final Terms) an MREL or TLAC Disqualification Event shall be redeemed at their Early Redemption Amount and Subordinated Notes redeemed, as the case may be, upon the occurrence of a Tax Deduction Event or a Capital Event shall be redeemed at their Optional Redemption Amount, in each case, together with interest accrued to the date fixed for redemption.

Redemption at the Option of the Issuer in the case of any Notes

If specified in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives, redeem, in whole or, if so provided in the relevant Final Terms, in part the outstanding Notes on any Optional Redemption Date(s) as specified in the applicable Final Terms. Any such redemption of Notes shall be at their Optional Redemption Amount(s) specified in, or as determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s).

In the case of Subordinated Notes, no redemption at the option of the Issuer will be permitted before five (5) years after the Issue Date of such Subordinated Notes, except in accordance with the Relevant Rules.

In the case of Senior Non-Preferred Notes or, if MREL or TLAC Disqualification Event is specified as applicable in respect of a series of Senior Preferred Notes, in the case of such Senior Preferred Notes, no redemption at the Option of the Issuer will be permitted before one (1) year after the Issue Date of such Senior Non-Preferred Notes or such Senior Preferred Notes, except in accordance with the Relevant Rules.

(See Condition 4(g) (*Redemption at the Option of the Issuer in the case of any Notes*))

If specified as applicable in the relevant Final Terms, if 75 per cent. or any higher percentage specified in the relevant Final Terms of the initial aggregate nominal amount of the Notes of the same Series have been redeemed or purchased by, or on behalf of, the Issuer and cancelled, the Issuer may, at any time, at its option, redeem such outstanding Notes, in whole but not in part, at their Optional Redemption Amount (as further described in Condition 4(h) (*Clean-up Redemption Option of the Issuer*)).

Redemption at the Option of holders of Senior Preferred Notes

If specified in the relevant Final Terms, the Issuer shall, upon the Noteholder giving notice to the Issuer, at the option of the holder of any Senior Preferred Note, redeem such Senior Preferred Note on the Optional Redemption Date as specified in the applicable Final Terms at

its Optional Redemption Amount being the principal amount together with interest accrued to the date fixed for redemption.

Purchases and Cancellation

The Issuer or any of its subsidiaries may at any time purchase Notes at any price in the open market or otherwise, in accordance with applicable laws and regulations. (See Condition 4(j) (*Purchases*)). Such Notes so purchased may be cancelled.

Conditions to redemption prior to Maturity Date in the case of Senior Notes

Senior Notes may only be redeemed, purchased or cancelled, as the case may be, if the Relevant Regulator and/or the Relevant Resolution Authority has given its prior permission to such redemption or purchase or cancellation, to the extent required by the Relevant Rules (with respect to Senior Preferred Notes).

(See Condition 4(k) (*Conditions to redemption prior to Maturity Date in the case of Senior Notes*))

Conditions to redemption prior to Maturity Date in the case of Subordinated Notes

Subordinated Notes may only be redeemed, purchased or cancelled, as the case may be, subject to certain conditions, including but not limited, subject to the prior permission of Relevant Regulator.

(See Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*))

Zero Coupon Notes

The Optional Redemption Amount or the Early Redemption Amount with respect to Zero Coupon Notes are calculated according to the specific provisions of Condition 4(b)(A).

Redemption at the Fair Market Value Redemption Amount

If specified as applicable in the relevant Final Terms, certain Series of Notes may be redeemed at the Fair Market Value Redemption Amount.

Substitution and variation in respect of English Law Notes:

Substitution and variation of English Law Senior Notes

The Issuer may decide to substitute English Law Senior Notes or to vary their terms so that they become or remain Qualifying Senior Notes.

(see Condition 4(n) (*Substitution and Variation with respect to Subordinated Notes*) of the Terms and Conditions of the English Law Notes)

Substitution and variation of English Law Subordinated Notes

The Issuer may decide to substitute English Law Subordinated Notes or to vary their terms so that they become or remain Qualifying Tier 2 Notes.

(see Condition 4(o) (*Substitution and Variation with respect to Subordinated Notes*) of the Terms and Conditions of the English Law Notes)

Denomination(s) of Notes:

Notes will be issued in such denomination(s) as may be agreed between the Issuer and the relevant Dealer(s) as indicated in the relevant Final Terms save that the minimum denomination of each Note will be at least such amount as may be allowed or required from time to time by the relevant applicable laws or regulations.

Taxation:

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes, Receipts and Coupons, shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

Other than in relation to payments of principal in respect of the Notes, if French laws or regulations should require that payments of interest or other revenues in respect of the Notes and where applicable any related Receipts and Coupons be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts in respect of Notes and where applicable, any related Receipts and Coupons as shall result in receipt by the Noteholders, or, if applicable the Receiptholders or the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that under certain circumstances no such additional amounts shall be payable.

(See Condition 6(b) (*Additional Amounts*))

Negative Pledge:

The Terms and Conditions of the Notes do not contain a negative pledge provision.

Events of Default:

Senior Preferred Notes

Events of Default provisions shall apply in respect of any Tranche of Senior Preferred Notes unless the relevant Final Terms specify “No Event of Default”.

Events of default provisions include: (i) default in the payment of any principal or interest due under the Notes on their due date and such default continues for a period of 30 days or more after written notice thereof is received by the Issuer from the Fiscal Agent, (ii) the failure to perform or observe any obligations under the Notes, (iii) the issuance of a judgement for the judicial liquidation (*liquidation judiciaire*) or the transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer, or similar proceedings or (iv) sale, transfer or otherwise disposition of, directly or indirectly, the whole or a substantial part of

its undertaking or assets, or the entry into or commencement of any proceedings in furtherance of voluntary liquidation or dissolution.

Senior Non-Preferred Notes and Subordinated Notes

There are no events of default in respect of Senior Non-Preferred Notes or Subordinated Notes and Noteholders are not entitled in any event to require Senior Non-Preferred Notes or Subordinated Notes to be redeemed prior to their Maturity Date.

Nonetheless, when no Events of Default are applicable to the Notes, such Notes will only become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire or liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(See Condition 8 (*Events of Default*))

Waiver of Set-off:

Unless “Waiver of Set-off” is specified as not applicable in the relevant Final Terms, the Noteholders shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

(See Condition 11 (*Waiver of Set-off*))

Acknowledgement of Bail-In and Loss Absorption Powers:

By the acquisition of Notes, each holder of such Notes and, if applicable, any related Receipts and Coupons acknowledges, accepts, consents and agrees to be bound by the effect of the exercise of the Bail-in Power or Loss Absorption Power of the Relevant Resolution Authority.

(See Condition 10 (*Acknowledgment of Bail-In and Loss Absorption Powers*))

Ratings:

At the date of the Base Prospectus, the long term Senior Preferred Notes of the Issuer have been assigned a rating of A+ by S&P Global Ratings Europe Limited (“**S&P**”), Aa3 by Moody’s France SAS (“**Moody’s**”) and AA- by Fitch Ratings Ireland Limited (“**Fitch Ratings**”).

At the date of the Base Prospectus, the Issuer’s long-term Issuer Credit Rating (ICR) is A+ by S&P, the Issuer’s long-term Issuer Default Rating (IDR) is A+ by Fitch Ratings and the Issuer’s long-term rating is Aa3 by Moody’s.

S&P, Moody’s and Fitch Ratings are all established in the EU and registered under the CRA Regulation. S&P, Moody’s and Fitch Ratings are included in the list of credit rating agencies registered in accordance with the CRA Regulation published on the European Securities and Markets Authority’s website (<https://www.esma.europa.eu/credit-rating-agencies/cra-authorisation>). Tranches of Notes issued under the Programme may be unrated or rated differently from the current ratings of the Issuer. The rating of Notes (if any) will be specified in the relevant Final Terms. Where a Tranche of Notes is to be rated, such rating will

not necessarily be the same as the rating assigned to the Notes already issued. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under the CRA Regulation and/or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation (as defined below) or certified under the UK CRA Regulation will be disclosed in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning credit rating agency without notice.

The ratings issued by S&P, Moody's and Fitch Ratings are, as the case may be, endorsed by a credit rating agency established in the UK and registered under the Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the “**UK CRA Regulation**”) or certified under UK CRA Regulation.

Notes issued under the Programme may be admitted to trading on Euronext Paris or any Regulated Market in the EEA, as may be specified in the relevant Final Terms. The Issuer may also issue Notes under the programme for which no prospectus is required to be published under the Prospectus Regulation, including the Notes admitted to trading or listed on any market or stock exchange that is not a Regulated Market or unlisted Notes. The relevant Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be listed and admitted to trading on any such market or stock exchange

Method of Publication of this Base Prospectus and the relevant Final Terms:

This Base Prospectus, any supplement thereto and the Final Terms related to the Notes listed and admitted to trading on Euronext Paris or on any Regulated Market in the EEA will be published on the websites of the AMF (www.amf-france.org) and of the Issuer (www.bfcm.creditmutuel.fr).

Materialised Notes will be issued in compliance with U.S. Treasury Regulations §1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Internal Revenue Code of 1986, as amended (the "Code")) (the "D Rules") unless (i) the relevant Final Terms states that such Materialised Notes are issued in compliance with U.S. Treasury Regulations §1.163-5(c)(2)(i)(C) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code) (the "C Rules") or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("TEFRA"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

The TEFRA rules do not apply to any Dematerialised Notes.

**Issue Specific

RISK FACTORS

The Issuer believes that the following risk factors or, as the case may be, incorporated by reference, may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes issued under the Programme.

Risk factors which the Issuer believes are specific to the Issuer or the Group and/or the Notes and material for an informed investment decision with respect to investing in Notes issued under the Programme are also described below.

The Issuer believes that the risk factors described below or, as the case may be, incorporated by reference represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons. The Issuer makes no representation that the statements below regarding the risks of holding any Notes are exhaustive.

Prospective purchasers of Notes should consider carefully, in light of their financial circumstances and investment objectives, all of the information in this Base Prospectus in conjunction with the other information contained or incorporated by reference in the Base Prospectus, the risk factors set forth below and any Final Terms in making an investment decision.

In each sub-category below the Issuer sets out first the most material risk, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Words and expressions defined in the other sections of this Base Prospectus shall have the same meaning in this section, unless otherwise specified.

In this section, reference to a “Condition” is a reference to the numbered paragraphs in the English Law Conditions and/or the French Law Conditions, unless otherwise specified.

I. Risks relating to the Issuer and its operations

The risk factors relating to the Issuer and its operations which could adversely affect the Group’s profitability are set out on pages 380 to 389 of the 2023 URD (as defined in “*Documents Incorporated by Reference*”) and are incorporated by reference into this Base Prospectus, with the exception of the first sentence of paragraph (d) “*More difficult access to market refinancing*” of the risk factor 5.2.2.1 “*Liquidity risk*” set out in Chapter 5 “*Risks and Capital Adequacy – Pillar 3*” on pages 383 to 384 of the 2023 URD, which for the purposes of this Base Prospectus is replaced by the following:

“*More difficult access to market refinancing*”

A tense geopolitical or political context (including political tensions in France) and uncertainty in the financial sector may lead to the closure of the medium- and long-term refinancing market.”

II. Risks relating to the Notes

1. Risks for the Noteholders as creditors of the Issuer

1.1 The Notes may be subject to write-down or conversion to equity under European and French laws relating to bank recovery and resolution

The BRRD, as transposed into French law pursuant to the *Ordonnance*, and the SRM Regulation (each as defined in the section headed “*French and European regulatory frameworks*”) provide resolution authorities with write-down/conversion powers to ensure that capital instruments (including tier 2 instruments, such as the Subordinated Notes) and bail-inable liabilities (including other subordinated debts such as Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute Tier 2 Capital instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute

additional tier 1 instruments and senior debt instruments such as the Senior Non-Preferred Notes and Senior Preferred Notes, if junior instruments such as the Subordinated Notes, prove insufficient to absorb losses) absorb losses of the issuing institution that is subject to resolution in accordance with a set order of priority (the “**Bail-in Power**”) if the issuing institution or the group to which it belongs is deemed by the Relevant Resolution Authority to be at the point of non-viability.

Subject to certain exceptions, such Bail-in Power will be applied such that losses would be borne first by shareholders, then by holders of capital instruments (including Subordinated Notes qualifying as Tier 2 Capital instruments), then by holders of subordinated debt instruments (such as Disqualified Subordinated Notes), then by holders of senior non-preferred debt instruments (such as the Senior Non-Preferred Notes), then by holders of senior preferred debt instruments (such as the Senior Preferred Notes) and depositors of the Issuer (other than in respect of covered deposits and eligible deposits of natural persons and of small and medium-sized enterprises) which rank *pari passu* with holders of senior preferred debt instruments and then finally by depositors, in accordance with the order of claims provided by Article L.613-30-3 of the French *Code monétaire et financier*.

In April 2023, the European Commission released a proposal to amend the BRRD according to which senior preferred debt instruments (such as Senior Preferred Notes) would no longer rank *pari passu* with any non-covered non-preferred deposits of the Issuer; instead, senior preferred debt instruments (such as Senior Preferred Notes) would rank junior in right of payment to the claims of all depositors. This proposal is still subject to further discussions. If the European Commission proposal is adopted as is, its implementation may increase the risk of an investor in Senior Preferred Notes losing all or some of its investment in the context of the exercise of the Bail-in Power. The proposal may also lead to a rating downgrade for senior preferred debt instruments (such as Senior Preferred Notes). See “– *Risks related to the market for the Notes and credit ratings – Credit ratings may not reflect all the risks associated with the investment in the Notes and the ratings reduction may result in a reduction in the trading value of the Notes*” for further information on credit ratings.

The Resolution Authority may also, independently of a resolution measure or in combination with a resolution measure, fully or partially write down or convert capital instruments (including subordinated debt instruments such as the Subordinated Notes) into ordinary shares or other instruments of ownership, if certain conditions are met. Condition 10 of the Terms and Conditions of the Notes (*Acknowledgement of Bail-In and Loss Absorption Powers*) contains provisions giving effect to the Bail-in Power in the context of resolution and write-down or conversion of capital instruments at the point of non-viability.

The Bail-in Power could result in the full (i.e., to zero) or partial write-down or conversion into ordinary shares or other instruments of ownership of the Notes, or, to the extent permitted by applicable law, the variation of the terms of the Notes (for example, the maturity and/or interest payable may be altered and/or a temporary suspension of payments may be ordered). In exceptional circumstances, where the Bail-In Power is applied, the Resolution Authority may, pursuant to Article 44(3) of the BRRD, exclude, in full or in part, certain liabilities from the application of the write-down or conversions powers and, as a consequence, certain investors having the same rank in the hierarchy of claims may not be treated equally in the resolution procedure. The exercise of any of these powers may adversely affect the rights of Noteholders and Noteholders may lose all or some of their investment in the Notes.

The exercise of the Bail-in Power by the Relevant Resolution Authority depends on certain factors and will be outside of the Issuer’s control. In addition, as the Relevant Resolution Authority retains an element of discretion and may exercise any of its powers without prior notice to the holders of any securities, Noteholders may not be able to refer to publicly available criteria in order to anticipate any potential exercise of any such Bail-in Power or the way in which the Relevant Resolution Authority will conduct a resolution procedure.

In addition, the BRRD and the SRM provide that the resolution authorities must exercise the write-down of capital instruments or the conversion into common equity tier 1 instruments of additional tier 1 instruments and tier 2 instruments (such as the Qualifying Subordinated Notes) if the institution has not yet been placed in resolution but any of the following conditions are met: (i) where the determination has been made that conditions for

resolution have been met, before any resolution action is taken, (ii) the appropriate authority determines that unless that power is exercised in relation to the relevant capital instruments, the institution or the group will no longer be viable or (iii) extraordinary public financial support is required by the institution. Moreover, national governmental authorities may adopt restructuring measures which may include the full or partial write-down or conversion into equity of capital instruments (such as the Qualifying Subordinated Notes) outside of resolution (i.e. outside of the BRRD framework) under the European Commission's State Aid framework if the institution requires exceptional public financial support.

Any failure by the Issuer and/or the MREL Group (as defined in the Terms and Conditions of the Notes) to comply with its MREL requirements may have a material adverse effect on the Issuer's or the Crédit Mutuel Group's business, financial conditions and results of operations and could result, among other things, in the imposition of restrictions on payments by the Issuer.

In addition, the application of any measure under the BRRD and BRRD II French implementing provisions or any suggestion of such application with respect to the Issuer and Crédit Mutuel Group could, with respect to capital instruments such as the Subordinated Notes (so long as they constitute Tier Capital 2 instruments fully or partially) and bail-inable liabilities (including other subordinated obligations, such as Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute Tier 2 Capital instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute additional tier 1 instruments), materially adversely affect the rights of Noteholders, the price or value of an investment in the Notes and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result, Noteholders may lose their entire investment.

The existence of the Bail-in Power or the exercise of write-down/conversion powers or any other resolution tools by the Resolution Authority independently of a resolution measure or in combination with a resolution measure when it determines that the institution or its group will no longer be viable could cause the market price or value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Therefore, the application of any measure under the BRRD and BRRD II French implementing provisions or under the SRM Regulation or any suggestion of such application to the Issuer and/or the Crédit Mutuel Group could materially and adversely affect the rights of Noteholders and/or the price or value of their investment in any Notes and/or the ability of the Issuer to satisfy its obligations under any Notes, and as a result Noteholders may lose their entire investment. These risks apply equally to Green, Social or Sustainability Bonds issued under the Programme.

1.2 Noteholders' returns may be limited or delayed by the insolvency of the Issuer

The Issuer is a *société anonyme* with its corporate seat in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848 or, where applicable, Article R.600-1 of the French *Code de commerce*, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132, has been transposed into French law by the Ordonnance 2021-1193 dated 15 September 2021 (the "**2021 Ordonnance**"). The 2021 Ordonnance, applicable as from 1 October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans in the event of a safeguard procedure (*procédure de sauvegarde*), an accelerated safeguard procedure (*procédure de sauvegarde accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) with a view to restructure the Issuer's indebtedness being opened in France with respect to the Issuer and the Crédit Mutuel Group.

The draft safeguard plan (*plan de sauvegarde*) or accelerated safeguard plan (*plan de sauvegarde accélérée*) prepared by the relevant debtor, with the assistance of the court-appointed administrator, is submitted to the vote

(at a two-third majority in value) of each class of affected parties. Such affected parties cannot propose their own competing plan in safeguard or accelerated safeguard procedures (as opposed to judicial reorganisation proceedings).

In this event, the Noteholders shall be treated as “affected parties” to the extent their rights are impacted by the draft plan and assigned to a class of affected parties. The “affected parties” (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or rights that reflect a sufficient commonality of economic interest based on objective and verifiable criteria.

Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a cross-class cram down.

Both the scopes of the Directive (EU) 2019/1023 and the 2021 Ordonnance do not cover financial institutions, unless the competent authority chooses to make them applicable. In such a case, the application of French insolvency law to a credit institution as the Issuer is also subject to the prior permission of the *Autorité de contrôle prudentiel et de résolution* before the opening of any safeguard, judicial reorganisation or judicial liquidation (*liquidation judiciaire*) procedures. This limitation could have a material adverse effect on the ability of the Noteholders to recover their investments in the Notes.

Should such proceedings be opened, the commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. As a consequence, any decisions taken by a class of affected parties could negatively and significantly impact the Noteholders and, depending on decisions, cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

1.3 The Terms and Conditions of the Notes may contain a waiver of set-off rights

In Condition 11 (*Waiver of Set-Off*), unless “Waiver of Set-off” is specified as not applicable in the relevant Final Terms, the holders of Notes and, where applicable, any related Receipt and/or Coupon waive any right of or claims of set-off, netting, compensation, retention and counterclaim (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to the Notes, and where applicable, any related Receipts and/or Coupons) in relation to the Notes, and where applicable, any related Receipts and/or Coupons, to the extent permitted by applicable law.

As a result, Noteholders may not at any time be able to set-off the Issuer’s obligations under the Notes against obligations owed by them to the Issuer, and more generally to exercise or claim any set-off right.

2. Risks related to the market for the Notes and credit ratings

2.1 Market value of the Notes

The value of the Notes will be affected by the creditworthiness and/or the credit ratings of the Issuer, as well as a number of interrelated factors such as economic, financial, regulatory and political conditions and, to varying degrees, interest rates, yield rates, currency exchange rates and inflation rates in other European and industrialised countries and the time remaining to the Maturity Date.

The value of the Notes also depends on the stock exchanges (if any) on which the Notes are or may be traded.

Certain events in France, Europe or elsewhere may cause market volatility and such volatility may adversely affect the price of Notes. Consequently, the Noteholders may lose part of their investment in the Notes.

The market value of the Subordinated Notes could also be adversely impacted by any write-down of or similar event relating to capital instruments of other issuers and their respective groups. While under the resolution

framework in the European Union, common equity instruments are the first ones to absorb losses, and only after their full use would additional tier 1 capital instruments be required to be converted or written down, any future announcement of a write-down of subordinated notes or other capital instruments of a financial institution whether in a European Member State or elsewhere, and whether or not in connection with a resolution proceeding (particularly, in the latter case, if the ordinary hierarchy of creditors is not respected), could have a significant adverse impact on the market value of the Subordinated Notes, regardless of whether a similar situation would be dictated by the Terms and Conditions of the Subordinated Notes.

2.2 A trading market for the Notes may not develop or continue

An active trading market for the Notes may not develop, or, if one does develop, such market may not be maintained. The liquidity and the value of the Notes can be expected to vary with changes in market and economic conditions, Issuer's creditworthiness and/or the credit ratings and other factors that generally influence the market prices of securities. Therefore, Noteholders may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Although the relevant Final Terms may provide that application is made for a Series of Notes issued under the Programme to be listed and admitted to trading on any regulated market and/or on any stock exchange, such particular application may not be accepted, such Series of Notes may not be so admitted or an active trading market in respect of such Series may not develop or, once accepted and/or admitted, such admission and/or listing may be suspended or terminated during the life of the Notes of such Series. If an active trading market for the Notes does not develop or is not maintained, the market or trading price and liquidity of the Notes may be adversely affected. Such situation could materially affect the market value of the Notes.

The Issuer is entitled to issue further Notes, as described in Condition 13 (*Further Issues and Consolidation*). Such transactions may adversely affect the price development of the Notes. If additional and competing products are introduced in the markets, this may adversely affect the value of the Notes.

2.3 Credit ratings may not reflect all the risks associated with the investment in the Notes and the ratings reduction may result in a reduction in the trading value of the Notes

As of the date of this Base Prospectus, the long term Senior Preferred Notes of the Issuer have been assigned a rating of A+ by S&P, Aa3 by Moody's and AA- by Fitch Ratings.

As of the date of this Base Prospectus, the Issuer's long-term Issuer Credit Rating (ICR) is A+ by S&P, the Issuer's long-term Issuer Default Rating (IDR) is A+ by Fitch Ratings and the Issuer's long-term rating is Aa3 by Moody's.

An issue of Notes may be rated by S&P, Moody's and/or Fitch Ratings.

If any rating assigned to the Issuer, the Programme and/or the Notes is revised, lowered, suspended, withdrawn or not maintained by the Issuer, this may adversely affect the market value of the Notes. Further, independent credit rating agencies (such as Moody's, S&P and Fitch Ratings) may assign unsolicited ratings to the Notes. If non-solicited ratings are assigned, such ratings may differ from, or be lower than, the ratings sought by the Issuer which may also adversely affect the market value of the Notes. Ratings are not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the credit rating agencies at any time and may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and other factors.

2.4 Changes in exchange rates and exchange controls could result in a substantial loss

The Issuer will pay principal and interest on the Notes the Specified Currency. This presents certain risks relating to currency conversions if the purchaser's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to the devaluation of the Specified Currency or revaluation of Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the purchaser's currency relative to the Specified

Currency would decrease (a) the purchaser's currency-equivalent yield on the Notes, (b) the purchaser's currency-equivalent value of the principal payable on the Notes and (c) the purchaser's currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could affect an applicable exchange rate. As a result, Noteholders may receive less interest or principal than expected as measured in the Investor's Currency.

3. Risks related to the structure and features of a particular issue of Notes

3.1 Risks related to the features, status and eligibility of a particular issue of Notes

3.1.1 The Issuer is not prohibited from incurring further indebtedness, which may rank senior to, or pari passu with, Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes

There is no restriction in the Terms and Conditions of the Notes on the amount of indebtedness that the Issuer may incur that ranks senior to, or pari passu with, Senior Preferred Notes, Senior Non-Preferred Notes or, as the case may be, Subordinated Notes and the aggregate amount due under such outstanding debt may be substantial.

The Issuer's incurrence of additional debt may have important consequences for Noteholders in the Notes, including increasing the risk of the Issuer's inability to satisfy its obligations with respect to the Notes, a loss in the market value of the Notes, if any; and a downgrading or withdrawal of the credit rating of the Notes (if any)

The incurrence of any such additional indebtedness may also reduce the amount recoverable by Noteholders in respect of any such Notes upon the Issuer's bankruptcy. If the Issuer's financial condition were to deteriorate, the relevant Noteholders could suffer direct and materially adverse consequences, including suspension of interest and reduction of interest and principal and, if the Issuer were liquidated, the relevant Noteholders could suffer loss of their entire investment.

3.1.2 Absence of, or limited, events of default in respect of the Notes, no cross default or cross acceleration under the Notes

Unless the relevant Final Terms specify that no event of default shall be applicable in respect of a Tranche of Senior Preferred Notes, such Senior Preferred Notes may become due and payable at their principal amount together with any accrued interest thereon following the occurrence of an event of default in respect of the Senior Preferred Notes. Senior Non-Preferred Notes and Subordinated Notes do not contain any events of default.

When Condition 8 (*Events of Default*) applies to the Notes, the Noteholders may only give notice that such Notes are immediately due and repayable in a limited number of events of default. Such events of default do not include, for example, a cross-default or cross-acceleration of the Issuer's other debt obligations or failure by the Issuer to apply the net proceeds of the Notes for any Eligible Loans (see risk factor 3.1.6 "*Risks relating to Green, Social or Sustainability Bonds*").

When Condition 8 (*Events of Default*) does not apply to the Notes, the Noteholders will not be able to accelerate the maturity of such Notes. Accordingly, if the Issuer fails to meet any obligations under such Notes, Noteholders will not have the right to accelerate payment of principal. Upon a payment default, the sole remedy available to Noteholders and, where applicable, holders of any related Receipts and Coupons for recovery of amounts owing in respect of any payment of principal or interest on the Notes will be the institution of judicial proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. For the avoidance of doubt, this applies to any Green, Social or Sustainability Bonds issued as Tier 2 Capital or eligible liabilities in the same manner.

Therefore, when only limited Events of Default are applicable or no Events of Default are applicable, the liquidity and market value of the Notes may be adversely affected and Noteholders who sell Notes on the secondary market could lose all or part of their investment if the Crédit Mutuel Group or the Issuer faces financial difficulties or, as

the case may be, if the Issuer fails to meet any obligations under such Notes.

3.1.3 Subordinated Notes constitute subordinated obligations ranking junior to the Senior Notes and or Disqualified Subordinated Notes

Subordinated Notes are issued pursuant to the provisions of Article L.228-97 of the French *Code de commerce*. The Issuer's obligations under the Subordinated Notes and any related Receipts and Coupons are unsecured and subordinated and will rank junior in priority of payment to all creditors benefiting from a higher ranking (including depositors) of the Issuer including holders of Senior Notes, holders of Disqualified Subordinated Notes and holders of Disqualified Additional Tier 1 Notes, as more fully described in Condition 2(b) (*Status of Subordinated Notes*).

In the event of the liquidation of the Issuer or any bankruptcy proceedings or other similar proceedings affecting the Issuer, the rights to payment of the holders of the Subordinated Notes and any related Receipts or Coupons will be subordinated to the payment in full of present and future creditors benefiting from a higher ranking, including those referred to above; and, subject to such payment in full, holders of the Subordinated Notes and any related Receipts or Coupons will be paid in priority to any *prêts participatifs* granted to the Issuer, any *titres participatifs* issued by it and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées", i.e., engagements subordonnés de dernier rang*). Consequently, the risk of non-payment for the Subordinated Notes which are recognized as capital instruments could be increased.

In the event of incomplete payment of creditors benefiting from a higher ranking than the holders of Subordinated Notes in case of a liquidation or bankruptcy of the Issuer, the obligations of the Issuer under the Subordinated Notes and any related Receipts or Coupons will be terminated by operation of law and Noteholders will lose their investment in the Subordinated Notes.

Holders of Subordinated Notes and any such Receipts or Coupons will be responsible for taking all steps necessary for the orderly accomplishment of any collective proceedings or voluntary liquidation in relation to any claims they may have against the Issuer (see also the last paragraph of Condition 2(b) (*Status of the Notes*)).

Subordinated Noteholders face an increased risk compared to holders of Senior Notes. There is a substantial risk that Noteholders in the Subordinated Notes could lose all or some of their investment should the Issuer become subject to a resolution procedure or insolvent.

3.1.4 Senior Non-Preferred Notes constitute obligations ranking junior to the Senior Preferred Notes

Senior Non-Preferred Notes including, where applicable, any, related Receipts and Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as senior non-preferred obligations (as provided for in Article L. 613-30-3-I-4° of the French *Code monétaire et financier*) and therefore will rank junior in priority of payment to the senior preferred obligations of the Issuer (including the Senior Preferred Notes), as more fully described in Condition 2(a)(ii) ("*Status of the Senior Non-Preferred Notes*").

In the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes including, where applicable, any related Receipts and Coupons, shall be subordinated to the payment in full of all present or future senior preferred creditors and holders of, or creditors in respect of, senior preferred obligations (within the meaning of Article L. 613-30-3-I-3° of the French *Code monétaire et financier*) expressed by their terms to rank in priority to the Senior Non-Preferred Notes (collectively, "**Senior Preferred Creditors**").

Subject to such payment in full, holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any subordinated obligations of the Issuer and any obligations ranking junior to subordinated obligations.

In the event of incomplete payment of Senior Preferred Creditors, the obligations of the Issuer in connection with the Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated and

holders of Senior Non-Preferred Notes may lose all of their investment.

The holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

As a consequence, holders of the Senior Non-Preferred Notes bear significantly more risk than holders of senior preferred obligations (such as the Senior Preferred Notes), could lose all or some of their investment should the Issuer become subject to a resolution procedure or insolvent.

3.1.5 Green, Social and Sustainable Bonds remain subject to bail-in and other regulatory requirements

Notes constituting Tier 2 Capital or eligible liabilities under MREL may also be Green, Social or Sustainable Bonds. Green, Social or Sustainability Bonds will be subject to the bail-in tool and to write down and conversion powers, and in general to the powers that may be exercised by the Relevant Resolution Authority, to the same extent and with the same ranking as any other Note which is not a Green, Social or Sustainability Bond (see "*Risks related to the structure and features of a particular issue of Notes – Risks relating to Green, Social or Sustainability Bonds*").

Likewise, Green, Social and Sustainability Bonds, as any other Notes, will be fully subject to the application of CRR eligibility criteria and BRRD requirements for own funds and eligible liabilities instruments and, as such, proceeds from Green, Social or Sustainability Bonds qualifying as own funds or eligible liabilities should cover all losses in the balance sheet of the Issuer regardless of their "green", "social" or "sustainable" label. Additionally, their labelling as Green, Social or Sustainability Bonds (i) will not affect the regulatory treatment of such Notes as Tier 2 Capital or eligible liabilities for the purposes of MREL (as applicable), if such Notes are also Subordinated Notes, Senior Non-Preferred Notes or Senior Preferred Notes eligible to comply with MREL requirements; and (ii) will not have any impact on their status as indicated in the Terms and Conditions of the Notes.

3.1.6 Risks relating to Green, Social or Sustainability Bonds

The Final Terms relating to Green, Social or Sustainability Bonds will provide that it will be the Issuer's intention to apply an amount equal to the net proceeds of the issue of those Notes to Eligible Loans of the Issuer (as defined in the "*Use of Proceeds*" below and further described in the Issuer's Green, Social or Sustainability Bond Framework (as amended and supplemented from time to time)).

The Issuer will apply processes for project evaluation and selection, management of proceeds and reporting consistent with guidelines published by the International Capital Markets Association set out in the GBP, the SBP and the SBG (all as defined in the "*Use of Proceeds*" below).

Vigeo Eiris has been appointed to provide a Second Party Opinion on the Green, Social or Sustainability Bond Framework, assessing the environmental and social added value of the Green, Social or Sustainability Bond Framework and its alignment with the Green Bond Principles 2021 (the "**GBP**") and the Social Bond Principles 2021 (the "**SBP**"), each published by the International Capital Markets Association in its 2018 edition and updated in 2021.

However, it should be noted that the definition (legal, regulatory or otherwise) of, or market consensus as to what constitutes or may be classified as, a "green", "environmental" or sustainable" or an equivalently-labelled project or investment that may finance such project is evolving. Therefore, there is no certainty as to what precise attributes are required for a particular project to be defined as "green", "environmental" or "sustainable" or such other equivalent label and, if developed in the future, the Green, Social or Sustainability Bonds may not comply with any such definition or label.

Additionally, while it is the intention of the Issuer to apply the amount equal to the net proceeds of the Green, Social or Sustainability Bonds in, or substantially in, the manner described in "*Use of Proceeds*" section of this

Base Prospectus as completed or specified in the relevant Final Terms, for reasons outside the Issuer's control, the projects financed by the Eligible Loans might not be completed within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer or, for reasons outside the Issuer's control, adverse environmental, social and/or other impacts could occur during the implementation of the projects financed by the Eligible Loans.

Any such event or failure by the Issuer to apply the net proceeds of any issue of Green, Social or Sustainability Bonds for any Eligible Loans for reasons outside the Issuer's control or to obtain and publish any such reports, assessments, opinions and certifications (for instance, necessary reports of the Issuer's borrowers in relation to the underlying Eligible Loans) or the fact that the maturity of an eligible green or social asset or project may not match the minimum duration of any Green, Social or Sustainability Bonds for reasons outside the Issuer's control will not (i) constitute an Event of Default under the Green, Social or Sustainability Bonds or a default of the Issuer for any purpose, (ii) give rise to any other claim or right (including, for the avoidance of doubt, the right to accelerate the Notes) of a Noteholder against the Issuer, (iii) lead to an obligation of the Issuer to redeem the Green, Social or Sustainability Bonds or be a relevant factor for the Issuer in determining whether or not to exercise any optional redemption rights in respect of any Notes or (iv) affect the regulatory treatment of the Green, Social or Sustainability Bonds as Tier 2 Capital or eligible liabilities for the purposes of MREL, if such Notes are also Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, as the case may be, eligible to comply with MREL requirements (see "*Risks related to the structure and features of a particular issue of Notes – Green, Social and Sustainable Bonds remain subject to bail-in and other regulatory requirements*"). For the avoidance of doubt, payments of principal and interest (as the case may be) on the relevant Green, Social or Sustainability Bonds shall not depend on the performance of the relevant project nor have any preferred right against such assets.

Any such event or failure and/or withdrawal of any opinion or certification may have a material adverse effect on the value, liquidity and marketability of the Green, Social or Sustainability Bonds and/or result in adverse consequences for Noteholders with portfolio mandates to invest in securities to be used for a particular purpose.

Moreover, the allocation reporting will be available to investors solely once per year and will only produce the total amount allocated to the various categories of projects included in the Eligible Loans. Thus, investors will not have exhaustive visibility on the projects included in the Eligible Loans. Any failure to use the net proceeds from such Notes on projects included in the Eligible Loans or to meet or continue to meet the investment requirements of certain environmentally, socially or sustainably focused investors with respect to such Notes may affect the value of the Notes and/or may have consequences for certain investors with portfolio mandates to invest in green, social and/or sustainable assets and consequently, Noteholders could be adversely affected.

3.1.7 Modification of the Terms and Conditions of the Notes

Condition 9 (*Meetings of Noteholders and Modifications*) contains provisions for the calling of meetings of Noteholders or consulting them by way of Written Resolutions to consider matters affecting their interests generally (it being specified that if the relevant Final Terms in respect of a series of French Law Notes specify "*No Masse*", Noteholders will not be grouped in a *masse* having legal personality governed by the provisions of the French Code de commerce and will not be represented by a representative of the *Masse*), including the modification of such Terms and Conditions of the Notes.

Those provisions permit according to certain defined majority rules to bind all Noteholders, including (i) Noteholders who did not attend or vote at the relevant meeting, (ii) Noteholders who voted in a manner contrary to the relevant majority or (iii) with respect to a Written Resolution, Noteholders who did not respond to, or rejected the relevant Written Resolution.

Certain decisions of the general meeting of the Noteholders or certain Written Resolutions could amend the Terms and Conditions of the relevant Notes in a manner which could impair or limit the rights of the Noteholders, which may have a negative impact on the market value of the Notes.

3.1.8 Substitution and variation of any English law-governed Notes without Noteholder consent

With respect to a Series of English law-governed Notes, subject as provided herein, in particular to the provisions of Condition 4(n) (*Substitution and Variation with respect to Senior Notes*) of the English Law Conditions or, as the case may be, the last paragraph of Condition 4(o) (*Substitution and Variation with respect to Subordinated Notes*) of the English Law Conditions, in the event that a MREL or TLAC Disqualification Event (if specified as applicable in the relevant Final Terms in respect of a relevant Tranche of Senior Preferred Notes or Subordinated Notes), Withholding Tax Event, Tax Gross-Up Event or Special Event (in respect of Subordinated Notes), occurs and is continuing in respect of such a Series of Notes or in order to ensure the effectiveness and enforceability of Condition 10 (*Acknowledgement of Bail-In and Write-Down or Conversion Powers*), the Issuer may, at its option and without the consent or approval of the holders of such Notes including, where applicable, any related Receipts and/or Coupons, elect either to (i) substitute all (but not some only) of such Series of Notes or (ii) vary the terms of all (but not some only) of such Series of Notes, so that they become or remain Qualifying Senior Notes or, as the case may be, Qualifying Tier 2 Notes.

Due to the particular circumstances of each Noteholder, any Qualifying Senior Notes or Qualifying Tier 2 Notes, as the case may be, may not be as favourable to each Noteholder in all respects or, if it were entitled to do so, a particular Noteholder may not make the same determination as the Issuer as to whether the terms of the relevant Qualifying Senior Notes or relevant Qualifying Tier 2 Notes, as the case may be, are not materially less favourable to Noteholders than the terms of the English Law Notes. As a consequence, the market value of such Notes may decrease significantly, and Noteholders may lose all or part of their investment.

3.1.9 Risks related to English law Notes where denominations involve integral multiples: Definitive Bearer Notes

In relation to any issue of English Law Notes which have denominations consisting of a minimum Specified Denomination plus a higher integral multiple of another smaller amount (which for the avoidance of doubt will not be the case for English Law Notes listed in Euronext Paris), it is possible that such Notes may be traded in amounts in excess of such Specified Denomination that are not integral multiples of such Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

If Definitive Bearer Notes are issued, Definitive Bearer Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade. In such circumstances, the value of such Notes may be negatively affected and Noteholders may lose all or part of their investment.

3.1.10 Risks relating to Notes denominated in Renminbi

In accordance with Terms and Conditions of the Notes, the Issuer may issue Notes denominated in Renminbi (“RMB”). RMB Notes contain particular risks for potential Noteholders.

RMB is not freely convertible at present. The People’s Republic of China (PRC) government continues to regulate conversion between RMB and foreign currencies. The PRC government may not continue to gradually liberalise its control over cross-border RMB remittances in the future, the schemes for RMB cross-border utilisation may be discontinued or new PRC regulations may be promulgated in the future which have the effect of restricting or eliminating the remittance of RMB outside the PRC. In the event that funds cannot be repatriated out of the PRC in RMB, this may affect the overall availability of RMB outside of the PRC and the ability of the Issuer to source RMB to finance its obligations under the RMB Notes. Furthermore, as a result of the restrictions by the PRC government on cross-border RMB funds flows, there is only limited availability of RMB outside of the PRC, which may affect the liquidity of the RMB Notes and the Issuer’s ability to source RMB outside of the PRC to service the RMB Notes. New PRC regulations may be promulgated or the settlement agreements relating to the clearing of RMB business between the People’s Bank of China (PBOC) and its designated RMB clearing banks

in the RMB clearing centres may be terminated or amended in the future, which may have the effect of restricting the availability of RMB outside the PRC.

Except in limited circumstances, all payments of RMB under RMB Notes to a Noteholder will be made solely by transfer to a RMB bank account maintained in Hong Kong by such Noteholder in accordance with the prevailing rules and regulations and in accordance with the Terms and Conditions of the Notes. RMB is not freely convertible at present, and conversion of RMB into other currencies through banks in Hong Kong may be subject to certain restrictions. For example, Noteholders may be required to provide certifications and other information (including RMB account information) in order to be allowed to receive payments in RMB in accordance with the RMB clearing and settlement system for participating banks in Hong Kong.

In addition, access to RMB for the purposes of making payments under the Notes or generally may remain or may become restricted. If access to RMB deliverable in Hong Kong becomes restricted to the extent that the Issuer is unable to pay interest or principal in RMB in Hong Kong by reason of Inconvertibility, Non-transferability or Illiquidity, the terms of the RMB Notes allow the Issuer to make payment in U.S. dollars at the prevailing spot rate of exchange. If the value of RMB depreciates against the U.S. dollar, the value of the investment in U.S. dollars will decline.

Furthermore, the market value of RMB against the Hong Kong dollar and other foreign currencies fluctuates and is affected by changes in the PRC and international political and economic conditions and by many other factors. All payments of interest and principal will be made in RMB with respect to RMB Notes unless otherwise specified. As a result, the value of these RMB payments may fluctuate as a result of the changes in the prevailing exchange rates in the market. If the market value of RMB depreciates against the Hong Kong dollar or other foreign currencies, the market value of a Noteholder's investment in RMB Notes in foreign currency terms will decline, and Noteholders may incur losses.

3.1.11 Subordinated Notes may change rank depending on their recognition as own funds of the Issuer, without Noteholder consent

Article 48(7) of BRRD, as amended by BRRD II provides that Member States shall ensure that all claims resulting from own funds instruments, as defined by the CRR (hereafter the “**Own Funds**”) (such as the Subordinated Notes and additional tier 1 capital Instruments of the Issuer) have, in normal insolvency proceedings, a lower priority ranking than any claim that does not result from Own Funds. Member States of the EEA had to implement into national law and apply these rules no later than 28 December 2020.

Consequently, upon entry into force of the relevant provisions of Ordinance No.2020-1636 dated 21 December 2020 relating to the resolution regime in the banking sector (the “**Ordinance**”), Article 48(7) of BRRD has been implemented under French law in Article L. 613-30-3-I of the French *Code monétaire et financier*.

Therefore, as long as the Subordinated Notes issued after 28 December 2020 are recognized as Tier 2 Capital, they will rank as Qualifying Subordinated Notes, and, if they are no longer recognized as Tier 2 Capital, they will automatically rank as Disqualified Subordinated Notes, as provided in Condition 2 (*Status of the Notes*), without any action from the Issuer and without obtaining any requirement that the consent of the holders of such Subordinated Notes or any other Notes be obtained.

All subordinated notes or deeply subordinated notes issued by the Issuer prior to the date of entry into force of the Ordinance that are, or have been, fully or partially recognized as Own Funds of the Issuer, rank and as long as they are outstanding will rank as Tier 2 Capital instruments or additional tier 1 capital instruments of the Issuer as the case may be, in accordance with their contractual terms.

As a result, should they become no longer recognized as Tier 2 Capital or additional tier 1 capital, obligations with a higher priority ranking than the Subordinated Notes may, in the future, include obligations that would have ranked junior to, or *pari passu* with the Subordinated Notes.

Subject to such payment in full, holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any holder of Subordinated Notes of the Issuer and any obligations ranking junior to the Subordinated Notes such as additional tier 1 instruments of the Issuer.

In the event of incomplete payment of Senior Non-Preferred Notes, the obligations of the Issuer in connection with the Disqualified Subordinated Notes and Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

3.2 Risks related to early redemption of the Notes and to interest rates applicable to the Notes

3.2.1 Notes may be subject to optional redemption by the Issuer

Upon the occurrence of a Withholding Tax Event or a Tax Gross-Up Event, as provided in Condition 4(c) (*Redemption for Taxation Reasons*) of the Terms and Conditions of the Notes, the Issuer may, at its option, subject to (i) in respect of Senior Notes, the prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, if, with respect to Senior Preferred Notes, this is required, and (ii) in respect of Subordinated Notes, Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*), redeem all, but not some only, of the Notes at their Optional Redemption Amount together, if appropriate, with accrued interest.

If the applicable Final Terms provide that Notes may be redeemed at the option of the Issuer pursuant Condition 4(g) (*Redemption at the Option of the Issuer in the case of any Notes*), the Issuer may at its option, subject to (i) in respect of Senior Notes, the prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, if, with respect to Senior Preferred Notes, this is required, and (ii) in respect of Subordinated Notes, Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*), redeem in whole or in part, of the Notes on the Optional Redemption Date(s) provided in the relevant Final Terms at their Optional Redemption Amount together, if appropriate, with accrued interest.

If specified as applicable in the relevant Final Terms and if a part at least equal to the Clean-up Percentage of the initial aggregate nominal amount of the Notes of the same Series has been redeemed or purchased by, or on behalf of, the Issuer and cancelled, the Notes may be redeemed (in whole, but not in part) at the option of the Issuer, subject to prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, if required, at their Optional Redemption Amount, together, if appropriate, with accrued interest (as further described in Condition 4(h) (*Clean-up Redemption at the Option of the Issuer*)).

If specified as applicable in the relevant Final Terms, Senior Preferred Notes may be redeemed (in whole, but not in part) at the option of the Issuer, at any time, at their Make-Whole Redemption Amount (as further described in Condition 4(f) (*Make-Whole Redemption at the Option of the Issuer in the case of Senior Preferred Notes*)).

Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes may be redeemed (in whole, but not in part only) at the option of the Issuer upon the occurrence of a MREL or TLAC Disqualification Event as provided in Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*), subject to prior approval of the Relevant Regulator and/or the Relevant Resolution Authority, at their Optional Redemption Amount together, if appropriate, with accrued interest.

Subordinated Notes, if specified as applicable in the relevant Final Terms, may be redeemed (in whole, but not in part only) at the option of the Issuer upon the occurrence of a MREL or TLAC Disqualification Event as provided in Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*), subject as provided in Condition 4(l) (*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*).

In respect of Subordinated Notes, upon the occurrence of a Capital Event or a Tax Deduction Event as provided in Condition 4(e) (*Redemption at the Option of the Issuer upon occurrence of a Capital Event or a Tax Deduction Event with respect to Subordinated Notes*), the Issuer may, at its option, subject as provided in Condition 4(l)

(*Conditions to redemption prior to Maturity Date in the case of Subordinated Notes*), redeem all, but not some only, of the Subordinated Notes at their Optional Redemption Amount together, if appropriate, with accrued interest.

The Issuer may choose to redeem the Notes at times when prevailing interest rates may be relatively low. During a period when the Issuer may elect, or has elected, to redeem Notes, such Notes may feature a market value not substantially above the price at which they can be redeemed. In such circumstances a Noteholder may not be able to reinvest, following redemption of the Notes by the Issuer, the redemption proceeds in a comparable security at an effective interest rate as high as that of the relevant Notes and may only be able to do so at a lower rate. Additionally, the redemption amount of the Notes may be below their nominal amount and market value. This could have a material adverse effect and Noteholders could lose all or part of their investment in the Notes.

Furthermore, any actual exercise or perceived increase in the likelihood of the exercise of any of the options described above could have a material adverse effect on the market value of the Notes.

A partial redemption at the option of the Issuer or a redemption at the option of the Noteholders may affect the liquidity of the Notes of the same Series in respect of which such option is not exercised, depending on the number of Notes of the same Series in respect of which a partial redemption of the Notes at the option of the Noteholders or at the option of the Issuer is made, any trading market in respect of those Notes in respect of which such option is not exercised may become illiquid, which could have an adverse effect on the market value of the Notes.

3.2.2 There is a significant degree of regulatory uncertainty regarding the potential disqualification of the Notes as eligible liabilities items

A MREL or TLAC Disqualification Event will apply in respect of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, to Senior Preferred Notes and Subordinated Notes, as further described in Condition 4(d) (*Redemption upon the occurrence of a MREL or TLAC Disqualification Event*). The CRR II and the BRRD II give effect to the FSB TLAC Term Sheet and modify the requirements for MREL eligibility. Whilst there are a number of similarities between the MREL requirements and the FSB's final principles regarding TLAC, there are certain differences. The Issuer is currently unable to predict whether all or part of the Notes may cease to comply with the minimum requirements for own funds and eligible liabilities applicable to the Issuer and/or the MREL Group and thus be excluded fully or partially from the MREL. The non-compliance with the MREL requirements could result in the disqualification of the Notes as eligible liabilities items. Following the occurrence of such disqualification the Issuer may exercise a call option and Noteholders may not be able to reinvest the early redemption amount with the same yield.

3.2.3 The Issuer may not be required to redeem Notes in the case of a Tax Gross-Up Event

There is uncertainty as to whether gross-up obligations, including those under Conditions 6 (*Taxation*), are enforceable or legal under French law. If any obligation to pay additional amounts under Condition 6 (*Taxation*) are held unenforceable or illegal under French law, the Issuer will have the right, but not the obligation, to redeem the Notes. Accordingly, if the Issuer does not redeem the Notes upon the occurrence of a Tax Gross-Up Event as described in Condition 4(c)(ii) (*Redemption for Taxation Reasons*), Noteholders may receive less than the full amount due under the Notes, and the market value of the Notes will be adversely affected.

3.2.4 The redemption amount payable upon redemption of certain Notes may be less than the principal amount and may equal zero

The redemption amount payable in the case of redemption of certain Notes, including TEC 10 Linked Notes, CMS Linked Notes, Inflation Linked Notes, Range Accrual Notes and Inflation Linked Range Accrual Notes, or as specified in the relevant Final Terms, may be a fair market value calculated by the Calculation Agent reduced by the cost to the Issuer of unwinding any related hedging costs and any replacement liquidity costs which may be less than the principal amount of such Notes and may even be zero. As a result, the Noteholders may receive less

than the principal amount due, may lose a partial or total amount of their capital invested, and the market value of such Notes will be adversely affected.

3.2.5 Changes in Interest rates may adversely affect the market value, the yield and/or the liquidity of Fixed Rate Notes

In accordance with Condition 3(a) (*Rate of Interest on Fixed Rate Notes other than Fixed Rate Notes denominated in RMB*) and Condition 3(b) (*Rate of Interest on Fixed Rate Notes denominated in RMB*), the Issuer may issue Notes bearing a fixed rate of interest.

Investment in Fixed Rate Notes involves the risk that changes in market interest rates after the issuance of such Notes may have a significant adverse effect on the market value, the yield and/or the liquidity of Fixed Rate Notes and, as a consequence, holders of Fixed Rate Notes may lose part of their investment in Fixed Rate Notes.

3.2.6 Noteholders will not be able to calculate in advance their investment's return on Floating Rate Notes

In accordance with Condition 3(d) (*Interest on Floating Rate Notes*), the Issuer may issue Notes bearing a floating rate of interest. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated due to the periodic adjustment (specified in the relevant Final Terms) of the reference rate which will itself vary depending on general market conditions.

Due to varying interest income, Noteholders are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the relevant Final Terms provide for frequent interest payment dates for a particular Series of Floating Rate Notes, Noteholders are exposed to reinvestment risks if market interest rates decline. That is, Noteholders may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Market volatility in interest rates, which is difficult to anticipate, may therefore have a significant adverse effect on the yield, the market value and/or the liquidity of Floating Rate Notes and Noteholders could receive a lower or no interest on such Notes.

3.2.7 Risk relating to Benchmark reforms and licensing

In accordance with the provisions of Condition 3 (*Interest and other Calculations*), the rate of interest in respect of certain Notes may be determined by reference to reference rates that constitute "benchmarks" for the purposes of Regulation (EU) 2016/1011, as amended (the "**Benchmarks Regulation**").

Interest rates and indices which are deemed to be "benchmarks" (in particular EURIBOR or CMS Rate) are the subject of ongoing national and international regulatory review and reform, with further changes anticipated. These reforms have resulted in the cessation of certain benchmarks. Other benchmarks could be eliminated entirely or declared unrepresentative. Such reforms may cause such benchmarks to perform differently from the past or disappear entirely, to be subject to revised calculation methods or have other consequences that cannot be predicted. Any such consequences could have a material adverse effect on the liquidity and value of and return on any Notes linked to or referencing such a "benchmark".

The Benchmarks Regulation could have a material impact on any Notes. In particular, if the methodology or other terms of the benchmark (such as EURIBOR) are changed in order to comply with the requirements of the Benchmarks Regulation, such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the level or volatility of the published rate of such benchmark. In addition, market participants may be discouraged from continuing to administer or contribute to such benchmark and the rules or methodologies used in the benchmarks may change, which may lead to the disappearance of the benchmark. Any of these changes, could have a material adverse effect on the value of and return on any Notes linked to a benchmark.

The elimination of any benchmark, the establishment of alternative reference rates or changes in the manner of administration of any existing or new benchmark could also require adjustments to the terms of any Notes which

pay a floating rate on interest. In particular, to the extent a benchmark is discontinued or is no longer quoted, the reference rate of such Notes may thereafter be determined in relation to a different benchmark. The replacement benchmark may perform differently from the discontinued benchmark and may result in other consequences, such as interest payments that are lower than, or that do not otherwise correlate over time with, the payments that would have been made on such Notes if such a benchmark was available in its current form. This could in turn impact the trading value of the affected Notes.

If the relevant reference rate ceases to be calculated or administered and no alternative base rate is identified, this may result in the relevant reference rate no longer being available or being subject to replacement, and the interest rate on such Notes will accrue at the last relevant rate plus the Margin, potentially converting such Notes into fixed rate instruments.

Any of the above changes or any other consequential changes to benchmarks as a result of European Union, United Kingdom, or other international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes could have a material adverse effect on the trading market for, value of and return on the Notes.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the “**Amending Regulation**”) which applies as from 13 February 2021.

The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain Benchmarks by conferring on the European Commission the power to designate a statutory replacement for certain benchmarks, resulting in such benchmarks being replaced in contracts and financial instruments that have not been renegotiated before the date of cessation of the relevant benchmarks and contain either no contractual replacement (or so-called “fallback provision”) or a fallback provision which is deemed unsuitable by the European Commission or competent national authorities (Article 23b of the Benchmarks Regulation). These provisions could have a negative impact on the value or liquidity of, and return on, Notes issued under the Programme with interest rate calculated by reference to EURIBOR or CMS Rate(s). However, there are still uncertainties about the exact implementation of this provision pending the implementing acts of the European Commission. In addition, the Amending Regulation extended the transitional provisions applicable to third-country benchmarks until the end of 2023, and, on 14 July 2023, the European Commission adopted a delegated act under the Benchmarks Regulation to extend the transitional period to 31 December 2025. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations.

3.2.8 If a benchmark is discontinued, the rate of interest on the Notes linked to or referencing such a benchmark will be changed in ways which may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained

Pursuant to Condition 3 (*Interest and other Calculations*) (in particular, Condition 3(c), Condition 3(d)(ii)(C)(a), Condition 3(d)(ii)(C)(d), Condition 3(d)(ii)(C)(e), Condition 3(d)(ii)(C)(f), Condition 3(d)(ii)(C)(g) and Condition 3(d)(ii)(C)(h) where Screen Rate Determination is specified in the relevant Final Terms as applicable and/or where EURIBOR or SARON (which is subject to the Benchmarks Regulation), €STR, SONIA, SOFR or TONA (which are not subject to the Benchmarks Regulation) are specified as applicable in the relevant Final Terms, if any benchmark event (as provided under each of the above-mentioned provisions) occurs or a replacement rate will be applied to the Notes, as well as, as the case may be, any necessary changes to the business day convention, the definition of business day, the interest determination date, the day count fraction and any method for calculating the replacement rate, including any adjustment factor needed to make such replacement rate comparable to the relevant reference rate. Such replacement rate will (in the absence of manifest error) be

final and binding, and no consent of the Noteholders shall be required in connection with effecting any replacement rate, any other related adjustments and/or amendments to the terms and conditions of such Notes (or any other document) which are made in order to effect such replacement rate.

The replacement rate may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of a replacement rate and the involvement of a Rate Determination Agent or a Replacement Rate Determination Agent, as the case may be, the fallback provisions may not operate as intended at the relevant time and the replacement rate may perform differently from the discontinued benchmark. These and other changes could significantly affect the performance of an alternative rate compared to the historical and expected performance of the currently used benchmark. Any adjustment factor applied to any Series of Notes may not adequately compensate such impact. This could in turn impact the rate of interest on and trading value of such Notes.

The Terms and Conditions of the Notes provide that, if it is not possible to determine a value for a given Reference Rate, the relevant interest rate on such Notes will be the last available setting of such Reference Rate, effectively converting such Notes into fixed rate instrument. They may also provide for other fallbacks.

Even if a replacement rate for any Reference Rate is determined, if the replacement of the Reference Rate with the replacement rate would result in a MREL or TLAC Disqualification Event (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes), a Capital Event (in the case of Subordinated Notes only), or in the relevant resolution authority treating any future interest payment as the effective maturity of the Notes, the rate of interest will not be changed, but will instead be fixed on the basis of the last available quotation of the Reference Rate. This could occur if, for example, the switch to the replacement rate would create an incentive to redeem the relevant Notes that would be inconsistent with the relevant requirements necessary to maintain the regulatory status of the Notes.

Noteholders that enter into hedging instruments based on the relevant reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the replacement rate. When such Notes are effectively converted into fixed rate instruments, Noteholders might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, Noteholders will not, if the Notes are converted into fixed rate instrument benefit from any increase in rates. The trading value of the Notes could as a consequence be adversely affected.

3.2.9 SOFR is a relatively new market index that may be used as a reference rate for Floating Rate Notes and, as the related market continues to develop, there may be an adverse effect on the return on or value of the SOFR-based Notes

The rate of interest on the Notes may be calculated on the basis of SOFR as set forth in Condition 3(d)(ii)(C)(f). Because SOFR is an overnight funding rate, interest on SOFR based Notes with interest periods longer than overnight will be calculated near the end of each Interest Accrual Period. As a consequence of this calculation method, the amount of interest payable on each Interest Payment Date will only be known a short period of time prior to the relevant Interest Payment Date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

SOFR is a relatively new rate. The NY Federal Reserve began to publish SOFR in April 2018. Although the NY Federal Reserve has published historical indicative SOFR information going back to 2014, such prepublication historical data inherently involves assumptions, estimates and approximations. Since the initial publication of SOFR, daily changes in the rate have, on occasion, been more volatile than daily changes in other benchmark or market rates.

As a result, the return on and value of SOFR-linked Notes may fluctuate more than floating rate debt securities that are linked to less volatile rates. Because SOFR is a relatively new market index, SOFR-linked Notes will likely have no established trading market when issued, and an established trading market may never develop or

may not be very liquid. Market terms for debt securities indexed to SOFR may evolve over time, and trading prices of SOFR-linked Notes may be lower than those of later-issued SOFR-linked debt securities as a result. Similarly, if SOFR does not prove to be widely used in securities like the Notes, the trading price of SOFR-linked Notes may be lower than those of notes linked to rates that are more widely used. Noteholders may not be able to sell SOFR-linked Notes at all or may not be able to sell such Notes at prices that will provide a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk. The NY Federal Reserve notes on its publication page for SOFR that use of SOFR is subject to important limitations, including that the NY Federal Reserve may alter the methods of calculation, publication schedule, rate revision practices or availability of SOFR at any time without notice. SOFR might not be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders in the Notes. If the manner in which SOFR is calculated is changed or if SOFR is discontinued, that change or discontinuance may result in a reduction or elimination of the amount of interest payable on SOFR-linked Notes and a reduction in the trading prices of such Notes.

3.2.10 The market continues to develop in relation to other risk free rates as reference rates for Notes

The rate of interest on the Notes may be calculated on the basis of other risk free rates such as SONIA, €STR, SARON or TONA, as set forth in Condition 3(d)(ii)(C)(d), Condition 3(d)(ii)(C)(e), Condition (d)(ii)(C)(g) and Condition 3(d)(ii)(C)(h) of the Terms and Conditions of the Notes. Similarly to SOFR-linked Notes, because SONIA, €STR, SARON and TONA are overnight funding rates, interest on SONIA-, €STR-, SARON- or TONA-based Notes with interest periods longer than overnight will be calculated near the end of each Interest Accrual Period. As a consequence of this calculation method, the amount of interest payable on each Interest Payment Date will only be known a short period of time prior to the relevant Interest Payment Date. Noteholders therefore will not know in advance the interest amount which will be payable on such Notes.

The market continues to develop in relation to risk free rates, such as SONIA, €STR, SOFR, SARON or TONA as reference rates in the capital markets and their adoption as alternatives to the relevant interbank offered rates. In particular, market participants and relevant working groups are exploring alternative reference rates based on risk-free rates which seek to measure the market's forward expectation of an average rate over a designated term.

The market or a significant part thereof may adopt an application of SONIA, €STR, SOFR, SARON or TONA that differs significantly from that set out in the Terms and Conditions as applicable to Notes referencing such reference rates. Similarly to SOFR, the relatively recent development of compounded daily SONIA, compounded daily €STR, compounded daily SARON and compounded daily TONA as interest reference rates, as well as continued development of such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA-, €STR-, SOFR-, SARON- and TONA- referenced Notes issued under the programme from time to time. Interest on Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date.

In addition, the Issuer has no control over the determination, calculation or publication of SONIA, €STR, SOFR, SARON or TONA which might be discontinued or fundamentally altered in a manner that is materially adverse to the interest of its Noteholders.

The mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

To the extent the SONIA, €STR, SOFR, SARON and TONA are discontinued or no longer published as described in the Terms and Conditions, the applicable rate to be used to calculate the Rate of Interest on the Notes will be determined using the alternative methods described in Condition 3(d) (*Rate of Interest on Floating Rate Notes*) of the Terms and Conditions of the Notes. Such methods may result in interest payments that are lower than, or do not otherwise correlate over time with, the payment that would have been made on the Notes if SONIA, €STR, SOFR, SARON or TONA had been provided by the relevant benchmark administrator in their current form.

Accordingly, an investment in any such Notes may entail significant risks not associated with similar investments in conventional debt securities.

3.2.11 Resetable Fixed Rate Notes

A holder of Resetable Fixed Rate Notes with a fixed interest rate that will be periodically reset during the term of the relevant Notes (see Condition 3(c) (*Rate of Interest of Resetable Fixed Rate Notes*)) is exposed to the risk of fluctuating interest rate levels and uncertain interest income and this may adversely affect the market value of the Notes. Such Notes have reset provisions pursuant to which the Notes will, in respect of an initial period, bear interest at an initial fixed rate of interest specified in the applicable Final Terms. Thereafter, the fixed rate of interest will be reset on one or more date(s) as specified in the relevant Final Terms by reference to a mid-market swap rate, the CMT Rate or the Sterling Reference Bond Rate, and for a period equal to the Reset Period, as adjusted for any applicable margin, in each case as may be specified in the relevant Final Terms. Such rate of interest may be less than the initial rate of interest and/or less than the rate of interest that applies immediately prior to such reset date and may adversely affect the yield of the Notes and therefore the market value of the Notes.

3.2.12 Fixed/Floating Rate Notes subject to interest switch provisions

Fixed/Floating Rate Notes (see Condition 3(i) (*Fixed/Floating Rate Notes*)) may have features which provide for a change of the interest rate formula or basis at certain dates or upon occurrence of certain events.

If a Fixed Rate is converted to a Floating Rate, CMS Rate and/or HICP Linked Interest, the spread on the Fixed/Floating Rate, CMS Rate and/or HICP Linked Interest Notes may be less favourable than then prevailing spreads on comparable Floating Rate, CMS Rate and/or HICP Linked Interest Notes. In addition, the new applicable rate at any time may be lower than the rates on other Notes.

If a Floating Rate, CMS Rate and/or HICP Linked Interest is converted to a Fixed Rate, the new Fixed Rate may be lower than then prevailing rates on other Notes, which may affect the market yield of the Fixed/Floating Rate Notes.

As a consequence, such conversion feature may affect the secondary market and the market value, the yield and/or the liquidity of such Fixed/Floating Notes and may lead to losses for the Noteholders.

3.2.13 Inflation Linked Notes, CMS Linked Notes and TEC 10 Linked Notes

In accordance with Condition 3(e) (*Rate of Interest on Inflation Linked Notes*), Condition 3(f) (*Rate of Interest on CMS-Linked Notes*) and Condition 3(g) (*Rate of Interest on TEC 10 Linked Notes*), the Issuer may issue CMS Linked Notes, Inflation Linked Notes and TEC 10 Linked Notes with an interest determined by reference to an Index, a CMS Rate or TEC 10, as adjusted by certain other factors, such as a Gearing Factor or a Maximum Rate of Interest as specified in the relevant Final Terms (each, a “**Relevant Factor**”).

Inflation Linked Notes, CMS Linked Notes and TEC 10 Linked Notes differ from ordinary debt securities and the market price of such Notes may be volatile. The amounts due in respect of interest will be dependent upon the performance of the underlying inflation indices or CMS Rate or TEC 10, which themselves may contain substantial credit, interest rate or other risks. The historical performance of a Relevant Factor should not be viewed as an indication of the future performance of such Relevant Factor during the term of any Inflation Linked Notes and/or CMS Linked Notes and/or TEC 10 Linked Notes and a Relevant Factor may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices. In addition, if a Relevant Factor is applied in conjunction with a multiplier greater than one or contains some other leverage factor, the effect of changes in the Relevant Factor on principal and/or interest payable will likely be magnified which could worsened a negative change in the performance of the Relevant Factor. As a consequence, holders of such Notes are unable to anticipate the yield and variation of the market value of their Notes and they may lose all or part of their investment as a result of the volatility of their market value.

Further, CMS Linked Notes and Inflation Linked Notes may contain broad calculation agent discretions to interpret, change or redeem the CMS Linked Notes and Inflation Linked Notes and such discretions are not required to be exercised in the interests of Noteholders.

Inflation Linked Notes and CMS Linked Notes may include range accrual provisions (see Condition 3(e)(iv) and Condition 3(f)(iii)). The interest in respect of Notes including range accrual provisions shall be calculated by applying one of the formulae specified in the Terms and Conditions of the Notes but will be conditional upon CMS Rates, or as the case may be, inflation indices, being equal to, greater than and/or less than certain predetermined levels on one or more specified dates and/or periods as set out in the relevant Final Terms. In the event that such conditionality is not satisfied in respect of one or more dates falling within any interest accrual period or other specified period, no interest may be payable in respect of such interest accrual period or interest will only be paid in respect only of those days in the interest accrual period on which such conditionality has been satisfied. As a consequence, holders of such Notes are unable to anticipate the yield and the variation of the market value of their Notes and they may lose all or part of their investment as a result of the volatility of their market value.

3.2.14 Risk relating to Zero Coupon Notes and Notes issued at a substantial discount or premium

The Issuer may issue Notes at a substantial discount or premium from their principal amount, as further described under Condition 3(h) (*Zero Coupon Notes*) of the Terms and Conditions of the Notes. The market values of such Notes tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities.

If market interest rates increase, such Notes can suffer higher price losses than other interest-bearing securities having the same maturity and credit rating.

Market volatility in interest rates, which is difficult to anticipate, may therefore have a negative effect on the market value and/or the liquidity of such Notes. Therefore, holders of such Notes could be exposed to greater losses on their investment than holders of conventional interest-bearing securities.

RETAIL CASCADES: CONSENT TO USE THE PROSPECTUS

In the context of any offer of Notes in France, the Grand Duchy of Luxembourg and/or any other jurisdiction of the European Economic Area in which this Base Prospectus has been passported from time to time (the “**Non-Exempt Offer Jurisdictions**”) that is not within an exemption from the requirement to publish a prospectus under Article 1.4 of the Prospectus Regulation (a “**Non-Exempt Offer**”), the Issuer consents to the use of this Base Prospectus, as supplemented from time to time, and the relevant Final Terms (together, the “**Prospectus**”) in connection with a Non-Exempt Offer of any Notes during the offer period specified in the relevant Final Terms (the “**Offer Period**”) and in the Non-Exempt Offer Jurisdiction(s) specified in the relevant Final Terms:

For the avoidance of doubt, none of the Dealers or the Issuer shall have any obligation to ensure that an Authorised Offeror complies with applicable laws and regulations and shall therefore have no liability in this respect.

The Issuer accepts responsibility, in the Non-Exempt Offer Jurisdiction(s) specified in the relevant Final Terms, for the content of the Prospectus in relation to any person (an “**Investor**”) in such Non-Exempt Offer Jurisdiction(s) to whom an offer of any Notes is made by any Authorised Offeror and where the offer is made during the period for which that consent is given. The consent referred to above relates to Offer Periods (if any) ending no later than the date falling 12 months from the date of the approval of this Base Prospectus by the AMF.

In the event the relevant Final Terms designate Authorised Offeror(s) to whom the Issuer has given its consent to use the Prospectus during an Offer Period, the Issuer may also give consent to additional financial intermediary(ies) (each also an “**Authorised Offeror**”) after the date of the relevant Final Terms and, if it does so, it will publish any new information in relation to such Authorised Offerors who are unknown at the time of the approval of this Base Prospectus or the filing of the relevant Final Terms at <https://www.bfcm.creditmutuel.fr>.

If the relevant Final Terms specify that any Authorised Offeror may use the Prospectus during the Offer Period, any such Authorised Offeror is required, for the duration of the relevant Offer Period, to publish on its website that it is using the Prospectus for the relevant Non-Exempt Offer with the consent of the Issuer and in accordance with the conditions attached thereto.

Other than as set out above, neither the Issuer nor any of the Dealers has authorised the making of any Non-Exempt Offer by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Notes. Any such offers are not made on behalf of the Issuer or by any of the Dealers or Authorised Offerors and none of the Issuer or any of the Dealers or Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Notes from an Authorised Offeror will do so, and offers and sales of the Notes to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocations, settlement arrangements and expenses to be charged to the Investor (the “Terms and Conditions of the Non-Exempt Offer”). The Issuer will not be a party to any such arrangements with Investors (other than Dealers) in connection with the offer or sale of the Notes and, accordingly, this Base Prospectus does not and any Final Terms will not contain such information. The Terms and Conditions of the Non-Exempt Offer shall be provided to Investors by that Authorised Offeror at the time of the Non-Exempt Offer. Neither the Issuer nor any of the Dealers or other Authorised Offerors has any responsibility or liability for such information.

SUPPLEMENT TO THE BASE PROSPECTUS

If at any time the Issuer shall be required to prepare a supplement to this Base Prospectus pursuant to the provisions of Article 23 of the Prospectus Regulation, following the occurrence of a significant new factor, a material mistake or material inaccuracy relating to the information included in this Base Prospectus (including the “*Terms and Conditions of the Notes*”) which may affect the assessment of any Notes, the Issuer will prepare and make available an appropriate supplement to this Base Prospectus or a restated Base Prospectus, which, in respect of any subsequent issue of Notes to be admitted to trading on Euronext Paris or on a Regulated Market, shall constitute a supplement to the Base Prospectus for the purpose of the relevant provisions of the Prospectus Regulation.

In accordance with and pursuant to Articles 23.2 of the Prospectus Regulation, where the Notes are offered to the public, investors who have already agreed to purchase or subscribe for Notes before any supplement is published have the right, exercisable within two working days after the publication of such supplement, to withdraw their acceptance provided that the significant new factor, material mistake or material inaccuracy referred to in Article 23.1 of the Prospectus Regulation arose or was noted before the closing of the offer to the public and the delivery of the Notes, which ever occurs first. The period may be extended by the Issuer or, if any, the relevant Authorised Offeror(s). The applicable period and the final date of the right of withdrawal shall be stated in the supplement. On 18 July 2025, this Base Prospectus as supplemented (as the case may be), will expire and the obligation to supplement this Base Prospectus in the event of significant new factor, material mistakes or material inaccuracies will no longer apply.

TERMS AND CONDITIONS OF THE ENGLISH LAW NOTES

The following is the text of the terms and conditions of the Notes to be issued governed by English Law (the “English Law Notes”) that, save for the italicised paragraphs and subject to completion in accordance with the provisions of the relevant Final Terms, shall be applicable to the English Law Notes. The following text of the terms and conditions of the English Law Notes shall in particular be applicable, subject to completion in accordance with the provisions of the relevant Final Terms, to English Law Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of the relevant Final Terms or, (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. Those definitions will be endorsed on the definitive Notes. References in these Conditions to “Notes” are to the English Law Notes of one Series only, and not to all Notes that may be issued under the Programme.

The Notes are issued by Banque Fédérative du Crédit Mutuel (the “**Issuer**”) pursuant to an English law-governed amended and restated agency agreement dated 18 July 2024 (as amended and/or supplemented as at the date of issue of the Notes (the “**Issue Date**”), the “**English Law Agency Agreement**”) between the Issuer, BNP Paribas, Luxembourg Branch as fiscal agent and principal paying agent (the “**Fiscal Agent**”), initial calculation agent (the “**Calculation Agent**”), redenomination agent (the “**Redenomination Agent**”) and consolidation agent (the “**Consolidation Agent**”) and Citibank, N.A., London Branch and BNP Paribas as paying agents (together with the Fiscal Agent and any additional or other paying agents in respect of the Notes from time to time appointed and, where the context so admits, the “**Paying Agents**”). If a Calculation Agent is not specified in the applicable Final Terms in respect of any Notes and the terms and conditions require that a Calculation Agent be appointed then the Fiscal Agent shall act as Calculation Agent. The Noteholders (as defined below), the holders of the interest coupons (the “**Coupons**”) appertaining to interest bearing Notes and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) and the holders of the receipts for the payment of instalments of principal (the “**Receipts**”) relating to Notes, of which the principal is payable in instalments, are deemed to have notice of all of the provisions of the English Law Agency Agreement applicable to them. The Notes are issued with the benefit of an amended and restated deed of covenant (as amended and/or supplemented as at the Issue Date, the “**Deed of Covenant**”) dated 18 July 2024 executed by the Issuer in relation to the Notes.

Copies of the English Law Agency Agreement and the Deed of Covenant are available for inspection or collection during normal business hours at the specified offices of each of the Paying Agents or may be provided by email to a Noteholder following their prior written request to any Paying Agents or the Issuer and provision of proof of holding and identity (in a form satisfactory to the relevant Paying Agent or the Issuer, as the case may be).

For the purpose of these Terms and Conditions, “**Regulated Market**” means any regulated market situated in a Member State of the European Economic Area as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended).

References below to “**Conditions**” are, unless the context requires otherwise, to the numbered paragraphs below and references to a “**Tranche**” means Notes which are identical in all respects and a “**Series**” means an original Tranche of Notes together with any further Tranche or Tranches of Notes which are expressed to form a single series with the original Tranche of Notes that are denominated in the same currency and that have the same maturity date or redemption date, as the case may be, interest basis and interest payment dates, if any, and the terms of which, save for the issue date or interest commencement date and the issue price, are otherwise identical and to be consolidated and to form a single Series issued pursuant to Condition 13.

1 Form, Denomination(s), Title and Redenomination

(a) Form of Notes and Title

The Notes are issued in bearer form.

Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Notes that do not bear interest, in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable. Any Note the principal amount of which is redeemable in instalments is issued with one or more Receipts attached.

Title to the Notes, Receipts, Coupons and Talons shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Note and the Receipts relating to it, “**holder**” (in relation to a Note, Receipt, Coupon or Talon) means the bearer of any Note, Receipt, Coupon or Talon and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

(b) Denomination(s):

Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the “**Specified Denomination(s)**”) provided that Senior Non-Preferred Notes (as defined in Condition 2(a)(ii)) and Subordinated Notes (as defined in Condition 2(b)) will have a minimum Specified Denomination of not less than €100,000 or its equivalent in another currency.

(c) Redenomination

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”), or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
- (ii) The redenomination of the Notes pursuant to Condition 1(c)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.

- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holder of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to such holders in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Status of the Notes

Notes may be either senior (“**Senior Notes**”) or subordinated (“**Subordinated Notes**”), as specified in the applicable Final Terms.

(a) Status of Senior Notes

The Senior Notes may be either senior preferred notes (“**Senior Preferred Notes**”) or senior non-preferred notes (“**Senior Non-Preferred Notes**”), as specified in the applicable Final Terms.

For the avoidance of doubt, all “unsubordinated notes” issued by the Issuer under the Euro 90,000,000,000 Euro Medium Term Note Programme prior to the date of entry into force of the law n°2016-1691 dated 9 December 2016 on 11 December 2016 constitute Senior Preferred Obligations (as defined below).

(i). Status of Senior Preferred Notes

Senior Preferred Notes including, where applicable, any related Receipts and Coupons will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as Senior Preferred Obligations and rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) *pari passu* with all other direct, unconditional, unsecured and senior or unsubordinated obligations of the Issuer outstanding as of the date of entry into force of the law n°2016-1691 dated 9 December 2016 on 11 December 2016;
- (ii) *pari passu* with all other present or future Senior Preferred Obligations of the Issuer;
- (iii) junior to all present or future obligations of the Issuer benefiting from statutorily preferred exceptions; and
- (iv) senior to all present or future Senior Non-Preferred Obligations (as defined below) of the Issuer (including any Senior Non-Preferred Notes) and any obligations ranking *pari passu* or junior to Senior Non-Preferred Obligations of the Issuer.

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future creditors and holders of, or

creditors in respect of, claims benefiting from statutory preferred exceptions (“**Preferred Creditors**”) and, subject to such payment in full, the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future senior non-preferred obligations of the Issuer. In the event of incomplete payment of Preferred Creditors, the obligations of the Issuer in connection with the Senior Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

For the purposes of these Conditions:

“**Senior Non-Preferred Obligations**” means any senior obligations (including the Senior Non-Preferred Notes) of, or other senior instruments issued by, the Issuer which fall or are expressed to fall within the category of obligations described in Article L. 613-30-3–I-4°. and Article R. 613-28 of the French *Code monétaire et financier*.

“**Senior Preferred Obligations**” means any senior obligations (including the Senior Preferred Notes) of, or other senior instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in Article L. 613-30-3–I-3°. of the French *Code monétaire et financier*.

(ii). ***Status of Senior Non-Preferred Notes***

Senior Non-Preferred Notes including, where applicable, any related Receipts and Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as Senior Non-Preferred Obligations and rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) *pari passu* with all other present or future Senior Non-Preferred Obligations of the Issuer;
- (ii) junior to all present or future Senior Preferred Obligations of the Issuer; and
- (iii) senior to all present or future subordinated obligations of the Issuer (including any Subordinated Notes) and any obligations ranking *pari passu* or junior to subordinated obligations of the Issuer.

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future senior preferred creditors and holders of, or creditors in respect of, obligations expressed by their terms to rank in priority to the Senior Non-Preferred Notes and of those preferred by mandatory and/or overriding provisions of law (collectively, “**Senior Preferred Creditors**”) and, subject to such payment in full, the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future subordinated obligations of the Issuer. In the event of incomplete payment of Senior Preferred Creditors, the obligations of the Issuer in connection with the Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

(b) **Status of Subordinated Notes**

It is the intention of the Issuer that the proceeds of the issue of the Subordinated Notes be treated for regulatory purposes as Tier 2 Capital. The status and ranking provisions of Condition 2(b)(i) will apply with respect to the status and ranking provisions of the Subordinated Notes for so long as such Subordinated Notes are treated for regulatory purposes as Tier 2 Capital (such Subordinated Notes being hereafter referred to as “**Qualifying Subordinated Notes**”). Should any outstanding Qualifying Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) be fully excluded from Tier 2 Capital (“**Disqualification Event**”) (Subordinated Notes affected by a Disqualification Event being hereafter referred to as “**Disqualified Subordinated Notes**”), the status and ranking provisions of Condition 2(b)(ii) will forthwith replace and supersede the status and ranking provisions of Condition 2(b)(i) with respect to the status and ranking provisions of such Disqualified Subordinated Notes without the need for any action from the Issuer and without consultation of the holders of such Subordinated Notes or the holders of any other Notes outstanding at such time.

Subordinated Notes are issued pursuant to the provisions of article L.228-97 of the French *Code de commerce* and paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier*.

(i) **Status of Qualifying Subordinated Notes**

The Qualifying Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any), constitute and will constitute direct unconditional, unsecured and subordinated obligations (in accordance with paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier* created by Ordinance No.2020-1636 dated 21 December 2020 relating to the resolution regime in the banking sector implementing Article 48(7) of BRRD under French law (the “**Ordinance**”)) of the Issuer and rank and will rank:

- (i) *pari passu* among themselves and with all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments;
- (ii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any related Receipts and Coupons relating to them);
- (iii) *junior* to all other present and future subordinated obligations expressed by their terms to rank senior to Qualifying Subordinated Notes and, if applicable, any Receipts and Coupons relating to them;
- (iv) *junior* to any Disqualified Subordinated Notes and Disqualified Additional Tier 1 Notes of the Issuer and, if applicable, any related Receipts and Coupons relating to them; and
- (v) senior to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dits “super subordonnés”* or *engagements subordonnés de dernier rang*).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer in respect of obligations referred to in (ii), (iii) and (iv) above;

- subject to such payment in full, the holders of such Qualifying Subordinated Notes and, where applicable, such Receipts and Coupons shall be paid in priority to all present and future creditors of the Issuer in respect of obligations referred to in (v) above; and
- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (ii), (iii) and (iv) above, the obligations in connection with the Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

(ii) Status of Disqualified Subordinated Notes

Disqualified Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) constitute and will constitute direct, unconditional, unsecured and subordinated obligations (in accordance with Paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier* created by the Ordinance) of the Issuer and rank and will rank:

- (i) *pari passu* among themselves;
- (ii) *pari passu* with any and all instruments that have (or will have) such rank (including for the avoidance of doubt Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them);
- (iii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any Receipts and Coupons relating to them);
- (iv) *junior* to all other present and future subordinated obligations of the Issuer expressed by their terms to rank senior to the Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them;
- (v) *senior* to any Qualifying Subordinated Notes of the Issuer and, if applicable, any Receipts and Coupons relating to them and to all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments; and
- (vi) *senior* to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées", i.e. engagements dits "super subordonnés" or engagements subordonnés de dernier rang*).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above;
- subject to such payment in full, the holders of such Disqualified Subordinated Notes and, where applicable, Receipts and Coupons shall be paid in priority to all present and future creditors of the Issuer in respect of obligations referred to in (v) and (vi) above; and

- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above, the obligations in connection with the Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

“**Disqualified Additional Tier 1 Notes**” means any deeply subordinated obligations of the Issuer and, where applicable, the Receipts and Coupons relating to them, issued on or after 28 December 2020 initially treated as additional tier 1 capital (as defined in Article 52 of the CRR) and which subsequently lost such treatment totally.

There is no negative pledge in respect of the Notes.

Without prejudice to the provisions of Condition 2 (*Status of the Notes*), in the context of a resolution, if any Bail-in or Loss Absorption Power were to be exercised (as further described in Condition 10 (*Acknowledgement of Bail-In and Loss Absorption Powers*)), and subject to certain exceptions, losses would in principle be borne first by the holders of capital instruments in the following order of priority: (i) holders of common equity tier 1 instruments, (ii) holders of additional tier 1 instruments, (iii) holders of Tier 2 Capital instruments (such as the Qualifying Subordinated Notes), and (iv) holders of other subordinated debts other than capital instruments (such as Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes), then by the holders of bail-inable liabilities so that losses would in principle be borne first by holders of unsecured senior non-preferred debt instruments (such as the Senior Non-Preferred Notes) and then by holders of unsecured senior preferred debt instruments (such as the Senior Preferred Notes).

For more information on the consequences of a resolution procedure initiated in respect of the Issuer and/or group Crédit Mutuel Alliance Fédérale in accordance with the provisions of BRRD II, please refer to the risk factor relating to the Issuer entitled “5.2.3.2 Risks related to the implementation of a resolution system” incorporated by reference into this Base Prospectus (see “Documents Incorporated by Reference”).

3 Interest and other Calculations

(a) **Rate of Interest on Fixed Rate Notes other than Fixed Rate Notes denominated in RMB**

Each Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Specified Interest Payment Date.

(b) **Rate of Interest on Fixed Rate Notes denominated in RMB**

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Specified Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Specified Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Calculation Amount for the relevant Interest Period. The determination of the amount of interest payable per Calculation Amount by the

Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable per Calculation Amount for each Interest Period and the relevant Specified Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Calculation Amount and Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest per Calculation Amount shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Calculation Amount so calculated need be made.

(c) Rate of Interest of Resetable Fixed Rate Notes

Each Resetable Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to:

- (i) for each Interest Period falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (ii) for each Interest Period falling in the period from (and including) the First Reset Date to (but excluding) the Second Reset Date or (if there is no Second Reset Date) the Maturity Date, the First Reset Rate of Interest; and
- (iii) for each Interest Period in any Subsequent Reset Period thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period.

Such interest shall be payable in arrear on each Specified Interest Payment Date.

For the purposes of any Resetable Fixed Rate Notes denominated in RMB and for the avoidance of doubt, the provisions of Condition 3(b) relating to the adjustment of any Specified Interest Payment Date shall apply *mutatis mutandis* to such Resetable Fixed Rate Notes other than in respect of the notification provisions contained in the last paragraph of this Condition 3(c) which shall prevail in respect of any Reset Period.

The Calculation Agent will, as soon as reasonably practicable on each Reset Determination Date, calculate the amount of interest payable per Calculation Amount for each relevant Interest Period.

The Calculation Agent will cause such amount of interest for each Interest Period falling within each Reset Period to be notified to each of the Paying Agents and to be notified to the Noteholders and any stock exchange on which the relevant Resetable Fixed Rate Notes are listed as soon as possible after their determination and in no event later than the first day of each Reset Period.

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to an Original Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of "Mid-Swap Rate" fail to provide a means of determining the Original Mid-Swap Rate, when the Terms and Conditions of any Resetable Fixed Rate Notes provide for any reset rate of interest (or any component part thereof) to be determined by reference to such Original Mid-Swap Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in the definition of the "Mid-Swap Rate" below:

(A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Mid-Swap Rate, failing which, an

Alternative Mid-Swap Rate (in accordance with Condition 3(c)(B)) and, in either case, a Mid-Swap Adjustment Spread if any (in accordance with Condition 3(c)(C)) and any Mid-Swap Benchmark Amendments (in accordance with Condition 3(c)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(c) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders and, where applicable, the Couponholders and Receiptholders for any determination made by it, pursuant to this Condition 3(c).

(B) Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If the Rate Determination Agent determines in good faith that:

- (i) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)); or
- (ii) there is no Successor Mid-Swap Rate but there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)).

(C) Mid-Swap Adjustment Spread

If the Rate Determination Agent determines that (i) a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and (ii) the quantum of, or a formula or methodology for determining such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable).

(D) Mid-Swap Benchmark Amendments

If any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 3(c) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any) (such amendments, the “**Mid-Swap Benchmark Amendments**”) and (ii) the specific terms of the Mid-Swap Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 3(c)(E) vary these Terms and Conditions to the extent needed to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread and the Mid-Swap Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread and Mid-Swap Benchmark Amendments (as the case may be), determined under this Condition 3(c) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and the Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Mid-Swap Benchmark Trigger Event has occurred, (ii) the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and, (iii) any Mid-Swap Adjustment Spread and/or (iv) any Mid-Swap Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(c); and
- (ii) certifying that the Mid-Swap Benchmark Amendments are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent's ability to rely on such certificate as aforesaid, the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) specified in such certificate will be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Mid-Swap Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Mid-Swap Rate or, failing which, an Alternative Mid-Swap Rate in accordance with Condition 3(c)(B) prior to the relevant Reset Determination Date or (iii) the Issuer determines that the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or an Alternative Mid-Swap Rate and, in either case, any Mid-Swap Adjustment Spread and/or any Mid-Swap Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator and/or the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Mid-Swap Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Reset Period shall be equal to the last Mid-Swap Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(c) *mutatis mutandis*, on one or more occasions until a Successor Mid-Swap Rate or Alternative Mid-Swap Rate (and, if applicable, any associated Mid-Swap Adjustment Spread and/or Mid-Swap Benchmark Amendments) has been determined and notified in accordance with this Condition 3(c).

(G) Fallback in respect of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to a Successor Mid-Swap Rate or Alternative Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of “Mid-Swap Rate” fail to provide a means of determining the Successor Mid-Swap Rate or Alternative Mid-Swap Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(c) shall apply as if the Successor Mid-Swap Rate or Alternative Mid-Swap Rate was the Original Reference Rate.

(d) Rate of Interest on Floating Rate Notes

(i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(m). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to ISDA Determination, FBF Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate.

For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the relevant ISDA Definitions and under which:

- (i) If the relevant Final Terms specify either “2006 ISDA Definitions” or “2021 ISDA Definitions” as the applicable ISDA Definitions:
 - (a) the Floating Rate Option is as specified in the relevant Final Terms;
 - (b) the Designated Maturity is a period specified in the relevant Final Terms;
 - (c) the relevant Reset Date is the day specified as such in the relevant ISDA Definitions unless otherwise specified in the relevant Final Terms; and
 - (d) if the specified Floating Rate Option is an Overnight Floating Rate Option, “Compounding” is specified to be applicable in the relevant Final Terms and:
 - (1) “Compounding with Lookback” is specified as the “Compounding Method” in the relevant Final Terms, “Lookback” is the number of Applicable Business Days specified in the relevant Final Terms;
 - (2) “Compounding with Observation Period Shift” is specified as the “Compounding Method” in the relevant Final Terms, (a) “Observation Period Shift” is the number of Observation Period Shift Business Days specified in the relevant Final Terms, and (b) “Observation Period Shift Additional Business Days”, if applicable, are the days specified in the relevant Final Terms; or
 - (3) “Compounding with Lockout” is specified as the “Compounding Method” in the relevant Final Terms, (a) “Lockout” is the number of Lockout Period Business Days specified in the relevant Final Terms, and (b) “Lockout Period Business Days”, if applicable, are the days specified in the relevant Final Terms;
 - (e) if the specified Floating Rate Option is an Overnight Floating Rate Option, “Averaging” is specified to be applicable in the relevant Final Terms and:
 - (1) “Averaging with Lookback” is specified as the “Averaging Method” in the relevant Final Terms, “Lookback” is the number of Applicable Business Days as specified in relevant Final Terms;

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (B), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (a) the Floating Rate is as specified in the relevant Final Terms; and
- (b) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.

For the purposes of this sub-paragraph (B), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Determination Date** (*Date de Détermination du Taux Variable*)”, “**Designated Maturity**”, “**Reset Date**” and “**Transaction**” have the meanings given to those

terms in the FBF Definitions, provided that “**Euribor**” means the rate calculated for deposits in Euro which appears on the Reuters screen page EURIBOR01.

(C) Screen Rate Determination for Floating Rate Notes

(a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as is provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or any other such page as may replace that page on the relevant service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) as at 11.00 a.m. Brussels time in the case of EURIBOR on the Interest Determination Date in question. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

(b) If the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as is provided below, the Issuer shall, upon request of and after consultation with the Calculation Agent, procure that the Calculation Agent is provided with, if the Reference Rate is EURIBOR, from the principal Euro-zone office of each of the Reference Banks, its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate if the Reference Rate is EURIBOR at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.

(c) If paragraph (b) above applies and the Calculation Agent or the Issuer, as the case may be, determines that fewer than two Reference Banks are providing offered quotations, subject as is provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent or the Issuer, as the case may be, by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if fewer than two of the Reference Banks provide the Calculation Agent or the Issuer, as the case may be, with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which if the Reference Rate is

EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent or the Issuer, as the case may be, it is quoting to leading banks in, if the Reference Rate is EURIBOR, the Euro zone inter-bank market, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, in particular when no quotation is provided by any Reference Bank, the Rate of Interest shall be based on the last Reference Rate available on the Relevant Screen Page (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

- (d) Where €STR is specified as the Reference Rate in the relevant Final Terms in respect of the Floating Rate Notes, the Rate of Interest may be calculated using either “€STR-LOOKBACK-COMPOUND” or “€STR-SHIFT-COMPOUND” plus or minus (as indicated in the relevant Final Terms) the Margin (if any), as follows:

“€STR-LOOKBACK-COMPOUND” means the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the daily euro short-term rate) which will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

“**€STR-SHIFT-COMPOUND**” means the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the daily euro short-term rate) which will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

“**d**” is the number of calendar days in the relevant Observation Period;

If the €STR is not published, as specified above, on any particular T2 Business Day and no €STR Index Cessation Event (as defined below) has occurred, the €STR for such T2 Business Day shall be the rate equal to €STR in respect of the last T2 Business Day for which such rate was published on the Website of the European Central Bank.

If the €STR is not published, as specified above, on any particular T2 Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR by the ECB Recommended Rate or the Modified EDFR (the “**€STR Replacement Rate**”), as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14 (*Notices*).

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date, (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR or (iii) if there no such preceding Interest Determination Date and there is no published ECB Recommended Rate or Modified EDFR available, as if the rate of €STR for each T2 Business Day in the €STR Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published €STR (though substituting in each case, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent’s (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) sole discretion, and (iii)

notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

“**SONIA Compounded Index_y**” means the SONIA Compounded Index value on the day falling a number of London Banking Days equal to the Observation Shift Days preceding the Interest Payment Date relating to such Interest Accrual Period (or in the final Interest Accrual Period, the Maturity Date);

“**SONIA**” in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (SONIA) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, on the London Banking Day immediately following such London Banking Day;

“**SONIA Compounded Index**” in relation to any London Banking Day shall be the SONIA Compounded Index value provided by the administrator of SONIA to authorised distributors on or about 9:00 a.m. (London Time), and as then published on the Relevant Screen Page, or if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors. In the event that the SONIA Compounded Index value originally published by the administrator of SONIA on or about 9:00 a.m. (London Time) on any London Banking Day is subsequently corrected and such corrected value is published by the administrator of SONIA on the original date of publication, then such corrected value, instead of the value that was originally

published, shall be deemed the SONIA Compounded Index value.

If the SONIA Compounded Index is unavailable on the Relevant Screen Page on any Sonia Compounded Index determination date, the “SONIA-COMPOUND” shall be calculated on any Interest Determination Date with respect to an Interest Accrual Period in accordance with “SONIA-SHIFT-COMPOUND” and the term “Observation Shift Days” shall mean the number of London Banking Days specified in the relevant Final Terms.

If, in respect of a London Banking Day “i-pLBD” or “i”, as applicable, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be:

1. (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate (the “**SONIA Replacement Rate**”); or
2. if such Bank Rate is not available, the SONIA published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or, if more recent, the latest rate determined under (1) above.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent's (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(e), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of the then current SONIA by the SONIA Replacement Rate or any other amendments to the Terms and Conditions of the Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) an MREL or TLAC Disqualification Event or (in the case of Subordinated Notes) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SONIA Replacement Rate will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), and the SONIA Replacement Rate for the relevant Interest Accrual Period will be equal to the last SONIA available on the SONIA Screen Page as determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms).

- (f) When SOFR is specified as the Reference Rate in the relevant Final Terms in the respect of the Floating Rate Notes, the SOFR rate of interest determination, as specified in the relevant Final Terms (the "**SOFR Rate of Interest Determination**"), in which the Rate of Interest is to be determined could be either SOFR Arithmetic Mean, SOFR Lockout Compound, SOFR Lookback Compound, SOFR Shift Compound or SOFR Index, as follow:
 - (x) if SOFR Arithmetic Mean is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period shall be the arithmetic mean of the SOFR rates for each day during the period, plus or minus (as specified in the relevant Final Terms) the Margin (if any), as calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), where the SOFR rate on the SOFR Rate Cut-Off Date shall be used for the days in the period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Interest Payment Date (excluded);

- (y) if SOFR Lockout Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-LOCKOUT-COMPOUND plus or minus (as indicated in the relevant Final Terms) the Margin (if any);
- (z) if SOFR Lookback Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below be USD-SOFR-LOOKBACK-COMPOUND plus or minus (as indicated in the relevant Final Terms) the Margin (if any);
- (xx) if SOFR Shift Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below be USD-SOFR-SHIFT-COMPOUND plus or minus (as indicated in the relevant Final Terms) the Margin (if any); or
- (yy) if SOFR Index is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-INDEX plus or minus (as indicated in the relevant Final Terms) the Margin (if any);

For the purpose of this Condition 3(d)(ii)(C)(f):

If the Calculation Agent or another entity appointed by the Issuer determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent or another entity appointed by the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time.

If a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, any determination, decision or election that may be made by the Calculation Agent or another entity appointed by the Issuer pursuant to this Condition 3(d)(ii)(C)(f), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent or another entity appointed by the Issuer, as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Programme or the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(f), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of then-current SOFR Benchmark by the SOFR Benchmark Replacement or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) an MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant

Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SOFR Benchmark Replacement will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) and the SOFR Benchmark Replacement will be the SOFR determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) as of the U.S. Government Securities Business Day immediately preceding the Benchmark Replacement Date.

If a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR, the provisions set forth in the definition of “SOFR” below shall apply.

SOFR Index Unavailability: If SOFR Index_{Start} or SOFR Index_{End} is not published on the relevant Interest Determination Date and a Benchmark Transition Event and its related Benchmark Replacement Date have not occurred with respect to SOFR, “USD-SOFR-INDEX” will mean, for the relevant Interest Accrual Period for which such index is not available, the rate of return on a daily compounded interest investment calculated in accordance with the formula for SOFR Averages, and definitions required for such formula, published on the New York Federal Reserve’s Website. - (ii) if the Secured Overnight Financing Rate in respect of such U.S. Government Securities Business Day does not appear as specified in paragraph (i) above, unless both a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, the Secured Overnight Financing Rate in respect of the last U.S. Government Securities Business Day for which such rate was published on the New York Federal Reserve's (or such successor administrator's) Website; or
- (iii) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred,
 - (X) the sum of: (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current Benchmark for the applicable corresponding tenor and (b) the Benchmark Replacement Adjustment,

- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Calculation Agent or another entity appointed by the Issuer giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

“Benchmark Replacement Conforming Changes” means, with respect to any Benchmark Replacement, any technical, administrative or operational changes (including changes to the definition of “Interest Accrual Period”, timing and frequency of determining rates and making payments of interest, rounding of amounts or tenors, and other administrative matters) that the Calculation Agent or another entity appointed by the Issuer decide may be appropriate to reflect the adoption of such Benchmark Replacement in a manner substantially consistent with market practice (or, if the Calculation Agent or another entity appointed by the Issuer decide that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent or another entity appointed by the Issuer determine that no market practice for use of the Benchmark Replacement exists, in such other manner as the Calculation Agent or another entity appointed by the Issuer determine is reasonably necessary).

“Benchmark Replacement Date” means the earliest to occur of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) in the case of paragraph (i) or (ii) of the definition of “Benchmark Transition Event”, the later of (a) the date of the public statement or publication of information referenced therein and (b) the date on which the administrator of the Benchmark permanently or indefinitely ceases to provide the Benchmark; or
- (ii) in the case of paragraph (iii) of the definition of “Benchmark Transition Event”, the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);
 - (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);
- or

- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark announcing that the Benchmark is no longer representative.

“**ISDA Fallback Rate**” means the rate that would be effective upon the occurrence of Benchmark Transition Event, where such rate may have been adjusted for an overnight tenor, but without giving effect to any additional spread adjustment to be applied according to such ISDA Definition.

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

If the Calculation Agent or another entity appointed by the Issuer, failing which the Issuer, determines at any time prior to the SARON Reference Time on any Zurich Banking Day that a SARON Index Cessation Event and the related SARON Index Cessation Effective Date have occurred, the Calculation Agent or another entity appointed by the Issuer, as applicable, shall determine the SARON Replacement.

If the Issuer is notified by the Calculation Agent, or any another entity appointed by the Issuer, that there is no Recommended SARON Replacement Rate and the SNB Policy Rate for any Zurich Banking Day with respect to which SARON is to be determined has not been published on such Zurich Banking Day (the “**Affected Zurich Banking Day**”), then the Issuer will appoint an agent (the “**Replacement**”

Rate Determination Agent”) on or prior to the first Zurich Banking Day in respect of which a Saron Index Cessation Event and related Saron Index Cessation Effective Date have occurred and for which the SNB Policy Rate has not been published.

The Replacement Rate Determination Agent will determine whether to use an alternative rate to Saron for the Affected Zurich Banking Day and for all subsequent Zurich Banking Days in the Saron Observation Period in which the Affected Zurich Banking Day falls (the “**Affected Saron Observation Period**”) and all Saron Observation Periods thereafter.

For the purposes of determining the Rate of Interest or Rate, as the case may be:

- I. the Replacement Rate Determination Agent shall determine: (A) the method for determining the Saron Replacement (including any alternative method for determining the Saron Replacement if such alternative rate is unavailable on the relevant Interest Determination Date), which method shall be consistent with industry-accepted practices for the Saron Replacement and (B) any adjustment factor as may be necessary to make the Saron Replacement comparable to the then-current Saron Benchmark consistent with industry-accepted practices for the Saron Replacement;
- II. for the Affected Zurich Banking Day and all subsequent Zurich Banking Days in the Affected Saron Observation Period and all Saron Observation Periods thereafter, references to Saron in the Terms and Conditions shall be deemed to be references to the Saron Replacement, including any alternative method for determining such rate and any adjustment factor as described in sub-clause I above;
- III. the Replacement Rate Determination Agent may make Saron Replacement Conforming Changes with respect to the Notes from time to time;
- IV. any determination, decision or election that may be made by the Replacement Rate Determination Agent pursuant to this Condition 3(d)(ii)(C)(g) including any Saron Replacement Conforming Changes or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to the relevant Notes, will be conclusive and binding absent manifest error and will be made by the Replacement Rate Determination Agent acting in good faith and a commercially reasonable manner;
- V. to the extent that there is any inconsistency between this Condition and any other Terms and Conditions, this Condition 3(d)(ii)(C)(g) shall prevail with respect to any Notes for which the Rate of Interest is calculated in accordance with this Condition 3(d)(ii)(C)(g);
- VI. the Calculation Agent may determine that it is appropriate for a Saron Replacement to replace the then-current Saron Benchmark and apply any Saron Replacement Conforming Changes in respect of any subsequent Saron Index Cessation Event; and
- VII. where a Saron Index Cessation Event or details of it are announced prior to the relevant Saron Index Cessation Effective Date then the

Replacement Rate Determination Agent may on or after such earlier announcement date give notice to Noteholders in accordance with Condition 14 of the relevant changes which will be made to the Notes, provided that, such changes will only take effect as of the SARON Index Cessation Effective Date.

Any determination, decision or election that may be made by the Calculation Agent, the Replacement Rate Determination Agent or another entity appointed by the Issuer pursuant to this Condition 3(d)(ii)(C)(g), as applicable, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent, the Replacement Rate Determination Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(g), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, the Replacement Rate Determination Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of then-current SARON Benchmark by the SARON Replacement or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) a MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SARON Replacement will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) and the SARON Replacement for the relevant Interest Accrual Period will be the SARON determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) as of the Zurich Banking Day immediately preceding the SARON Index Cessation Effective Date.

For the purpose of this condition 3(d)(ii)(C)(g):

- (b) if the Recommending Body has not recommended such a spread, formula or methodology as described in clause (a) above to be applied to such

Recommended SARON Replacement Rate, for the purposes of determining SARON, the Calculation Agent will determine the spread, acting in good faith and in a commercially reasonable manner, to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with such Recommended SARON Replacement Rate. The Calculation Agent will take into account industry-accepted practices for fixed income securities with respect to which such Recommended SARON Replacement Rate has replaced the Swiss Average Rate Overnight as the reference rate for the purposes of determining the applicable rate of interest thereon;

“Recommended SARON Replacement Rate” means the rate that has been recommended as the replacement for the Swiss Average Rate Overnight by any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for the purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the **“Recommending Body”**);

- (b) a public statement or publication of information by the SARON Administrator or any competent authority announcing that (x) the Swiss Average Rate Overnight is no longer representative or will as of a certain date no longer be representative, or (y) the Swiss Average Rate Overnight may no longer be used after a certain date, which statement, in the case of sub-clause (y), is applicable to (but not necessarily limited to) fixed income securities and derivatives.

“**SNB Adjustment Spread**” means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for the purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner, taking into account the historical median between the Swiss Average Rate Overnight and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred); and

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{TONA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

If TONA in respect of any Tokyo Banking Day is subsequently corrected and provided by the administrator of TONA to authorised distributors of TONA and published on the Relevant Screen Page no later than the Correction Cut-off Time (if any) or, if later (or there is no such Correction Cut-off Time), one hour after the rate for such Tokyo Banking Day is published on the Relevant Screen Page, then TONA in respect of such Tokyo Banking Day shall be the subsequently corrected and published rate appearing on the Relevant Screen Page.

If the Calculation Agent or another entity appointed by the Issuer, failing which the Issuer, determines at any time prior to the TONA Reference Time on any Tokyo Banking Day that a TONA Index Cessation Event has occurred, then the rate in respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date will be the JPY Recommended Rate. If there is a JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date, but neither the administrator nor authorised distributors provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. However, if there is no last provided or published JPY Recommended Rate, then in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published TONA.

If:

- (a) there is no JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date; or
- (b) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs in respect of such JPY Recommended Rate,

then the rate in respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date or a JPY Recommended Rate Fixing Day occurring on or after the JPY Recommended Rate Index Cessation Effective Date, as the case may be, will be a commercially reasonable alternative for TONA or the JPY Recommended Rate, as the case may be, as determined by the Calculation Agent or another entity appointed by the Issuer, as applicable, acting in good faith and in a commercially reasonable manner, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Calculation Agent or another entity appointed by the Issuer, as applicable, considers sufficient for that rate to be a representative alternative rate.

Any determination, decision or election that may be made by the Calculation Agent or another entity appointed by the Issuer pursuant to this Condition 3(d)(ii)(C)(h), as applicable, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(h), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of then-current TONA or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) a MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no replacement of TONA will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) and the replacement of then-current TONA for the relevant Interest Accrual Period will be the TONA determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) as of the Tokyo Banking Day immediately preceding the TONA Index Cessation Effective Date.

- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the JPY Recommended Rate, the central bank for the currency of the JPY Recommended Rate, an insolvency official with jurisdiction over the administrator of the JPY Recommended Rate, a resolution authority with jurisdiction over the administrator of the JPY Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the JPY Recommended Rate, which states that the administrator of the JPY Recommended Rate has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate;

Day immediately following such Tokyo Banking Day. If no such rate is published by the administrator of TONA or an authorised distributor and is not otherwise provided by the administrator of TONA other than as a consequence of a TONA Index Cessation Event, then TONA for such Tokyo Banking Day will be TONA last provided or published on the Relevant Screen Page (or as otherwise published by relevant authorised distributors) that appears at approximately 10.00 a.m. (Tokyo time) on the Bank of Japan's Website on the Tokyo Banking Day immediately following such Tokyo Banking Day.

“TONA Reference Time” means, with respect to any determination of TONA, 10.00 a.m. (Tokyo time) on the Tokyo Banking Day immediately following the date of such determination.

- (i) If (y) a Benchmark Trigger Event occurs in relation to an Original Reference Rate at any time or (z) the fallback provisions provided in (b) and (c) of this Condition 3(d)(ii)(C) and in Condition 3(f)(ii) fail to provide a means of determining the Original Reference Rate, when the Terms and Conditions of any Floating Rate Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in (b) and (c) of this Condition 3(d)(ii)(C) and over the fallback provisions set out in Condition 3(f)(ii), it being specified that this condition 3(d)(ii)(C)(i) shall not apply when €STR, SONIA, SOFR, SARON or TONA is the applicable Reference Rate:

(A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Reference Rate, failing which, an Alternative Reference Rate (in accordance with Condition 3(d)(ii)(C)(i)(B)) and, in either case, an Adjustment Spread if any (in accordance with Condition 3(d)(ii)(C)(i)(C)) and any Benchmark Amendments (in accordance with Condition 3(d)(ii)(C)(i)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(d)(ii)(C)(i) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. (B) Successor Reference Rate or Alternative Reference Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Reference Rate, then such Successor Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(i)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(i)); or
- (ii) there is no Successor Reference Rate but there is an Alternative Reference Rate, then such Alternative Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(i)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(i)).

(C) Adjustment Spread

If the Rate Determination Agent determines, acting in good faith and in a commercially reasonable manner that (i) an Adjustment Spread is required to be applied to the Successor Reference Rate or the Alternative Reference Rate and (ii) the quantum of, or a formula or methodology for determining such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Reference Rate or the Alternative Reference Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Reference Rate or Alternative Reference Rate (as applicable).

(D) Benchmark Amendments

If any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread is determined in accordance with this Condition 3(d)(ii)(C)(i) and the Rate Determination Agent determines, acting in good faith and in a commercially reasonable manner (i) that amendments to these Terms and Conditions are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any) (such amendments, the “**Benchmark Amendments**”) and (ii) the specific terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 3(d)(ii)(C)(i)(E), without any requirement for the consent or approval of Noteholders, vary these Terms and Conditions to the extent needed to give effect to such Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Reference Rate or Alternative Reference Rate and

the Adjustment Spread and the Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread and Benchmark Amendments (as the case may be), determined under this Condition 3(d)(ii)(C)(i) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Benchmark Trigger Event has occurred, (ii) the Successor Reference Rate or the Alternative Reference Rate and, (iii) any Adjustment Spread and/or (iv) any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(d)(ii)(C)(i); and
- (ii) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent's ability to rely on such certificate as aforesaid, the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Reference Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent; or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Reference Rate or, failing which, an Alternative Reference Rate in accordance with Condition 3(d)(ii)(C)(i)(B) prior to the relevant Interest Determination Date or (iii) the Issuer determines that the replacement of the Original Reference Rate with the Successor Reference Rate or an Alternative Reference Rate and, in either case, any Adjustment Spread and/or any Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator and/or the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Reference Rate or CMS Reference Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Interest Accrual Period shall be equal to the last Reference Rate or CMS Reference Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(d)(ii)(C)(i) *mutatis mutandis*, on one or more occasions until a Successor Reference Rate or Alternative Reference Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 3(d)(ii)(C)(i).

(G) Fallback in respect of the Successor Reference Rate or Alternative Reference Rate

If (y) a Benchmark Trigger Event occurs in relation to a Successor Reference Rate or Alternative Reference Rate at any time or (z) the fallback provisions provided for in Condition 3(d)(ii)(C)(b) and Condition 3(d)(ii)(C)(c) and in Condition 3(f)(ii) fail to provide a means of determining the Successor Reference Rate or Alternative Reference Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(d)(ii)(C)(i) shall apply as if the Successor Reference Rate or Alternative Reference Rate were the Original Reference Rate.

- (j) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC 10, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered quotation (expressed as a percentage rate *per annum*) for the EUR-TEC10-CNO¹ calculated by the *Comité de Normalisation Obligataire*, which appears on the Relevant Screen Page, being Reuters Screen CNOTEC10 Page or any successor page, as at 10.00 a.m. (Paris time) on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (*Obligation Assimilable du Trésor*, “**OAT**”) corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the “**Reference OATs**”) whose periods to maturity are

closest in duration to the notional 10 year OAT, one Reference OAT's duration being less than 10 years and the other Reference OAT's duration being greater than 10 years.

If, on any Interest Determination Date, such rate does not appear on Reuters Screen CNOTEC10 Page or any successor page, (i) EUR-TEC 10-CNO shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OATs, which would have been used by the *Comité de Normalisation Obligatoire* for the calculation of EUR-TEC10-CNO, quoted by five *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. Paris time on the Interest Determination Date in question; (ii) the Issuer will procure that, upon request of and after consultation with the Calculation Agent, each *Spécialiste en Valeurs du Trésor* provides the Calculation Agent with a quotation of its price; and (iii) EUR-TEC10-CNO will be the redemption yield of the arithmetic mean of such quotations as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligatoire* for the determination of EUR-TEC10-CNO.

- (k) Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(e) Rate of Interest on Inflation Linked Notes

- (i) *Interest Payment Dates*: Each Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(m). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.
- (ii) *Consumer Price Index (CPI)*

Where the non-revised consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “INSEE”) (“CPI”) is specified as the Index in the relevant Final Terms, this Condition 3(e)(ii) shall apply. Terms defined in this Condition 3(e)(ii) shall have the meanings set out below only when this Condition 3(e)(ii) and, where applicable, Condition 3(e)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(ii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(l)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

$$\text{CPI Daily Inflation Reference Index} = \text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**” being the price index of month M - 2; and

“**CPI Monthly Reference Index_{M-3}**” being the price index of month M - 3.

Notwithstanding Condition 3(l)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg page TRESOR or any successor page of any of them and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (b) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire – www.cnofrance.org*) in its July 2011 Paper entitled “Inflation-linked bonds”. In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond

Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- (c) (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading “*indice de substitution*”. Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
 - (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M =

$$\text{CPI Monthly Reference Index}_{M-1} \times \left[\frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \right]^{\frac{1}{12}}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}_{\text{New Basis}}^{\text{Date D}} = \frac{\text{CPI Monthly Reference Index}_{\text{Previous Basis}}^{\text{Date D}}}{\text{Index}} \times \text{Key}$$

(iii) *Harmonised Index of Consumer Prices (HICP)*

Where the non-revised harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms, this Condition 3(e)(iii) shall apply. Terms defined in this Condition 3(e)(iii) shall have the meanings set out below only when this Condition 3(e)(iii) and, where applicable, Condition 3(e)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(iii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(l)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**” being the price index of month M – 2; and

“**HICP Monthly Reference Index_{M-3}**” being the price index of month M – 3.

Notwithstanding Condition 3(l)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01 or any successor page, on the website www.aft.gouv.fr and on Bloomberg page TRESOR or any successor page.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (b) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (c) (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”)

shall be determined by the Calculation Agent in accordance with the following provisions:

- (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
- (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \left[\frac{\text{HICP Monthly Reference Index}_{M-1}}{\text{HICP Monthly Reference Index}_{M-13}} \right]^{\frac{1}{12}}$$

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index}_{\text{Date D New Basis}} = \text{HICP Monthly Reference Index}_{\text{Date D Previous Basis}} \times \text{Key}$$

Where any Specified Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 3(j), the Interest Amounts and the Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent(s) or the Make-Whole Calculation Agent(s), as applicable, shall (in the absence of manifest error) be final and binding upon all parties.

6 Taxation

(a) *Withholding Tax*

All payments of principal, interest and other assimilated revenues by or on behalf of the Issuer in respect of the Notes, Receipts and Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(b) *Additional Amounts*

Other than in relation to payments of principal in respect of the Notes, if French laws or regulations should require that payments of interest or other revenues in respect of such Notes and where applicable any related Receipts and Coupons be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts in respect of Notes and where applicable, any related Receipts and Coupons as shall result in receipt by the Noteholders, or, if applicable the Receiptholders or the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable, as the case may be:

- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder, or, if applicable, a Receiptholder or a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt, or Coupon, by reason of his having some connection with France other than the mere holding of such Note, Receipt or Coupon; or
- (ii) **Presentation more than 30 days after the Relevant Date:** more than 30 calendar days after the Relevant Date, except to the extent that the Noteholder or, if applicable, a Receiptholder or a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting such Note, Receipt or Coupon, as the case may be, for payment on the thirtieth such day; or
- (iii) **FATCA withholding:** where such withholding or deduction is imposed pursuant to FATCA, or its subsequent implementation into the French law.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect thereof first becomes due or (if any amount of the money payable is

improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Noteholders in accordance with Condition 14 that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 4 or any amendment or supplement to it and (ii) “**interest**” shall be deemed to include (x) all Interest Amounts and all other amounts payable pursuant to Condition 4 or any amendment or supplement to it and (y) any additional amounts which may be payable under this Condition 6.

7 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 6).

8 Events of Default

(a) *Senior Preferred Notes*

This Condition 8(a) shall apply in respect of any Tranche of Senior Preferred Notes unless the relevant Final Terms specify “No Event of Default” (as defined below) in respect of a Tranche of Senior Preferred Notes.

If any of the following events (“**Events of Default**”) occurs and is continuing, the holder of any Senior Preferred Note may give written notice to the Fiscal Agent at its specified office that such Note is immediately repayable, whereupon the Early Redemption Amount of such Note together with accrued interest to the date of payment shall become immediately due and payable:

- (i) if default is made in the payment of any principal or interest due on such Notes or any of them on the due date and such default continues for a period of 30 days or more after written notice thereof is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of such Notes); or
- (ii) if the Issuer fails to perform or observe any of its other obligations under such Notes or any of them and (except where such failure is incapable of remedy when no notice will be required) such failure continues for a period of 60 days after written notice is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of such Notes) specifying such default and requiring the same to be remedied; or
- (iii) a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of the business (*cession totale de l'entreprise*) of the Issuer, or the Issuer is subject to similar proceedings or, in the absence of legal proceedings, the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors; or
- (iv) the Issuer sells, transfers or otherwise disposes of, directly or indirectly, the whole or a substantial part of its undertaking or assets, or the Issuer enters into or commences any proceedings in furtherance of voluntary liquidation or dissolution, except in the case of a disposal of all or substantially all of the Issuer’s assets in favour of an entity which simultaneously assumes all or substantially all of the Issuer’s liabilities including the Notes or in connection with a merger or reorganisation of the Issuer.

If the relevant Final Terms specify that no Event of Default shall apply in respect of a Tranche of Senior Preferred Notes, holders of such Notes shall not be entitled in any event to require Senior Preferred Notes to be redeemed prior to their Maturity Date. Senior Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(b) *Senior Non-Preferred Notes*

There are no events of default in respect of Senior Non-Preferred Notes and holders of such Notes are not entitled in any event to require Senior Non-Preferred Notes to be redeemed prior to their Maturity Date.

Senior Non-Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(c) *Subordinated Notes*

There are no events of default in respect of Subordinated Notes and Noteholders are not entitled in any event to require Subordinated Notes to be redeemed prior to their Maturity Date.

Subordinated Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

9 Meetings of Noteholders and Modification

(a) *Meetings of Noteholders*

The English Law Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the English Law Agency Agreement) of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in principal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, inter alia:

- (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes,
- (ii) to reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes,
- (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes,
- (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount applies to any Notes, to reduce any such Minimum and/or Maximum,

- (v) to vary any method of, or basis for, calculating the Redemption Amount, including the method of calculating the Amortised Face Amount,
- (vi) to vary the currency or currencies of payment or denomination of the Notes,
- (vii) to take any steps that as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply; or
- (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution,

in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in principal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders and Receiptholders. In addition, certain proposed modification of any terms and conditions (other than as provided for in Condition 3) of any Subordinated Notes the proceeds of which constitute Tier 2 Capital or Senior Notes can only be effected subject to the prior permission of the Relevant Regulator and/or the Relevant Resolution Authority, as the case may be, to the extent, with respect to Senior Preferred Notes, such permission is required by the Relevant Rules in relation to such modification.

Notwithstanding the foregoing, no consent of the Noteholders and, where applicable, the Couponholders and Receiptholders shall be required in order to comply with, or make any modifications or amendments to the Notes or to modify, vary, amend and restate and/or replace the Agency Agreement, the Deed of Covenant, the relevant Global Note or any other documents relating to any Series of Notes as the Issuer or the Fiscal Agent may deem necessary or desirable to reflect or incorporate, requirements, regulations, pronouncements, orders or laws imposed, required by or issued pursuant to the Bail-in or Loss Absorption Power and pursuant to the fallback provisions of Condition 3 and/or give effect to the any substitution and variation as provided for in Condition 4(n) and Condition 4(o).

(b) *Modification of English Law Agency Agreement*

The Fiscal Agent and the Issuer may agree, without the consent of the Noteholders or Couponholders, to any modification of the Notes, the Coupons or the English Law Agency Agreement which is of a formal, minor or technical nature or to cure, correct or supplement any defective provision or is made to cure, correct or supplement a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer is incorporated.

Any such modification shall be binding on the Noteholders and the Couponholders and any such modification shall be notified to the Noteholders in accordance with Condition 14) as soon as practicable thereafter.

10 Acknowledgement of Bail-In and Loss Absorption Powers

By the acquisition of Notes, each holder of such Notes and, if any applicable, any related Receipts and Coupons (which, for the purposes of this Condition 10, includes any current or future holder of a beneficial interest in such Notes, and, if applicable, such Receipts and/or Coupons) acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) or the Relevant Regulator, which may include and result in any of the following, or some combination thereof:
 - (a) the reduction of all, or a portion, of the Amounts Due (as defined below), on a permanent basis;

- (b) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to holders of such Notes and, if applicable, such Receipts and/or Coupons of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of such Notes, and, if applicable, such Receipts and/or the Coupons, as the case may be, in which case such holders of such Notes and, if applicable, such Receipts and Coupons agree to accept in lieu of their rights under such Notes and, if applicable, such Receipts and/or the Coupons, as the case may be, any such shares, other securities or other obligations of the Issuer or another person;
 - (c) the cancellation of such Notes and, if applicable, such Receipts and/or Coupons;
 - (d) the amendment or alteration of the maturity of such Notes and, if applicable, such Receipts, or amendment of the amount of interest payable on such Notes or Coupons or the date on which the interest becomes payable, including by suspending payment for a temporary period;
- (ii) that the terms of such Notes and, if applicable, such Receipts and/or Coupons are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

For these purposes, the “**Amounts Due**” are the prevailing outstanding amount of any such Notes, and any accrued and unpaid interest on such Notes that has not been previously cancelled or otherwise is no longer due.

For these purposes, the “**Bail-in or Loss Absorption Power**” is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of the BRRD, including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time, the “**20 August 2015 Decree Law**”), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the “**Single Resolution Mechanism Regulation**”), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (as defined below) (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in power following placement in resolution or otherwise.

A reference to a “**Regulated Entity**” is to any entity referred to in Section I of Article L.613-34 of the French *Code monétaire et financier* as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the “**Relevant Resolution Authority**” is to the *Autorité de contrôle prudentiel et de résolution* (the “**ACPR**”), the Single Resolution Board established pursuant to the Single Resolution Mechanism Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in or Loss Absorption Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of its group.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Notes and, if applicable, any related Receipts and/or Coupons, the

Issuer will provide a written notice to the holders of such Notes and, if applicable, Receipts and/or Coupons in accordance with Condition 14 as soon as practicable regarding such exercise of the Bail-in or Loss Absorption Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to the holders of such Notes and, if applicable, Receipts and/or Coupons. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in or Loss Absorption Power nor the effects on such Notes and, if applicable, any related Receipts and/or Coupons described above.

Neither a cancellation of such Notes and, if applicable, any related Receipts and/or Coupons, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer, nor the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to such Notes and, if applicable, any related Receipts and/or Coupons will be an event of default or otherwise constitute non-performance of a contractual obligation, or entitle any such holders to any remedies (including equitable remedies) which are hereby expressly waived.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, the Issuer and each holder of such Notes and, if applicable, Receipts and/or Coupons (including each holder of a beneficial interest in such Notes and, if applicable, any related Receipts and/or Coupons) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from such holders, and (b) the English Law Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, any Notes and, if applicable, any related Receipts or Coupons remain outstanding (for example, if the exercise of the Bail-in or Loss Absorption Power results in only a partial write-down of the principal of such Notes and, if applicable, any related Receipts and/or Coupons), then the Fiscal Agent's duties under the English Law Agency Agreement shall remain applicable with respect to such Notes and, if applicable, any related Receipts and the Coupons following such completion to the extent that the Issuer and the Fiscal Agent shall agree pursuant to an amendment to the English Law Agency Agreement.

If the Relevant Resolution Authority or the Relevant Regulator exercises the Bail-in or Loss Absorption Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority or the Relevant Regulator, any cancellation, write-off or conversion made in respect of such Notes and, if applicable, any related Receipts and/or Coupons pursuant to the Bail-in or Loss Absorption Power will be made on a pro-rata basis.

No expenses necessary for the procedures under this Condition 10, including, but not limited to, those incurred by the Issuer and the Fiscal Agent, shall be borne by any holder of such Notes or, if applicable, any related Receipts and/or Coupons.

11 Waiver of Set-Off

Unless "Waiver of Set-off" is specified as not applicable in the relevant Final Terms, no holder of any Note or, if applicable, any related Receipt or Coupon may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to such Notes, or, if applicable, any related Receipts and/or Coupons) and each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 11 is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note or, if applicable, any related Receipt and/or Coupon but for this Condition 11.

For the purposes of this Condition 11, “**Waived Set-Off Rights**” means any and all rights of or claims of any holder of any Note, Receipt or Coupon for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Note and, if applicable, any related Receipts and/or Coupons.

12 Replacement of Notes, Receipts, Coupons and Talons

If a Note, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Paying Agent in Luxembourg or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 14, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Receipt, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Receipts, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues and Consolidation

The Issuer may from time to time without the consent of the holders of any Notes or, if applicable, any related Receipts and/or Coupons but, to the extent required by the Relevant Rules, subject to the prior notification of the Relevant Regulator and/or the Relevant Resolution Authority, create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such Notes to “Issue Date” shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a Redenomination of the Notes pursuant to Condition 1, on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 14, without the consent of the holders of any Notes or, if applicable, any related Receipts and/or Coupons, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14 Notices

Notices to the holders of Notes shall be valid if, at the option of the Issuer, they are published in (i) a daily newspaper of general circulation in Europe, (ii) as long as the Notes are listed and admitted to trading on Euronext Paris and the rules of Euronext Paris so require, in a daily newspaper with general circulation in France (which is expected to be *Les Echos*), (iii) as long as the Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, in a daily newspaper with general circulation in Luxembourg (expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.luxse.com) or (iv) they are published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF. If any such publication is not practicable, notice shall be validly given if published in another leading daily English

language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s) is/are situated.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

15 Contracts (Rights of Third Parties) Act 1999

The Notes confer no rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes, but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

16 Governing Law and Jurisdiction

(a) Governing Law

The Notes, the Receipts, the Coupons and the Talons and any non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law except for Condition 2 (*Status of the Notes*) which is governed by, and shall be construed in accordance with, French law.

(b) Jurisdiction

The Courts of England and Wales are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Receipts, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Receipts, Coupons or Talons (“**Proceedings**”) may be brought in such courts. The Issuer irrevocably submits and each holder of Notes, Receipts, Coupons or Talons (by its acquisition of a Note) is deemed to submit to the jurisdiction of the Courts of England and Wales. For the purposes of this Condition, the Issuer waives and each holder of Notes, Receipts, Coupons or Talons (by its acquisition of a Note) is deemed to waive any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum.

(c) Service of Process

The Issuer irrevocably appoints Crédit Industriel et Commercial, London branch located at Finsbury Circus House, 15 Finsbury Circus, London EC2M 7EB, United Kingdom, as its agent in England to receive, for it and on its behalf, service of process of any Proceedings in England. Such service shall be deemed complete on delivery to such process agent (whether or not it is forwarded to and received by the Issuer). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, the Issuer irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 14. Nothing shall affect the right to serve process in any manner permitted by law.

(a) Form

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).

Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts in the books of Euroclear France maintained by the Issuer or by the Registration Agent.
- (ii) Title to Materialised Notes in definitive form having, where appropriate, Coupons and/or Receipts and/or a Talon attached thereto on issue shall pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Materialised Note, Receipt, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating such holder of Materialised Notes.
- (iii) In these Conditions, “**Noteholder**” or “**holder**” means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Euroclear France Account Holder, the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Materialised Note in definitive form and the Coupons, Receipts or Talon relating to it (if any).

(d) **Conversion of Dematerialised Notes**

The exercise of any such option by the Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of the Noteholder.

(e) **Exchange of Materialised Notes**

Materialised Notes of one Specified Denomination may not be exchanged for Materialised Notes of another Specified Denomination.

(f) **Redenomination**

- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 14 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”), or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the

relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.

- (ii) The redenomination of the Notes pursuant to Condition 1(f)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.
- (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.
- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13, without the consent of the holders of any Note, Receipt, Coupon or Talon, make any changes or additions to these Conditions or Condition 13 (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such holders. Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to such holders in accordance with Condition 14 as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2 Status of the Notes

Notes may be either senior (“**Senior Notes**”) or subordinated (“**Subordinated Notes**”), as specified in the applicable Final Terms.

(a) *Status of Senior Notes*

The Senior Notes may be either senior preferred notes (“**Senior Preferred Notes**”) or senior non-preferred notes (“**Senior Non-Preferred Notes**”), as specified in the applicable Final Terms.

For the avoidance of doubt, all “unsubordinated notes” issued by the Issuer under the Euro 90,000,000,000 Euro Medium Term Note Programme prior to the date of entry into force of the law n°2016-1691 dated 9 December 2016 on 11 December 2016 constitute Senior Preferred Obligations (as defined below).

(i) *Status of Senior Preferred Notes*

Senior Preferred Notes, including where applicable any related Receipts and Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as Senior

Preferred Obligations and rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) *pari passu* with all other direct, unconditional, unsecured and senior or unsubordinated obligations of the Issuer outstanding as of the date of entry into force of the law n°2016-1691 dated 9 December 2016 on 11 December 2016;
- (ii) *pari passu* with all other present or future Senior Preferred Obligations of the Issuer;
- (iii) junior to all present or *future* obligations of the Issuer benefiting from statutorily preferred exceptions; and
- (iv) senior to all present or future Senior Non-Preferred Obligations (as defined below) of the Issuer (including any Senior Non-Preferred Notes) and any obligations ranking *pari passu* or junior to Senior Non-Preferred Obligations of the Issuer.

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future creditors and holders of, or creditors in respect of, claims benefiting from statutory preferred exceptions (“**Preferred Creditors**”) and, subject to such payment in full, the holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future senior non-preferred obligations of the Issuer. In the event of incomplete payment of Preferred Creditors, the obligations of the Issuer in connection with the Senior Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

For the purposes of these Conditions:

“**Senior Non-Preferred Obligations**” means any senior obligations (including the Senior Non-Preferred Notes) of, or other senior instruments issued by, the Issuer which fall or are expressed to fall within the category of obligations described in Article L. 613-30-3-I-4°. and Article R. 613-28 of the French *Code monétaire et financier*.

“**Senior Preferred Obligations**” means any senior obligations (including the Senior Preferred Notes) of, or other senior instruments issued by, the Issuer, which fall or are expressed to fall within the category of obligations described in Article L. 613-30-3-I-3°. of the French *Code monétaire et financier*.

(ii) ***Status of Senior Non-Preferred Notes***

Senior Non-Preferred Notes including, where applicable any related Receipts and Coupons, will constitute direct, unconditional, unsecured and senior obligations of the Issuer ranking as Senior Non-Preferred Obligations and rank and will rank equally and rateably without any preference or priority among themselves and:

- (i) *pari passu* with all other present or future Senior Non-Preferred Obligations of the Issuer;
- (ii) junior to all present or future Senior Preferred Obligations of the Issuer; and
- (iii) senior to all present or future subordinated obligations of the Issuer (including any Subordinated Notes) and any obligations ranking *pari passu* or junior to subordinated

obligations of the Issuer.

Subject to applicable law, in the event any judgment is rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason, the rights of payment of the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be subject to the payment in full of all present or future senior preferred creditors and holders of, or creditors in respect of, obligations expressed by their terms to rank in priority to the Senior Non-Preferred Notes and of those preferred by mandatory and/or overriding provisions of law (collectively, “**Senior Preferred Creditors**”) and, subject to such payment in full, the holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be paid in priority to any present or future subordinated obligations of the Issuer. In the event of incomplete payment of Senior Preferred Creditors, the obligations of the Issuer in connection with the Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons will be terminated. The holders of Senior Non-Preferred Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation of the Issuer in relation to any claims they may have against the Issuer.

(b) Status of Subordinated Notes

It is the intention of the Issuer that the proceeds of the issue of the Subordinated Notes be treated for regulatory purposes as Tier 2 Capital. The status and ranking provisions of Condition 2(b)(i) will apply with respect to the status and ranking provisions of the Subordinated Notes for so long as such Subordinated Notes are treated for regulatory purposes as Tier 2 Capital (such Subordinated Notes being hereafter referred to as “**Qualifying Subordinated Notes**”). Should any outstanding Qualifying Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) be fully excluded from Tier 2 Capital (“**Disqualification Event**”) (Subordinated Notes affected by a Disqualification Event being hereafter referred to as “**Disqualified Subordinated Notes**”), the status and ranking provisions of Condition 2(b)(ii) will forthwith replace and supersede the status and ranking provisions of Condition 2(b)(i) with respect to the status and ranking provisions of such Disqualified Subordinated Notes without the need for any action from the Issuer and without consultation of the holders of such Subordinated Notes or the holders of any other Notes outstanding at such time.

Subordinated Notes are issued pursuant to the provisions of article L.228-97 of the French *Code de commerce* and paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier*.

(i) Status of Qualifying Subordinated Notes

The Qualifying Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any), constitute and will constitute direct unconditional, unsecured and subordinated obligations (in accordance with paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier* created by Ordinance No.2020-1636 dated 21 December 2020 relating to the resolution regime in the banking sector implementing Article 48(7) of BRRD under French law (the “**Ordinance**”)) of the Issuer and rank and will rank:

- (i) *pari passu* among themselves and with all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments;
- (ii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any related Receipts and Coupons relating to them);

- (iii) *junior* to all other present and future subordinated obligations expressed by their terms to rank senior to Qualifying Subordinated Notes and, if applicable, any Receipts and Coupons relating to them;
- (iv) *junior* to any Disqualified Subordinated Notes and Disqualified Additional Tier 1 Notes of the Issuer and, if applicable, any related Receipts and Coupons relating to them; and
- (v) senior to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*engagements dits "super subordonnés" or engagements subordonnés de dernier rang*).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer, in respect of obligations referred to in (ii), (iii) and (iv) above;
- subject to such payment in full, the holders of such Qualifying Subordinated Notes and, where applicable, such Receipts and Coupons shall be paid in priority to all present and future creditors of the Issuer in respect of obligations referred to in (v) above; and
- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (ii), (iii) and (iv) above, the obligations in connection with the Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Qualifying Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

(ii) Status of Disqualified Subordinated Notes

Disqualified Subordinated Notes and, where applicable, the Receipts and Coupons relating to them (if any) constitute and will constitute direct, unconditional, unsecured and subordinated obligations (in accordance with Paragraph 5° of Article L. 613-30-3 I of the French *Code monétaire et financier* created by the Ordinance) of the Issuer and rank and will rank:

- (i) *pari passu* among themselves;
- (ii) *pari passu* with any and all instruments that have (or will have) such rank (including for the avoidance of doubt Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them);
- (iii) *junior* to all present and future unsubordinated or senior obligations of the Issuer (including Senior Notes and, if applicable, any Receipts and Coupons relating to them);
- (iv) *junior* to all other present and future subordinated obligations of the Issuer expressed by their terms to rank senior to the Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes and, if applicable, any Receipts and Coupons relating to them;
- (v) *senior* to any Qualifying Subordinated Notes of the Issuer and, if applicable, any Receipts and Coupons relating to them and to all other present or future subordinated instruments that are, or have been before 28 December 2020 (in the case of instruments issued before that date), fully or partially recognised as Tier 2 Capital of the Issuer, in accordance with

Article L.613-30-3-I-5° of the French *Code monétaire et financier* and expressed by their terms to rank *pari passu* with such instruments; and

- (vi) *senior* to any present and future *prêts participatifs* granted to the Issuer, *titres participatifs* issued by the Issuer and any deeply subordinated obligations of the Issuer (*obligations dites "super subordonnées", i.e. engagements dits "super subordonnés" or engagements subordonnés de dernier rang*).

Subject to applicable law, in the event of any judgement rendered by any competent court declaring the judicial liquidation of the Issuer or if the Issuer is liquidated for any other reason:

- the rights of payment of holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons in respect of principal and interest thereon will be subordinated to the payment in full of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above;
- subject to such payment in full, the holders of such Disqualified Subordinated Notes and, where applicable, Receipts and Coupons shall be paid in priority to all present and future creditors of the Issuer in respect of obligations referred to in (v) and (vi) above; and
- in the event of incomplete payment of all present and future creditors of the Issuer in respect of obligations referred to in (iii) and (iv) above, the obligations in connection with the Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons will be terminated.

The holders of Disqualified Subordinated Notes and, where applicable, any related Receipts and Coupons shall be responsible for taking all necessary steps for the orderly accomplishment of any such liquidation in relation to any claims they may have against the Issuer.

"Disqualified Additional Tier 1 Notes" means any deeply subordinated obligations of the Issuer and, where applicable, the Receipts and Coupons relating to them, issued on or after 28 December 2020 initially treated as additional tier 1 capital (as defined in Article 52 of the CRR) and which subsequently lost such treatment totally.

There is no negative pledge in respect of the Notes.

Without prejudice to the provisions of Condition 2 (*Status of the Notes*), in the context of a resolution, if any Bail-in or Loss Absorption Power were to be exercised (as further described in Condition 10 (*Acknowledgement of Bail-In and Loss Absorption Powers*)), and subject to certain exceptions, losses would in principle be borne first by the holders of capital instruments in the following order of priority: (i) holders of common equity tier 1 instruments, (ii) holders of additional tier 1 instruments, (iii) holders of Tier 2 Capital instruments (such as the Qualifying Subordinated Notes) and (iv) holders of other subordinated debts other than Capital instruments (such as Disqualified Subordinated Notes and the Disqualified Additional Tier 1 Notes), then by the holders of bail-inable liabilities so that losses would in principle be borne first by holders of unsecured senior non-preferred debt instruments (such as the Senior Non-Preferred Notes) and then by holders of unsecured senior preferred debt instruments (such as the Senior Preferred Notes).

For more information on the consequences of a resolution procedure initiated in respect of the Issuer and/or group Crédit Mutuel Alliance Fédérale in accordance with the provisions of BRRD II, please refer to the risk factor relating to the Issuer entitled "5.2.3.2 Risks related to the implementation of a resolution system" incorporated by reference into this Base Prospectus (see "Documents Incorporated by Reference").

3 Interest and other Calculations

(a) *Rate of Interest on Fixed Rate Notes other than Fixed Rate Notes denominated in RMB*

Each Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Specified Interest Payment Date.

(b) *Rate of Interest on Fixed Rate Notes denominated in RMB*

Notwithstanding the foregoing, each RMB Note which is a Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate *per annum* equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Specified Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Specified Interest Payment Date.

The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable for the relevant Interest Period (per Calculation Amount, in case of Materialised Notes). The determination of the amount of interest payable per Calculation Amount by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties.

The Calculation Agent will cause the amount of interest payable for each Interest Period (per Calculation Amount, in case of Materialised Notes) and the relevant Specified Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable for such Interest Period (per Calculation Amount, in case of Materialised Notes) and the Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest (per Calculation Amount, in case of Materialised Notes) shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable so calculated need be made in respect of any Interest Period.

(c) *Rate of Interest of Resetable Fixed Rate Notes*

Each Resetable Fixed Rate Note bears interest on its outstanding principal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to:

- (i) for each Interest Period falling in the period from (and including) the Interest Commencement Date to (but excluding) the First Reset Date, the Initial Rate of Interest;
- (ii) for each Interest Period falling in the period from (and including) the First Reset Date to (but excluding) the Second Reset Date or (if there is no Second Reset Date) the Maturity Date, the First Reset Rate of Interest; and
- (iii) for each Interest Period in any Subsequent Reset Period thereafter, the Subsequent Reset Rate of Interest in respect of the relevant Subsequent Reset Period.

Such interest shall be payable in arrear on each Specified Interest Payment Date.

The Calculation Agent will, as soon as reasonably practicable on each Reset Determination Date, calculate the amount of interest payable for each relevant Interest Period (per Calculation Amount, in case of Materialised Notes).

The Calculation Agent will cause such amount of interest for each Interest Period falling within each Reset Period to be notified to each of the Paying Agents and to be notified to the Noteholders and any stock exchange on which the relevant Resettable Fixed Rate Notes are listed as soon as possible after their determination and in no event later than the first day of each Reset Period.

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to an Original Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of “Mid-Swap Rate” fail to provide a means of determining the Original Mid-Swap Rate, when the Terms and Conditions of any Resettable Fixed Rate Notes provide for any reset rate of interest (or any component part thereof) to be determined by reference to such Original Mid-Swap Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in the definition of the “Mid-Swap Rate” below:

(A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Mid-Swap Rate, failing which, an Alternative Mid-Swap Rate (in accordance with Condition 3(c)(B)) and, in either case, a Mid-Swap Adjustment Spread if any (in accordance with Condition 3(c)(C)) and any Mid-Swap Benchmark Amendments (in accordance with Condition 3(c)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(c) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Rate Determination Agent shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders and, where applicable, the Couponholders and Receiptholders for any determination made by it, pursuant to this Condition 3(c).

(B) Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If the Rate Determination Agent determines in good faith that:

- (i) there is a Successor Mid-Swap Rate, then such Successor Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)); or
- (ii) there is no Successor Mid-Swap Rate but there is an Alternative Mid-Swap Rate, then such Alternative Mid-Swap Rate shall (subject to adjustment as provided in Condition 3(c)(C)) subsequently be used in place of the Original Mid-Swap Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(c)).

(C) Mid-Swap Adjustment Spread

If the Rate Determination Agent determines that (i) a Mid-Swap Adjustment Spread is required to be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and (ii) the quantum of, or a formula or methodology for determining such Mid-Swap Adjustment Spread, then such Mid-Swap Adjustment Spread shall be applied to the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Mid-Swap Rate or Alternative Mid-Swap Rate (as applicable).

(D) Mid-Swap Benchmark Amendments

If any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread is determined in accordance with this Condition 3(c) and the Rate Determination Agent determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any) (such amendments, the “**Mid-Swap Benchmark Amendments**”) and (ii) the specific terms of the Mid-Swap Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 3(c)(E) vary these Terms and Conditions to the extent needed to give effect to such Mid-Swap Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread and the Mid-Swap Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread and Mid-Swap Benchmark Amendments (as the case may be), determined under this Condition 3(c) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and the Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Mid-Swap Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Mid-Swap Benchmark Trigger Event has occurred, (ii) the Successor Mid-Swap Rate or the Alternative Mid-Swap Rate and, (iii) any Mid-Swap Adjustment Spread and/or (iv) any Mid-Swap Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(c); and
- (ii) certifying that the Mid-Swap Benchmark Amendments are necessary to ensure the proper operation of such Successor Mid-Swap Rate or Alternative Mid-Swap Rate or Mid-Swap Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent’s ability to rely on such certificate as aforesaid, the Successor Mid-Swap Rate or Alternative Mid-Swap Rate and the Mid-Swap Adjustment Spread (if any) and the Mid-Swap Benchmark Amendments (if any) specified in such certificate will be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Mid-Swap Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Mid-Swap Rate or, failing which, an Alternative Mid-Swap Rate in accordance with Condition 3(c)(B) prior to the relevant Reset Determination Date or (iii) the Issuer determines that the replacement of the Original Mid-Swap Rate with the Successor Mid-Swap Rate or an Alternative Mid-Swap Rate and, in either case, any Mid-Swap Adjustment Spread and/or any Mid-Swap Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator and/or the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Mid-Swap Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Reset Period shall be equal to the last Mid-Swap Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(c) *mutatis mutandis*, on one or more occasions until a Successor Mid-Swap Rate or Alternative Mid-Swap Rate (and, if applicable, any associated Mid-Swap Adjustment Spread and/or Mid-Swap Benchmark Amendments) has been determined and notified in accordance with this Condition 3(c).

(G) Fallback in respect of the Successor Mid-Swap Rate or Alternative Mid-Swap Rate

If (y) a Mid-Swap Benchmark Trigger Event occurs in relation to a Successor Mid-Swap Rate or Alternative Mid-Swap Rate at any time or (z) the fallback provisions provided in the definition of “Mid-Swap Rate” fail to provide a means of determining the Successor Mid-Swap Rate or Alternative Mid-Swap Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(c) shall apply as if the Successor Mid-Swap Rate or Alternative Mid-Swap Rate was the Original Reference Rate.

(d) Rate of Interest on Floating Rate Notes

- (i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(l). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

- (ii) *Rate of Interest for Floating Rate Notes*: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to ISDA Determination, FBF Determination or Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate.

For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the relevant ISDA Definitions and under which:

- (i) If the relevant Final Terms specify either “2006 ISDA Definitions” or “2021 ISDA Definitions” as the applicable ISDA Definitions:

- (a) the Floating Rate Option is as specified in the relevant Final Terms;
- (b) the Designated Maturity is a period specified in the relevant Final Terms;
- (c) the relevant Reset Date is the day specified as such in the relevant ISDA Definitions unless otherwise specified in the relevant Final Terms; and
- (d) if the specified Floating Rate Option is an Overnight Floating Rate Option, “Compounding” is specified to be applicable in the relevant Final Terms and:

(1) “Compounding with Lookback” is specified as the “Compounding Method” in the relevant Final Terms, “Lookback” is the number of Applicable Business Days specified in the relevant Final Terms;

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate. For the purposes of this sub-paragraph (B), “**FBF Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

(C) Screen Rate Determination for Floating Rate Notes

- (a) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as is provided below, be either:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations,

(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or any other such page as may replace that page on the relevant service, or such other service as may be nominated as the information vendor, for the purpose of displaying comparable rates) as at 11.00 a.m. Brussels time in the case of EURIBOR on the Interest Determination Date in question. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or, if sub-paragraph (a)(i) applies and no such offered quotation appears on the Relevant Screen Page or, if sub-paragraph (a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as is provided below, the Issuer shall, upon request of and after consultation with the Calculation Agent, procure that the Calculation Agent is provided with, if the Reference Rate is EURIBOR, from the principal Euro-zone office of each of the Reference Banks, its offered quotation (expressed as a percentage rate *per annum*) for the Reference Rate, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
- (c) If paragraph (b) above applies and the Calculation Agent or the Issuer, as the case may be, determines that fewer than two Reference Banks are providing offered quotations, subject as is provided below, the Rate of Interest shall be the arithmetic mean of the rates *per annum* (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent or the Issuer, as the case may be, by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate

is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market or, if fewer than two of the Reference Banks provide the Calculation Agent or the Issuer, as the case may be, with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent or the Issuer, as the case may be, it is quoting to leading banks in, if the Reference Rate is EURIBOR, the Euro zone inter-bank market provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, in particular when no quotation is provided by any Reference Bank, the Rate of Interest shall be based on the last Reference Rate available on the Relevant Screen Page (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

“€STR-LOOKBACK-COMPOUND” means the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the daily euro short-term rate) which will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_{i-p\text{TBD}} \times \Omega_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

“**€STR-SHIFT-COMPOUND**” means the rate of return of a daily compound interest investment (it being understood that the reference rate for the calculation of interest is the daily euro short-term rate) which will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{€STR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

If the €STR is not published, as specified above, on any particular T2 Business Day and both an €STR Index Cessation Event and an €STR Index Cessation Effective Date have occurred, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date will be determined as if references to €STR were references to the ECB Recommended Rate.

If no ECB Recommended Rate has been recommended before the end of the first T2 Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR by the ECB Recommended Rate or the Modified EDFR (the “**€STR Replacement Rate**”), as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14 (*Notices*).

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date, (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each T2 Business Day in the relevant €STR Observation Period occurring on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR or (iii) if there no such preceding Interest Determination Date and there is no published ECB Recommended Rate or Modified EDFR available, as if the rate of €STR for each T2 Business Day in the €STR Observation Period on or after such €STR Index Cessation Effective Date were references to the latest published €STR (though substituting in each case, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes

became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent's (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

“**London Banking Day**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**Observation Period**” means, in respect of each Interest Accrual Period, the period from (and including) the date falling a number of London Banking Days equal to the Observation Shift Days preceding the first day of such Interest Accrual Period to (but excluding) the date falling a number of London Banking Days equal to the Observation Shift Days preceding the Interest Payment Date for such Interest Accrual Period (or in the final Interest Accrual Period, the Maturity Date);

“**Observation Shift Days**” means the number of London Banking Days specified in the relevant Final Terms;

“**SONIA Compounded Index_x**” means the SONIA Compounded Index value on the day falling a number of London Banking Days equal to the Observation Shift Days preceding the first date of such Interest Accrual Period;

“**SONIA Compounded Index_y**” means the SONIA Compounded Index value on the day falling a number of London Banking Days equal to the Observation Shift Days preceding the Interest Payment Date relating to such Interest Accrual Period (or in the final Interest Accrual Period, the Maturity Date);

“**SONIA**” in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (SONIA) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, on the London Banking Day immediately following such London Banking Day;

“**SONIA Compounded Index**” in relation to any London Banking Day shall be the SONIA Compounded Index value provided by the administrator of SONIA to authorised distributors on or about 9:00 a.m. (London Time), and as then published on the Relevant Screen Page, or if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors. In the event that the SONIA Compounded Index value originally published by the administrator of SONIA on or about 9:00 a.m. (London Time) on any London Banking Day is subsequently corrected and such corrected value is published by the administrator of SONIA on the original date of publication, then such corrected value, instead of the value that was originally published, shall be deemed the SONIA Compounded Index value.

If the SONIA Compounded Index is unavailable on the Relevant Screen Page on any Sonia Compounded Index determination date, the “SONIA-COMPOUND” shall be calculated on any Interest Determination Date with respect to an Interest Accrual Period in accordance with “SONIA-SHIFT-COMPOUND” and the term “Observation Shift Days” shall mean the number of London Banking Days specified in the relevant Final Terms.

If, in respect of a London Banking Day “i-pLBD” or “i”, as applicable, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) determines that the SONIA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such SONIA shall be:

1. (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA to the Bank Rate over the previous five days on which a SONIA has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate (the “**SONIA Replacement Rate**”); or
2. if such Bank Rate is not available, the SONIA published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors) or, if more recent, the latest rate determined under (1) above.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or

Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

Any determination, decision or election that may be made by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) pursuant to this provision, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, (i) will be conclusive and binding absent manifest error, (ii) will be made in the Calculation Agent's (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) sole discretion, and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(e), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of the then current SONIA by the SONIA Replacement Rate or any other amendments to the Terms and Conditions of the Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) an MREL or TLAC Disqualification Event or (in the case of Subordinated Notes) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SONIA Replacement Rate will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), and the SONIA Replacement Rate for the relevant Interest Accrual Period will be equal to the last SONIA available on the SONIA Screen Page as determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms).

- (f) When SOFR is specified as the Reference Rate in the relevant Final Terms in the respect of the Floating Rate Notes, the SOFR rate of interest determination, as specified in the relevant Final Terms (the "**SOFR Rate of Interest Determination**"), in which the Rate of Interest is to be determined could be either SOFR Arithmetic Mean, SOFR Lockout Compound, SOFR Lookback Compound, SOFR Shift Compound or SOFR Index, as follow:

- (x) if SOFR Arithmetic Mean is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period shall be the arithmetic mean of the SOFR rates for each day during the period, plus or minus (as specified in the relevant Final Terms) the Margin (if any), as calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms), where the SOFR rate on the SOFR Rate Cut-Off Date shall be used for the days in the period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Interest Payment Date (excluded);
- (y) if SOFR Lockout Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-LOCKOUT-COMPOUND plus or minus (as indicated in the relevant Final Terms) the Margin (if any);
- (z) if SOFR Lookback Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below be USD-SOFR-LOOKBACK-COMPOUND plus or minus (as indicated in the relevant Final Terms) the Margin (if any);
- (xx) if SOFR Shift Compound is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below be USD-SOFR-SHIFT-COMPOUND plus or minus (as indicated in the relevant Final Terms) the Margin (if any); or
- (yy) if SOFR Index is specified as applicable in the relevant Final Terms, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be USD-SOFR-INDEX plus or minus (as indicated in the relevant Final Terms) the Margin (if any);

For the purpose of this Condition 3(d)(ii)(C)(f):

If the Calculation Agent or another entity appointed by the Issuer determines on or prior to the relevant Reference Time that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then-current Benchmark for all purposes relating to the Notes in respect of all determinations on such date and for all determinations on all subsequent dates.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent or another entity appointed by the Issuer will have the right to make Benchmark Replacement Conforming Changes from time to time.

If a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, any determination, decision or election that may be made by the Calculation Agent or another entity appointed by the Issuer pursuant to this Condition 3(d)(ii)(C)(f), including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent or another entity appointed by the Issuer, as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Programme or the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(f), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of then-current SOFR Benchmark by the SOFR Benchmark Replacement or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) an MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SOFR Benchmark Replacement will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) and the SOFR Benchmark Replacement will be the SOFR determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) as of the U.S. Government Securities Business Day immediately preceding the Benchmark Replacement Date.

If a Benchmark Transition Event and its related Benchmark Replacement Date have occurred with respect to SOFR, the provisions set forth in the definition of “SOFR” below shall apply.

SOFR Index Unavailability: If SOFR Index_{Start} or SOFR Index_{End} is not published on the relevant Interest Determination Date and a Benchmark Transition Event and its related Benchmark Replacement Date have not occurred with respect to SOFR, “USD-SOFR-INDEX” will mean, for the relevant Interest Accrual Period for which such index is not available, the rate of return on a daily compounded interest investment calculated in accordance with the formula for SOFR Averages, and definitions required for such formula, published on the New York Federal Reserve’s Website. For the purposes of this provision, references in the SOFR Averages compounding formula and related definitions to “calculation period” shall be replaced with “Observation Period” and the words “that is, 30-, 90-, or 180- calendar days” shall be removed. - (ii) if the Secured Overnight Financing Rate in respect of such U.S. Government Securities Business Day does not appear as specified in paragraph (i) above, unless both a Benchmark Transition Event and its related Benchmark Replacement Date have occurred, the Secured Overnight Financing Rate in respect of the last U.S. Government Securities Business Day for which such rate was published on the New York Federal Reserve’s (or such successor administrator’s) Website; or
- (iii) if a Benchmark Transition Event and its related Benchmark Replacement Date have occurred,

- (ii) if the applicable Unadjusted Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Fallback Adjustment;

- (iii) the spread adjustment (which may be a positive or negative value or zero) that has been selected by the Calculation Agent or another entity appointed by the Issuer giving due consideration to any industry-accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current Benchmark with the applicable Unadjusted Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time.

- (ii) in the case of paragraph (iii) of the definition of “Benchmark Transition Event”, the date of the public statement or publication of information referenced therein.

For the avoidance of doubt, if the event giving rise to the Benchmark Replacement Date occurs on the same day as, but earlier than, the Reference Time in respect of any determination, the Benchmark Replacement Date will be deemed to have occurred prior to the Reference Time for such determination.

“Benchmark Transition Event” means the occurrence of one or more of the following events with respect to the then-current Benchmark (including the daily published component used in the calculation thereof):

- (i) a public statement or publication of information by or on behalf of the administrator of the Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component);
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Benchmark (or such component), the central bank for the currency of the Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Benchmark

(or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Benchmark, which states that the administrator of the Benchmark (or such component) has ceased or will cease to provide the Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Benchmark (or such component); or

“ISDA Fallback Rate” means the rate that would be effective upon the occurrence of Benchmark Transition Event, where such rate may have been adjusted for an overnight tenor, but without giving effect to any additional spread adjustment to be applied according to such ISDA Definition.

“**SARON-SHIFT-COMPOUND**” means the rate of return of a daily compounded interest investment (with the SARON as the reference rate for the calculation of interest) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{SARON_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

“**d**” means the number of calendar days in the relevant SARON Observation Period;

“**d₀**”, for any SARON Observation Period, means the number of Zurich Banking Days in the relevant SARON Observation Period;

If the Notes become due and payable in accordance with the Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the relevant Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

If the Calculation Agent or another entity appointed by the Issuer, failing which the Issuer, determines at any time prior to the SARON Reference Time on any Zurich Banking Day that a SARON Index Cessation Event and the related SARON Index

Cessation Effective Date have occurred, the Calculation Agent or another entity appointed by the Issuer, as applicable, shall determine the SARON Replacement.

If the Issuer is notified by the Calculation Agent, or any another entity appointed by the Issuer, that there is no Recommended SARON Replacement Rate and the SNB Policy Rate for any Zurich Banking Day with respect to which SARON is to be determined has not been published on such Zurich Banking Day (the “**Affected Zurich Banking Day**”), then the Issuer will appoint an agent (the “**Replacement Rate Determination Agent**”) on or prior to the first Zurich Banking Day in respect of which a SARON Index Cessation Event and related SARON Index Cessation Effective Date have occurred and for which the SNB Policy Rate has not been published.

The Replacement Rate Determination Agent will determine whether to use an alternative rate to SARON for the Affected Zurich Banking Day and for all subsequent Zurich Banking Days in the SARON Observation Period in which the Affected Zurich Banking Day falls (the “**Affected SARON Observation Period**”) and all SARON Observation Periods thereafter.

For the purposes of determining the Rate of Interest or Rate, as the case may be:

- I. the Replacement Rate Determination Agent shall determine: (A) the method for determining the SARON Replacement (including any alternative method for determining the SARON Replacement if such alternative rate is unavailable on the relevant Interest Determination Date), which method shall be consistent with industry-accepted practices for the SARON Replacement and (B) any adjustment factor as may be necessary to make the SARON Replacement comparable to the then-current SARON Benchmark consistent with industry-accepted practices for the SARON Replacement;
- II. for the Affected Zurich Banking Day and all subsequent Zurich Banking Days in the Affected SARON Observation Period and all SARON Observation Periods thereafter, references to SARON in the Terms and Conditions shall be deemed to be references to the SARON Replacement, including any alternative method for determining such rate and any adjustment factor as described in sub-clause I above;
- III. the Replacement Rate Determination Agent may make SARON Replacement Conforming Changes with respect to the Notes from time to time;
- IV. any determination, decision or election that may be made by the Replacement Rate Determination Agent pursuant to this Condition 3(d)(ii)(C)(g) including any SARON Replacement Conforming Changes or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, in each case, solely with respect to the relevant Notes, will be conclusive and binding absent manifest error and will be made by the Replacement Rate Determination Agent acting in good faith and a commercially reasonable manner;
- V. to the extent that there is any inconsistency between this Condition and any other Terms and Conditions, this Condition 3(d)(ii)(C)(g) shall prevail with

respect to any Notes for which the Rate of Interest is calculated in accordance with this Condition 3(d)(ii)(C)(g);

- VI. the Calculation Agent may determine that it is appropriate for a SARON Replacement to replace the then-current SARON Benchmark and apply any SARON Replacement Conforming Changes in respect of any subsequent SARON Index Cessation Event; and
- VII. where a SARON Index Cessation Event or details of it are announced prior to the relevant SARON Index Cessation Effective Date then the Replacement Rate Determination Agent may on or after such earlier announcement date give notice to Noteholders in accordance with Condition 14 of the relevant changes which will be made to the Notes, provided that, such changes will only take effect as of the SARON Index Cessation Effective Date.

Any determination, decision or election that may be made by the Calculation Agent, the Replacement Rate Determination Agent or another entity appointed by the Issuer pursuant to this Condition 3(d)(ii)(C)(g), as applicable, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent, the Replacement Rate Determination Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(g), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, the Replacement Rate Determination Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of then-current SARON Benchmark by the SARON Replacement or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) a MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no SARON Replacement will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) and the SARON Replacement for the relevant Interest Accrual Period will be the SARON determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) as of the Zurich Banking Day immediately preceding the SARON Index Cessation Effective Date.

For the purpose of this condition 3(d)(ii)(C)(g):

- (b) if the Recommending Body has not recommended such a spread, formula or methodology as described in clause (a) above to be applied to such Recommended SARON Replacement Rate, for the purposes of determining SARON, the Calculation Agent will determine the spread, acting in good faith and in a commercially reasonable manner, to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with such Recommended SARON Replacement Rate. The Calculation Agent will take into account industry-accepted practices for fixed income securities with respect to which such Recommended SARON Replacement Rate has replaced the Swiss Average Rate Overnight as the reference rate for the purposes of determining the applicable rate of interest thereon;

“**Recommended SARON Replacement Rate**” means the rate that has been recommended as the replacement for the Swiss Average Rate Overnight by any working group or committee in Switzerland organised in the same or a similar manner as the National Working Group on Swiss Franc Reference Rates that was founded in 2013 for the purposes of, among other things, considering proposals to reform reference interest rates in Switzerland (any such working group or committee, the “**Recommending Body**”);

- (d) a public statement or publication of information by the SARON Administrator or any competent authority announcing that (x) the Swiss Average Rate Overnight is no longer representative or will as of a certain date no longer be representative, or (y) the Swiss Average Rate Overnight may no longer be used after a certain date, which statement, in the case of sub-clause (y), is applicable to (but not necessarily limited to) fixed income securities and derivatives.

“**SNB Adjustment Spread**” means, with respect to the SNB Policy Rate, the spread to be applied to the SNB Policy Rate in order to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic prejudice or benefit (as applicable) to Noteholders as a result of the replacement of the Swiss Average Rate Overnight with the SNB Policy Rate for the purposes of determining SARON, which spread will be determined by the Calculation Agent, acting in good faith and in a commercially reasonable manner, taking into account the historical median between the Swiss Average Rate Overnight and the SNB Policy Rate during the two year period ending on the date on which the SARON Index Cessation Event occurred (or, if more than one SARON Index Cessation Event has occurred, the date on which the first of such events occurred); and

“**Zurich Banking Day**” means any day (other than a Saturday and Sunday) on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in Zurich.

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{TONA_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” means the number of calendar days in the relevant Observation Period;

If TONA in respect of any Tokyo Banking Day is subsequently corrected and provided by the administrator of TONA to authorised distributors of TONA and published on the Relevant Screen Page no later than the Correction Cut-off Time (if any) or, if later (or there is no such Correction Cut-off Time), one hour after the rate for such Tokyo Banking Day is published on the Relevant Screen Page, then TONA in respect of such Tokyo Banking Day shall be the subsequently corrected and published rate appearing on the Relevant Screen Page.

If the Calculation Agent or another entity appointed by the Issuer, failing which the Issuer, determines at any time prior to the TONA Reference Time on any Tokyo Banking Day that a TONA Index Cessation Event has occurred, then the rate in

respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date will be the JPY Recommended Rate. If there is a JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date, but neither the administrator nor authorised distributors provide or publish the JPY Recommended Rate, then, subject to the below, in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published JPY Recommended Rate. However, if there is no last provided or published JPY Recommended Rate, then in respect of any day for which the JPY Recommended Rate is required, references to the JPY Recommended Rate will be deemed to be references to the last provided or published TONA.

If:

- (a) there is no JPY Recommended Rate before the end of the first Tokyo Banking Day following the TONA Index Cessation Effective Date; or
- (b) there is a JPY Recommended Rate and a JPY Recommended Rate Index Cessation Effective Date subsequently occurs in respect of such JPY Recommended Rate,

then the rate in respect of each Tokyo Banking Day falling on or after the TONA Index Cessation Effective Date or a JPY Recommended Rate Fixing Day occurring on or after the JPY Recommended Rate Index Cessation Effective Date, as the case may be, will be a commercially reasonable alternative for TONA or the JPY Recommended Rate, as the case may be, as determined by the Calculation Agent or another entity appointed by the Issuer, as applicable, acting in good faith and in a commercially reasonable manner, taking into account any rate implemented by central counterparties and/or futures exchanges, in each case with trading volumes in derivatives or futures referencing TONA or the JPY Recommended Rate (as applicable) that the Calculation Agent or another entity appointed by the Issuer, as applicable, considers sufficient for that rate to be a representative alternative rate.

Any determination, decision or election that may be made by the Calculation Agent or another entity appointed by the Issuer pursuant to this Condition 3(d)(ii)(C)(h), as applicable, including any determination with respect to a rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection: (i) will be conclusive and binding absent manifest error; (ii) will be made in the sole discretion of the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), as applicable; and (iii) notwithstanding anything to the contrary in the documentation relating to the Notes, shall become effective without consent from the holders of the Notes or any other party.

Notwithstanding any provision of this Condition 3(d)(ii)(C)(h), if (i) the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), or (ii) the Issuer determines that (a) the replacement of then-current TONA or any other amendments to the Terms and Conditions of the affected Notes necessary to implement such replacement would result in (in the case of Senior Non-Preferred Notes and, if specified as applicable in the relevant Final Terms, Senior Preferred Notes or Subordinated Notes) a MREL or TLAC Disqualification Event or (in case of Subordinated Notes only) a Capital

Event, or (b) could reasonably result in the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date, no replacement of TONA will be adopted by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) and the replacement of then-current TONA for the relevant Interest Accrual Period will be the TONA determined by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) as of the Tokyo Banking Day immediately preceding the TONA Index Cessation Effective Date.

- (a) a public statement or publication of information by or on behalf of the administrator of the JPY Recommended Rate announcing that it has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate; or
- (b) a public statement or publication of information by the regulatory supervisor for the administrator of the JPY Recommended Rate, the central bank for the currency of the JPY Recommended Rate, an insolvency official with jurisdiction over the administrator of the JPY Recommended Rate, a resolution authority with jurisdiction over the administrator of the JPY Recommended Rate or a court or an entity with similar insolvency or resolution authority over the administrator of the JPY Recommended Rate, which states that the administrator of the JPY Recommended Rate has ceased or will cease to provide the JPY Recommended Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide the JPY Recommended Rate;

“**Tokyo Banking Day**” means a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in Tokyo;

“**TONA**” means in respect of a Tokyo Banking Day, the Tokyo Overnight Average (TONA) rate administered by the Bank of Japan (or any successor administrator) for such Tokyo Banking Day as provided by the administrator of TONA to authorised distributors and as then published on the Relevant Screen Page (or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors) in each case as of approximately 10.00 a.m. (Tokyo time) (or any amended publication time as specified by the administrator of such rate) on the Tokyo Banking Day immediately following such Tokyo Banking Day. If no such rate is published by the administrator of TONA or an authorised distributor and is not otherwise provided by the administrator of TONA other than as a consequence of a TONA Index Cessation Event, then TONA for such Tokyo Banking Day will be TONA last provided or published on the Relevant Screen Page (or as otherwise published by relevant authorised distributors) that appears at approximately 10.00 a.m. (Tokyo time) on the Bank of Japan's Website on the Tokyo Banking Day immediately following such Tokyo Banking Day.

- (b) a public statement or publication of information by the regulatory supervisor for the administrator of TONA, the central bank for the currency of TONA, an insolvency official with jurisdiction over the administrator of TONA, a resolution authority with jurisdiction over the administrator of TONA or a court or an entity with similar insolvency or resolution authority over the administrator of TONA, which states that the administrator of TONA has ceased or will cease to provide TONA permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator that will continue to provide TONA; and

“**TONA Reference Time**” means, with respect to any determination of TONA, 10.00 a.m. (Tokyo time) on the Tokyo Banking Day immediately following the date of such determination.

- (i) If (y) a Benchmark Trigger Event occurs in relation to an Original Reference Rate at any time or (z) the fallback provisions provided in (b) and (c) of this Condition 3(d)(ii)(C) and in Condition 3(f)(ii) fail to provide a means of determining the Original Reference Rate, when the Terms and Conditions of any Floating Rate Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over the other fallback provisions set out in (b) and (c) of this Condition 3(d)(ii)(C) and

over the fallback provisions set out in Condition 3(f)(ii), it being specified that this condition 3(d)(ii)(C)(i) shall not apply when €STR, SOFR, SONIA, SARON or TONA is the applicable Reference Rate:

(A) Appointment of a Rate Determination Agent

The Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent as soon as reasonably practicable to determine a Successor Reference Rate, failing which, an Alternative Reference Rate (in accordance with Condition 3(d)(ii)(C)(i)(B)) and, in either case, an Adjustment Spread if any (in accordance with Condition 3(d)(ii)(C)(i)(C)) and any Benchmark Amendments (in accordance with Condition 3(d)(ii)(C)(i)(D)).

A Rate Determination Agent appointed pursuant to this Condition 3(d)(ii)(C)(i) shall act in good faith in a commercially reasonable manner as an expert and in consultation with the Issuer. (B) Successor Reference Rate or Alternative Reference Rate

If the Rate Determination Agent determines that:

- (i) there is a Successor Reference Rate, then such Successor Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(i)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(i)); or
- (ii) there is no Successor Reference Rate but there is an Alternative Reference Rate, then such Alternative Reference Rate shall (subject to adjustment as provided in Condition 3(d)(ii)(C)(i)(C)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 3(d)(ii)(C)(i)).

(C) Adjustment Spread

If the Rate Determination Agent determines, acting in good faith and in a commercially reasonable manner that (i) an Adjustment Spread is required to be applied to the Successor Reference Rate or the Alternative Reference Rate and (ii) the quantum of, or a formula or methodology for determining such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Reference Rate or the Alternative Reference Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component thereof) by reference to such Successor Reference Rate or Alternative Reference Rate (as applicable).

(D) Benchmark Amendments

If any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread is determined in accordance with this Condition 3(d)(ii)(C)(i) and the Rate Determination Agent determines, acting in good faith and in a commercially reasonable manner (i) that amendments to these Terms and Conditions are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any) (such amendments, the “**Benchmark Amendments**”) and (ii) the specific terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 3(d)(ii)(C)(i)(E) without any requirement for the consent or approval of Noteholders vary these Terms and Conditions to the extent needed to give effect to such Benchmark Amendments with effect from the date specified in such notice. For the avoidance of doubt, each Noteholder shall be deemed to have accepted the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread and the Benchmark Amendments (if any) pursuant to this paragraph.

For the avoidance of doubt, and in connection with any such variation in accordance with this paragraph (D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices

Any Successor Reference Rate or Alternative Reference Rate or Adjustment Spread and Benchmark Amendments (as the case may be), determined under this Condition 3(d)(ii)(C)(i) will be notified promptly by the Issuer, after receiving such information from the Rate Determination Agent, to the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any), and, in accordance with Condition 14, the Noteholders and, where applicable, the Couponholders and Receiptholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

The Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (i) confirming (i) that a Benchmark Trigger Event has occurred, (ii) the Successor Reference Rate or the Alternative Reference Rate and, (iii) any Adjustment Spread and/or (iv) any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 3(d)(ii)(C)(i); and
- (ii) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Reference Rate or Alternative Reference Rate or Adjustment Spread (if any).

The Fiscal Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. In the absence of manifest error or bad faith in the determination of the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) as specified in such certificate, and without prejudice to the Fiscal Agent’s ability to rely on such certificate as aforesaid, the Successor Reference Rate or Alternative Reference Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will be

binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agent, the Noteholders and, where applicable, the Couponholders and Receiptholders.

(F) Survival of the Original Reference Rate

If (i) the Issuer is unable to appoint a Rate Determination Agent; or (ii) the Rate Determination Agent appointed by it fails to determine a Successor Reference Rate or, failing which, an Alternative Reference Rate in accordance with Condition 3(d)(ii)(C)(i)(B) prior to the relevant Interest Determination Date or (iii) the Issuer determines that the replacement of the Original Reference Rate with the Successor Reference Rate or an Alternative Reference Rate and, in either case, any Adjustment Spread and/or any Benchmark Amendments (as the case may be):

(x) would result in the aggregate nominal amount of the Notes being fully or partially excluded from the own funds and eligible liabilities available to meet the MREL or TLAC Requirements (as called or defined in the then applicable laws and regulations or MREL or TLAC criteria applicable to the Issuer); or

(y) would result in the aggregate nominal amount of the Subordinated Notes being fully or partially excluded from the Tier 2 Capital of the Issuer with respect to Subordinated Notes; or

(z) could reasonably result in the Relevant Regulator and/or the Relevant Resolution Authority treating any future Interest Payment Date as the effective maturity of the Notes, rather than the relevant Maturity Date,

then the Reference Rate or CMS Reference Rate applicable for the purpose of determining the Rate of Interest in respect of the relevant Interest Accrual Period shall be equal to the last Reference Rate or CMS Reference Rate available on the Relevant Screen Page, as determined by the Calculation Agent. In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 3(d)(ii)(C)(i) *mutatis mutandis*, on one or more occasions until a Successor Reference Rate or Alternative Reference Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 3(d)(ii)(C)(i).

(G) Fallback in respect of the Successor Reference Rate or Alternative Reference Rate

If (y) a Benchmark Trigger Event occurs in relation to a Successor Reference Rate or Alternative Reference Rate at any time or (z) the fallback provisions provided for in Condition 3(d)(ii)(C)(b) and Condition 3(d)(ii)(C)(c) and in Condition 3(f)(ii) fail to provide a means of determining the Successor Reference Rate or Alternative Reference Rate, the Issuer shall use its reasonable endeavours to appoint a Rate Determination Agent and ensure that the provisions of this Condition 3(d)(ii)(C)(i) shall apply as if the Successor Reference Rate or Alternative Reference Rate were the Original Reference Rate.

- (j) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the Floating Rate Notes is specified as being TEC 10, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be the offered

quotation (expressed as a percentage rate *per annum*) for the EUR-TEC10-CNO² calculated by the *Comité de Normalisation Obligataire*, which appears on the Relevant Screen Page, being Reuters Screen CNOTEC10 Page or any successor page, as at 10.00 a.m. (Paris time) on the relevant Interest Determination Date plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Calculation Agent.

For information purposes only, the EUR-TEC10-CNO, established in April 1996, is the percentage yield (rounded to the nearest second decimal point, 0.005 per cent. being rounded upwards) of a notional 10 year French Treasury Bond (*Obligation Assimilable du Trésor*, “OAT”) corresponding to the linear interpolation between the yield to maturity of the two actual OATs (the “Reference OATs”) whose periods to maturity are closest in duration to the notional 10 year OAT, one Reference OAT's duration being less than 10 years and the other Reference OAT's duration being greater than 10 years.

If, on any Interest Determination Date, such rate does not appear on Reuters Screen CNOTEC10 Page or any successor page (i) EUR-TEC 10-CNO shall be determined by the Calculation Agent on the basis of the mid-market prices for each of the two reference OATs, which would have been used by the *Comité de Normalisation Obligataire* for the calculation of EUR-TEC10-CNO, quoted by five *Spécialistes en Valeurs du Trésor* at approximately 10:00 a.m. Paris time on the Interest Determination Date in question; (ii) the Issuer will procure that, upon request of and after consultation with the Calculation Agent, each *Spécialiste en Valeurs du Trésor* provides the Calculation Agent with a quotation of its price; and (iii) EUR-TEC10-CNO will be the redemption yield of the arithmetic mean of such quotations as determined by the Calculation Agent after discarding the highest and lowest of such quotations. The above mentioned redemption yield shall be determined by the Calculation Agent in accordance with the formula that would have been used by the *Comité de Normalisation Obligataire* for the determination of EUR-TEC10-CNO.

- (k) Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

(e) Rate of Interest on Inflation Linked Notes

- (i) *Interest Payment Dates*: Each Inflation Linked Note bears interest on its outstanding nominal amount from the Interest Commencement Date at the rate *per annum* (expressed as a percentage)

^{2 2} All potential users of the EUR-TEC10-CNO must first enter into a trademark licence agreement available from the CNO.

equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 3(m). Such Interest Payment Date(s) is/are either shown in the relevant Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown in the relevant Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period shown in the relevant Final Terms as the Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Consumer Price Index (CPI)*

Where the non-revised consumer price index (excluding tobacco) for all households in metropolitan France, as calculated and published by the *Institut National de la Statistique et des Etudes Economiques* (the “INSEE”) (“CPI”) is specified as the Index in the relevant Final Terms, this Condition 3(e)(ii) shall apply. Terms defined in this Condition 3(e)(ii) shall have the meanings set out below only when this Condition 3(e)(ii) and, where applicable, Condition 3(e)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the CPI (the “**CPI Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(ii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the CPI Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the CPI Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(m)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**CPI Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the CPI Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the CPI Monthly Reference Index pertaining respectively to the third month preceding such month (M - 3) and the second month preceding such month (M - 2) calculated in accordance with the following formula:

$$\text{CPI Daily Inflation Reference Index} = \text{CPI Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times (\text{CPI Monthly Reference Index}_{M-2} - \text{CPI Monthly Reference Index}_{M-3})$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**CPI Monthly Reference Index_{M-2}**” being the price index of month M - 2; and

“**CPI Monthly Reference Index_{M-3}**” being the price index of month M - 3.

Notwithstanding Condition 3(1)(iii), the CPI Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such CPI Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATINFLATION01 or on Bloomberg page TRESOR or any successor page of any of them and on the website www.aft.gouv.fr. In the case of doubt in the interpretation of the methods used to calculate the Inflation Index Ratio, such methods shall be interpreted by reference to the procedures selected by the French Treasury (*Trésor*) for its *obligations assimilables du Trésor indexées sur l'inflation*.

“**CPI Monthly Reference Index**” refers to the definitive consumer price index excluding tobacco for all households in metropolitan France, as calculated and published monthly by the INSEE as such index may be adjusted or replaced from time to time as provided herein.

- (b) The calculation method described below is based on the recommendation issued by the French Bond Association (*Comité de Normalisation Obligataire* – www.cnofrance.org) in its July 2011 Paper entitled “Inflation-linked bonds”. In the case of any conflict between the calculation method provided below and the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*), the calculation method provided by the French Bond Association (*Comité de Normalisation Obligataire*) shall prevail.

The CPI Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).

- (c) (1) If the CPI Monthly Reference Index is not published in a timely manner, a substitute CPI Monthly Reference Index (the “**Substitute CPI Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
- (x) If a provisional CPI Monthly Reference Index (*indice provisoire*) has already been published, such index shall automatically be used as the Substitute CPI Monthly Reference Index. Such provisional CPI Monthly Reference Index would be published under the heading “*indice de substitution*”. Once the definitive CPI Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
- (y) If no provisional CPI Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute CPI Monthly Reference Index_M =

$$\text{CPI Monthly Reference Index}_{M-1} \times \left[\frac{\text{CPI Monthly Reference Index}_{M-1}}{\text{CPI Monthly Reference Index}_{M-13}} \right]^{1/12}$$

- (2) In the event INSEE decides to proceed with one or more base changes for the purpose of calculating the CPI Monthly Reference Index, the two CPI Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December CPI Monthly Reference Index of the last year of joint publications, which corresponds to the CPI Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the new basis}}}{\text{CPI Monthly Reference Index}^{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{CPI Monthly Reference Index}^{\text{Date D New Basis}} = \text{CPI Monthly Reference Index}^{\text{Date D Previous Basis}} \times \text{Key}$$

(iii) *Harmonised Index of Consumer Prices (HICP)*

Where the non-revised harmonised index of consumer prices (excluding tobacco) measuring the rate of inflation in the European Monetary Union as calculated and published monthly by Eurostat (the “**HICP**”) is specified as the Index in the relevant Final Terms, this Condition 3(e)(iii) shall apply. Terms defined in this Condition 3(e)(iii) shall have the meanings set out below only when this Condition 3(e)(iii) and, where applicable, Condition 3(e)(iv) shall apply.

The Rate of Interest in respect of Inflation Linked Notes indexed to the HICP (the “**HICP Linked Interest**”) will be determined by the Calculation Agent on the basis of sub-paragraphs (a) to (c) below.

- (a) On the fifth Business Day before each Interest Payment Date (an “**Interest Determination Date**”) the Calculation Agent will calculate the Inflation Index Ratio.

For the purpose of this Condition 3(e)(iii), the “**Inflation Index Ratio**” or “**IIR**” is the ratio between (i) the HICP Daily Inflation Reference Index (as defined below) applicable upon any Interest Payment Date or the redemption date, as the case may be, and (ii) the base reference defined as the HICP Daily Inflation Reference Index (as defined below) applicable on the date specified in the applicable Final Terms (the “**Base Reference**”). Notwithstanding Condition 3(l)(iii), the IIR will be rounded, if necessary, to five significant figures (with halves being rounded up).

“**HICP Daily Inflation Reference Index**” means (A) in relation to the first day of any given month, the HICP Monthly Reference Index of the third month preceding such month, and (B) in relation to a day (D) (other than the first day) in any given month (M), the linear interpolation of the HICP Monthly Reference Index pertaining respectively to the third month preceding such month (M – 3) and the second month preceding such month (M – 2) calculated in accordance with the following formula:

HICP Daily Inflation Reference Index =

$$\text{HICP Monthly Reference Index}_{M-3} + \frac{D-1}{ND_M} \times \frac{(\text{HICP Monthly Reference Index}_{M-2} - \text{HICP Monthly Reference Index}_{M-3})}{1}$$

with:

“**ND_M**” being the number of days in the relevant month M and, in the case of payment of principal and interest, shall be equal to 31;

“**D**” being the actual day of payment in the relevant month M and, in the case of payment of principal and interest, shall be equal to 25;

“**HICP Monthly Reference Index_{M-2}**” being the price index of month M – 2; and

“**HICP Monthly Reference Index_{M-3}**” being the price index of month M – 3.

Notwithstanding Condition 3(1)(iii), the HICP Daily Inflation Reference Index will be rounded if necessary to five significant figures (with halves being rounded up).

For information purposes, such HICP Daily Inflation Reference Index appears on the *Agence France Trésor* Reuters page OATEI01 or any successor page, on the website www.aft.gouv.fr and on Bloomberg page TRESOR or any successor page.

“**HICP Monthly Reference Index**” refers to the harmonised index of consumer prices excluding tobacco measuring the rate of inflation in the European Monetary Union excluding tobacco as calculated and published by Eurostat as such index may be adjusted or replaced from time to time as provided herein. The first publication or announcement of a level of such index for a given month shall be final and conclusive and later revisions to the level for such month will not be used in any calculations.

- (b) The HICP Linked Interest applicable from time to time for each Interest Period (as specified in the relevant Final Terms) will be equal to the fixed rate *per annum* specified in the relevant Final Terms multiplied by the Inflation Index Ratio (as defined above).
- (c) (1) If the HICP Monthly Reference Index is not published in a timely manner, a substitute HICP Monthly Reference Index (the “**Substitute HICP Monthly Reference Index**”) shall be determined by the Calculation Agent in accordance with the following provisions:
 - (x) If a provisional HICP Monthly Reference Index has already been published by Eurostat, such index shall automatically be used as the Substitute HICP Monthly Reference Index. Once the definitive HICP Monthly Reference Index is released, it would automatically apply from the day following its release to all calculations taking place from this date.
 - (y) If no provisional HICP Monthly Reference Index is available, a substitute index shall be calculated on the basis of the most recently published figure adjusted as set out in the following formula:

Substitute HICP Monthly Reference Index_M =

$$\text{HICP Monthly Reference Index}_{M-1} \times \left[\frac{\text{HICP Monthly Reference Index}_{M-1}}{\text{HICP Monthly Reference Index}_{M-13}} \right]^{\frac{1}{12}}$$

- (2) In the event Eurostat decides to proceed with one or more base changes for the purpose of calculating the HICP Monthly Reference Index, the two HICP Monthly Reference Indexes which have been calculated on a different basis will be chained on the basis of the December HICP Monthly Reference Index of the last year of joint publications, which corresponds to the HICP Daily Inflation Reference Index for 1st March of the following year. Such chaining will be carried out in accordance with the following equation:

$$\text{Key} = \frac{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the new basis}}}{\text{HICP Monthly Reference Index}_{\text{pertaining to December calculated on the previous basis}}}$$

Such that:

$$\text{HICP Monthly Reference Index} \times \frac{\text{Date D New Basis}}{\text{Date D Previous Basis}} = \text{HICP Monthly Reference Index} \times \text{Key}$$

(iv) *Inflation Linked Range Accrual Notes*

The Rate of Interest in respect of Inflation Linked Range Accrual Notes for each Interest Accrual Period shall be a rate *per annum* determined by the Calculation Agent in accordance with one of the following formulae:

(f) Rate of Interest on CMS Linked Notes

(i) *Interest Payment Dates*

Each CMS Linked Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate *per annum* (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. (B) Rate of Interest = Max[(Gearing Factor × CMS Rate); Min RI];

(C) Rate of Interest = Gearing Factor × CMS Rate;

(D) Rate of Interest = (Gearing Factor × CMS Rate) + Margin;

(E) Rate of Interest = Gearing Factor × (CMS + Margin)

(F) Rate of Interest = Gearing Factor × (CMS Rate – Margin);

(G) Rate of Interest = Gearing Factor × [Max(0; CMS Rate – Margin₁) – Max(0; CMS Rate – Margin₂)];

(H) Rate of Interest = CMS Rate₁ – (CMS Rate₂ × Gearing Factor);

(I) Rate of Interest = (CMS Rate₁ – (Gearing Factor × CMS Rate₂)) + Margin;

(J) Rate of Interest = Min[(Applicable Rate + Margin); Gearing Factor (CMS Rate₁ – CMS Rate₂)];

- (K) Rate of Interest = $\text{Min}[\text{CMS Rate}_1; \text{Applicable Rate}] - \text{CMS Rate}_2 - \text{Margin}$;
- (L) Rate of Interest = $(1 + \text{CMS Rate} - \text{Margin}) - 1$;

In the event that the Relevant Screen Page is not available on any relevant Interest Determination Date, the Calculation Agent shall determine on such relevant Interest Determination Date the applicable rate based on quotations of five Reference Banks (to be selected by the Calculation Agent and the Issuer) for the Relevant Swap Rate relating to the relevant maturity at approximately the Specified Time on the relevant Interest Determination Date, such quotations being provided to the Calculation Agent by the Reference Banks upon request of the Issuer, after consultation with and upon request of the Calculation Agent. The highest and lowest (or, in the event of equality, one of the highest and/or lowest) quotations so determined shall be disregarded by the Calculation Agent for the purpose of determining the Reference Rate which will be the arithmetic mean (rounded if necessary to five significant figures with halves being rounded up) of such provided quotations.

where “Screen Rate Determination” and/or “ISDA Determination” and/or “FBF Determination” is/are specified to be applicable in the relevant Final Terms, the relevant provisions of Condition 3(e)(ii) shall apply as though references to Floating Rate Notes were references to CMS Linked Notes.

“**Min RI**” means Minimum Rate of Interest.

(iii) *Range Accrual Notes*

The Rate of Interest in respect of any Range Accrual Notes with respect to one or more Interest Accrual Periods may be determined by applying any one of the CMS Rates or may be an Applicable Rate as specified in the relevant Final Terms and be conditional upon one or more specified CMS Rates (either individually or when aggregated or subtracted from each other) being equal to, lower than or greater than a pre-determined rate on, before or after a specified date or on one or more days during a specified period as shall be specified in the relevant Final Terms (a “**Range Accrual Note**”).

The Rate of Interest in respect of Range Accrual Notes for each Interest Accrual Period shall be determined by the Calculation Agent in accordance with the following formula:

$$\text{Rate of Interest} = \text{Relevant Rate} \times \text{Accrual Factor}$$

For the purposes of such Range Accrual Notes, the following terms shall have the following meanings:

“**Accrual Factor**” means, with respect to an Interest Accrual Period, the number of Range Accrual Days in the relevant Interest Observation Period in respect of which the relevant Single Underlying Value and/or Dual Underlying Value, as the case may be, fell within the relevant Range and/or satisfied the relevant Barrier Level Condition(s) on the same Range Accrual Day, divided by the total number of days in such Interest Observation Period, in each case as determined by the Calculation Agent;

- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be. Unless a higher rate is stated in the applicable Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

of Materialised Notes) by the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount is applicable to such Interest Accrual Period in the relevant Final Terms, in which case the amount of interest payable in respect of such Note (per Calculation Amount, in case of Materialised Notes) for such Interest Accrual Period shall equal such Interest Amount. Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period (per Calculation Amount, in case of Materialised Notes) shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

The Calculation Agent or the Make-Whole Calculation Agent, as applicable, shall, as soon as practicable on each Interest Determination Date or such other time on such date as the Calculation Agent or the Make-Whole Calculation Agent, as applicable, may be required to calculate any rate, any Redemption Amount, Fair Market Value Redemption Amount or Instalment Amount, obtain any quote or make any determination or calculation, determine the Rate of Interest and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Redemption Amount, the Fair Market Value Redemption Amount, or Instalment Amount, obtain such quote or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Specified Interest Payment Date and, if required to be calculated, the Redemption Amount, the Fair Market Value Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange, as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and the Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination or, in the case of Range Accrual Notes, no later than the last day of the relevant Interest Accrual Period. Where any Specified Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 3(j), the Interest Amounts and the Specified Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 8, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount, Redemption Amount and Instalment Amount, the obtaining of each quote and the making of each determination or calculation by the Calculation Agent(s) or the Make-Whole Calculation Agent(s), as applicable, shall (in the absence of manifest error) be final and binding upon all parties.

(f) *Make-Whole Redemption at the Option of the Issuer in the case of Senior Preferred Notes*

If a Make-Whole Redemption Option is specified as applicable in the relevant Final Terms with respect to Senior Preferred Notes, the Issuer may, at its option, at any time (the “**Make-Whole Redemption Date**”) and having given no less than fifteen (15) nor more than thirty (30) calendar days’ prior notice to the Fiscal Agent, the holders of such Senior Preferred Notes and, where applicable, any related Receipts and Coupons (in accordance with Condition 14), which notice shall be irrevocable, redeem the outstanding Senior Preferred Notes in whole, but not in part, at their Make-Whole Redemption Amount (as defined below).

No later than the Business Day immediately following the Calculation Date, the Make-Whole Calculation Agent shall notify the Issuer, the Fiscal Agent and the Noteholders of the Make-Whole Redemption Amount. The Make-Whole Redemption Rate will be published by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Make-Whole Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

(g) *Redemption at the Option of the Issuer in the case of any Notes*

If specified in the relevant Final Terms, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and, in the case of Senior Notes, Condition 4(k), and, in the case of Subordinated Notes, Condition 4(l), and on giving notice (which notice shall be irrevocable) to the Noteholders falling within the Issuer’s Notice Period (as specified in the relevant Final Terms) redeem, in whole or, if so provided in the relevant Final Terms, in part the outstanding Notes on any Optional Redemption Date(s) as specified in the applicable Final Terms. Any such redemption of Notes shall be at their Optional Redemption Amount(s) specified in, or as determined in the manner specified in, the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date(s).

In the case of Subordinated Notes, no redemption at the option of the Issuer will be permitted before five (5) years after the Issue Date of such Subordinated Notes, except in accordance with the Relevant Rules.

In the case of Senior Non-Preferred Notes or, if MREL or TLAC Disqualification Event is specified as applicable in respect of a series of Senior Preferred Notes, in the case of such Senior Preferred Notes, no redemption at the option of the Issuer will be permitted before one (1) year after the Issue Date of such Senior Non-Preferred Notes or such Senior Preferred Notes, except in accordance with the Relevant Rules.

In the case of a partial redemption of Dematerialised Notes, the redemption may be effected by application of a pool factor in line with the rules of Euroclear France (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed) in which case any payments of interest or other amounts under such Notes shall be calculated taking into account the application of such pool factor, subject to compliance with any other applicable laws and stock exchange requirements.

In the case of a partial redemption of Materialised Notes, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place and in

such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

So long as the Notes are listed and/or admitted to trading on Euronext Paris and/or on any other stock exchange and the rules of such stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 211-4 of the *Règlement Général* of the *Autorité des marchés financiers* (“AMF”) and on the website of any other competent authority and/or other stock exchange where the Notes are listed and admitted to trading, a notice as provided in Condition 14 specifying the aggregate nominal amount of Notes outstanding and a list of the Notes drawn for redemption but not surrendered.

(h) *Clean-up Redemption at the Option of the Issuer*

If a Clean-up Redemption Option is specified as applicable in the relevant Final Terms with respect to the Notes, and if 75 per cent. or any higher percentage specified in the relevant Final Terms (the “**Clean-up Percentage**”) of the initial aggregate nominal amount of the Notes of the same Series (which for the avoidance of doubt includes, any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) have been redeemed or purchased by, or on behalf of, the Issuer and cancelled, the Issuer may, at any time, at its option, (subject to the provisions of Condition 4(k) or Condition 4(l), as applicable) and having given not less than fifteen (15) nor more than thirty (30) calendar days’ prior irrevocable notice (or such other Notice Period as may be specified in the relevant Final Terms), in accordance with Condition 14, to the Fiscal Agent, the Noteholders, Receiptholders and the Couponholders, redeem such outstanding Notes, in whole but not in part, at their Optional Redemption Amount together, if appropriate, with accrued interest to (but excluding) the date of redemption, on any Optional Clean-up Redemption Date as specified in the relevant Final Terms.

(i) *Redemption at the Option of holders of Senior Preferred Notes*

If specified in the relevant Final Terms, the Issuer shall, upon the Noteholder giving not less than 15 nor more than 30 days’ notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms), at the option of the holder of any Senior Preferred Note, redeem such Senior Preferred Note on the Optional Redemption Date as specified in the applicable Final Terms at its Optional Redemption Amount being (except with respect to Zero Coupon Notes) the principal amount together with interest accrued to the date fixed for redemption.

To exercise such option the holder must, in the case of Dematerialised Notes transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Exercise Notice (as defined below), and in the case of Materialised Notes, deposit such Materialised Note (together with, if applicable, all unmatured Receipts and Coupons and unexchanged Talons) with any Paying Agent at its specified office, together, in each case, with a duly completed option exercise notice (“**Exercise Notice**”) in the form obtainable from any Paying Agent within the Notice Period (as specified in the applicable Final Terms). No Senior Preferred Note so deposited and option exercised may be withdrawn (except as provided in the French Law Agency Agreement) without the prior consent of the Issuer.

So long as the Senior Preferred Notes are listed and/or admitted to trading on Euronext Paris and/or on any other stock exchange and the rules of such stock exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Senior Preferred Notes, cause to be published in accordance with Articles 221-3 and 211-4 of the *Règlement Général* of the AMF and on the website of any other competent authority and/or other stock exchange where the Senior Preferred Notes are listed and admitted to trading, a notice as provided in Condition 14 specifying the aggregate nominal amount of Senior Preferred Notes outstanding.

Unless the possibility of holding and reselling is expressly excluded in the relevant Final Terms, Notes which are purchased by the Issuer or on behalf of the Issuer, may, subject to the applicable law of the jurisdiction of the Issuer, be held or resold for the purpose of enhancing the liquidity of the Notes in accordance with Articles L.213-0-1 and D.213-0-1 of the French *Code monétaire et financier* or as otherwise provided by applicable laws and regulations from time to time.

Notwithstanding the foregoing, the Issuer or any agent on its behalf shall have the right at all times to purchase Subordinated Notes for liquidity purposes provided that: (a) the general prior permission of the Relevant Regulator shall be obtained; and (b) the total principal amount of the Notes so purchased does not exceed the lower of (i) ten (10) per cent. (or any other threshold as may be requested or required by the Relevant Regulator in accordance with the Relevant Rules from time to time) of the initial aggregate principal amount of the Subordinated Notes of any Series and (ii) three (3) per cent. of the Tier 2 Capital of the Issuer from time to time outstanding (or any other threshold as may be requested or required by the Relevant Regulator in accordance with the Relevant Rules). For the avoidance of doubt, any refusal of the Relevant Regulator to give its prior permission (if required) shall not constitute a default for any purpose.
- (ii) According to Articles 77(2), and 78a of the CRR, where applicable, Senior Non-Preferred Notes may only be redeemed, purchased or cancelled (as applicable) pursuant to Condition 4(c), 4(d), 4(g), 4(h) or Condition 4(j), as the case may be, if the Relevant Regulator and/or the Relevant Resolution Authority has given its prior permission to such redemption or purchase or cancellation (as applicable), to the extent required at such time by the Relevant Rules. - (ii) on or before such redemption or purchase of the Subordinated Notes, the Issuer replaces such Notes with own funds instruments of equal or higher quality on terms that are sustainable for the Issuer's income capacity, or the Issuer has demonstrated to the satisfaction of the Relevant Regulator that its own funds and eligible liabilities would, following such redemption or purchase, exceed the requirements under the Relevant Rules by a margin that the Relevant Regulator may consider necessary;
- (iii) in the event any redemption or purchase in respect of any Series of Subordinated Notes is intended to take place prior to the fifth anniversary of the Issue Date of any such Series:
 - (x) in the case of redemption due to the occurrence of a Capital Event, (i) the Relevant Regulator considers such change to be sufficiently certain and (ii) the Issuer demonstrates to the satisfaction of the Relevant Regulator that the Capital Event was not reasonably foreseeable at such Issue Date; or

 - (z) before or at the same time of the redemption or purchase of the Subordinated Notes, the Issuer replaces such Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer and the Relevant Regulator has permitted that action on the basis of the determination that it would be beneficial from a prudential point of view and justified by exceptional circumstances; or

- (iv) the Issuer has delivered a certificate signed by one of its senior officers to the Principal Paying Agent (with copies thereof being made available to the Noteholders at the Principal Paying Agent's specified office during its normal business hours) not less than five (5) calendar days prior to the date set for redemption that the relevant Capital Event, Withholding Tax Event, Tax Deduction Event or, as the case may be, Tax Gross-up Event has occurred or will occur no more than ninety (90) days following the date fixed for redemption, as the case may be.

Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 7).
- (ii) If the Materialised Notes so provide, upon the due date for redemption of any Materialised Note, unexpired Coupons relating to such Materialised Note (whether or not attached) shall become void and no payment shall be made in respect of them.

- (vi) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Materialised Note. Interest accrued on a Materialised Note that only bears interest after its Maturity Date shall be payable on redemption of such Materialised Note against presentation of the relevant Materialised Note.

(f) *Talons*

In such event, payments of the U.S. Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the U.S. Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 8.

“**Non-Transferability**” means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong or from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule

Other than in relation to payments of principal in respect of the Notes, if French laws or regulations should require that payments of interest or other revenues in respect of such Notes and where applicable any related Receipts and Coupons be subject to withholding or deduction in respect of any present or future taxes, duties, assessments or governmental charges of whatever nature, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts in respect of Notes and where applicable, any related Receipts and Coupons as shall result in receipt by the Noteholders, or, if applicable the Receiptholders or the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable, as the case may be:

- (i) **Other connection:** to, or to a third party on behalf of, a Noteholder, or, if applicable, a Receiptholder or a Couponholder, as the case may be, who is liable to such taxes, duties, assessments or governmental charges of whatever nature in respect of such Note, Receipt, or Coupon, by reason of his having some connection with France other than the mere holding of such Note, Receipt or Coupon; or
- (ii) **Presentation more than 30 days after the Relevant Date:** in the case of Materialised Notes, more than 30 calendar days after the Relevant Date, except to the extent that the Noteholder or, if applicable, a Receiptholder or a Couponholder, as the case may be, would have been entitled to such additional amounts on presenting such Note, Receipt or Coupon, as the case may be, for payment on the thirtieth such day; or
- (iii) **FATCA withholding:** where such withholding or deduction is imposed pursuant to FATCA, or its subsequent implementation into the French law.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect thereof first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date on which notice is duly given to the Noteholders in accordance with Condition 14 that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation, in the case of Materialised Notes. 8 Events of Default

(a) *Senior Preferred Notes*

This Condition 8(a) shall apply in respect of any Tranche of Senior Preferred Notes unless the relevant Final Terms specify “No Event of Default” (as defined below) in respect of a Tranche of Senior Preferred Notes.

- (i) if default is made in the payment of any principal or interest due on such Notes or any of them on the due date and such default continues for a period of 30 days or more after written notice thereof is received by the Issuer from the Fiscal Agent (and the Fiscal Agent shall be bound to give such notice forthwith upon the request of any holder of such Notes); or
- (ii) if the Issuer fails to perform or observe any of its other obligations under such Notes or any of them and (except where such failure is incapable of remedy when no notice will be required) such failure

If the relevant Final Terms specify that no Event of Default shall apply in respect of a Tranche of Senior Preferred Notes, holders of such Notes shall not be entitled in any event to require Senior Preferred Notes to be redeemed prior to their Maturity Date. Senior Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(b) **Senior Non-Preferred Notes**

There are no events of default in respect of Senior Non-Preferred Notes and Noteholders are not entitled in any event to require Senior Non-Preferred Notes to be redeemed prior to their Maturity Date.

Senior Non-Preferred Notes will become immediately due and payable in the event that an order or an effective decision is made for the liquidation (*liquidation judiciaire* or *liquidation amiable*) of the Issuer or if the Issuer is liquidated for any other reason at their principal amount together with interest accrued thereon to the date of payment without any further formality.

(c) **Subordinated Notes**

(i) *General*

Pursuant to Article L.213-6-3 I of the French *Code monétaire et financier*, the Noteholders shall not be grouped in a *masse* having separate legal personality and acting in part through a representative of the noteholders (*représentant de la masse*) and in part through general meetings; however:

- (A) The following provisions of the French *Code de commerce* shall apply to the General Meetings and Written Resolutions, Articles L. 228-46-1, L.228-59, L.228-60, L.228-60-1, L.228-61, L.228-66, L.228-67, L.228-76, L.228-88, R.228-1 to R.228-11, R.228-66, R.228-68, R.228-70, R.228-71 and R.228-73 to R.228-75 of the French *Code de commerce*, and subject to the following provisions of this Condition 9 (a); and

(ii) *Powers of General Meetings*

A General Meeting shall have power by Resolution:

- (A) to sanction any proposal by the Issuer or any modification, abrogation, variation or compromise of, or arrangement in respect of, the rights of the Noteholders against the Issuer, whether or not those rights arise under the Notes;

Pursuant to Article L.228-85 of the French *Code de commerce*, in the absence of such appointment of a nominee, the judicial representative (*mandataire judiciaire*), at its own initiative or at the request of any Noteholder will

ask the court to appoint a representative of the Noteholders who will file the proof of Noteholders' claim; and

- (I) to deliberate on any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

it being specified, however, that a General Meeting may not establish any unequal treatment between the Noteholders, and that the above provisions (in particular under (B) above) are without prejudice to the powers of the Relevant Resolution Authority or the Regulator,

provided that the special *quorum* provisions in paragraph (vi) below shall apply to any Resolution (a "**Special Quorum Resolution**") for the purpose of sub-paragraph (B) or (G) above any of the proposals (i) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes (other than as provided in the fallback provisions of Condition 3), (iv) if a Minimum and/or a Maximum Rate of Interest, Instalment Amount or Redemption Amount applies to any Notes, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to take any steps that as specified hereon may only be taken following approval by an Extraordinary Resolution to which the special quorum provisions apply or (viii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution or any amendment to this proviso.

The Issuer may at any time convene a General Meeting. If it receives a written request by Noteholders holding at least 10 per cent. in principal amount of the Notes of any Series for the time being outstanding, the Issuer shall convene a meeting of the Noteholders of that Series. If such General Meeting has not been convened within seven (7) calendar days after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 14 not less than twenty-one (21) calendar days prior to the date of such General Meeting.

(iv) *Arrangements for voting*

Each Noteholder has the right to participate in a General Meeting in person, by proxy or, in the case of Dematerialised Notes only, by correspondence or by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders as provided *mutatis mutandis* by Article R.225-97 of the French *Code de commerce* (upon referral of Article R.228-68 of the French *Code de commerce*).

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note. If the Noteholders fail to designate a Chairman, the Noteholder present at such meeting holding or representing the highest principal amount of Notes shall be appointed Chairman, failing which the Issuer may appoint a Chairman. The Chairman appointed by the Issuer does not need to be a Noteholder. The Chairman of an adjourned meeting need not be the same person as the Chairman of the original meeting from which the adjournment took place.

(vi) *Quorum, Adjournment and Majority*

Quorum: General Meetings may deliberate on the passing of a Special Quorum Resolution only if two or more Noteholders present or represented hold at least on first convocation 75 per cent. and, on second convocation 25 per cent. of the principal amount of the Notes then outstanding.

On second convocation, two or more Noteholders present or represented shall be a *quorum* regardless of the proportion of the Notes then outstanding which they represent.

Adjournment: No business (except choosing a Chairman) shall be transacted at a General Meeting unless a quorum (subject as provided above) is present at the commencement of business. If a quorum is not present within 15 minutes from the time initially fixed for the General Meeting, it shall, if convened on the requisition of Noteholders, be dissolved. In any other case it shall be adjourned until such date, not less than 14 nor more than 42 days later, and time and place as the Chairman may decide. If a quorum (subject as provided above) is not present within 15 minutes from the time fixed for a General Meeting so adjourned, the General Meeting shall be dissolved.

The Chairman may with the consent of (and shall if directed by) a General Meeting adjourn the General Meeting from time to time and from place to place. Only business which could have been transacted at the original General Meeting may be transacted at a General Meeting adjourned in accordance with this paragraph or the paragraph above.

At least 10 days' notice of a General Meeting adjourned through want of a *quorum* shall be given in the same manner as for an original meeting and that notice shall state the quorum required at the adjourned meeting. No notice need, however, otherwise be given of an adjourned General Meeting.

Majority: Decisions at meetings shall be taken by a majority of 75 per cent. of votes cast by Noteholders attending or represented at such General Meetings for the approval of a Resolution other than a Special Quorum Resolution and by 75 per cent. of the votes cast by the Noteholders attending or represented at such General Meetings for the approval of a Special Quorum Resolution.

Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

(viii) *Effect of Resolutions*

A Resolution passed at a General Meeting, and a Written Resolution or an Electronic Consent, shall be binding on all Noteholders, whether or not present at the General Meeting and whether or not, in the case of a Written Resolution or an Electronic Consent, they have participated in such Written Resolution or Electronic Consent and each of them shall be bound to give effect to the Resolution accordingly.

Condition 9(a)(vii) is deemed reproduced here.

(d) Information to Noteholders

Whether the relevant Final Terms specify "No *Masse*", "Full *Masse*" or "Contractual *Masse*", (a) each Noteholder will have the right, during (i) the 15-day period preceding the holding of each General Meeting on first convocation or (ii) the 5-day period preceding the holding of such General Meeting on second convocation or, in the case of a Written Resolution (including by way of Electronic Consent), the Written Resolution Date, as the case may be, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be prepared in connection with such resolution, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting or the Written Resolution; and (b) decisions of General Meetings and Written Resolutions once approved and notices in respect of the *Masse* will be published in accordance with the provisions of Condition 14.

(e) Expenses

If the relevant Final Terms specify "No *Masse*" or "Contractual *Masse*", the Issuer will pay all expenses relating to the operation of the *Masse* and expenses relating to the calling and holding of General Meetings and seeking the approval of a Written Resolution, and, more generally, all administrative expenses resolved upon by the General Meeting or in writing through Written Resolution by the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

If the relevant Final Terms specify "Full *Masse*", Article L.228-71 of the French *Code de commerce* shall apply.

(f) Single *Masse*

In respect of paragraphs (b) and (c) above, the Noteholders of the same Series, and the holders of

Notes of any other Series which have been consolidated (*assimilées* for the purposes of French law) with the Notes of such first mentioned Series in accordance with Condition 13, shall, for the defence of their respective common interests, be grouped in a single *Masse*. The Representative appointed in respect of the first Series of Notes issued will be the Representative of the single *Masse* of all such Series.

(g) *Miscellaneous*

In accordance with Article L.213-6-3 V of the French *Code monétaire et financier*, the Issuer has the right to amend the Terms and Conditions of the Notes with an initial denomination of, or which can only be traded in amounts of, at least €100,000, without having to obtain the prior approval of the Noteholders, in order to correct a mistake which is of a formal, minor or technical nature. In addition, no consent of the Noteholders shall be required in order to comply with or make any modifications or amendments to the Notes or the Agency Agreement pursuant to the fallback provisions of Condition 3 or as the Issuer or the Fiscal Agent may deem necessary or desirable to reflect or incorporate requirements, regulations, pronouncements, orders or laws imposed, required by or issued pursuant to the Bail-in or Loss Absorption Power.

In the case of Subordinated Notes the proceeds of which constitute Tier 2 Capital and in the case of Senior Notes, it is specified that any modification of the Conditions (other than as provided for in Conditions 3) pursuant to this Condition 9 may only be made subject to the prior permission of the Relevant Regulator and/or the Relevant Resolution Authority, as the case may be, to the extent, with respect to Senior Preferred Notes, such permission is required by the Relevant Rules in relation to such modification.

10 Acknowledgement of Bail-In and Write-Down or Conversion Powers

By the acquisition of Notes, each holder of such Notes and, if any applicable, any related Receipts and Coupons (which, for the purposes of this Condition 10, includes any current or future holder of a beneficial interest in such Notes, and, if applicable, such Receipts and/or Coupons) acknowledges, accepts, consents and agrees:

- (i) to be bound by the effect of the exercise of the Bail-in or Loss Absorption Power (as defined below) by the Relevant Resolution Authority (as defined below) or the Relevant Regulator, which may include and result in any of the following, or some combination thereof:
 - (a) the reduction of all, or a portion, of the Amounts Due (as defined below), on a permanent basis;
 - (b) the conversion of all, or a portion, of the Amounts Due into shares, other securities or other obligations of the Issuer or another person (and the issue to holders of such Notes and, if applicable, such Receipts and/or Coupons of such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of such Notes, and, if applicable, such Receipts and/or the Coupons, as the case may be, in which case such holders of such Notes and, if applicable, such Receipts and Coupons agree to accept in lieu of their rights under such Notes and, if applicable, such Receipts and/or the Coupons, as the case may be, any such shares, other securities or other obligations of the Issuer or another person;
 - (c) the cancellation of such Notes and, if applicable, such Receipts and/or Coupons;
 - (d) the amendment or alteration of the maturity of such Notes and, if applicable, such Receipts, or amendment of the amount of interest payable on such Notes or Coupons or the date on which the interest becomes payable, including by suspending payment for a temporary period;

- (ii) that the terms of such Notes and, if applicable, such Receipts and/or Coupons are subject to, and may be varied, if necessary, to give effect to, the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

For these purposes, the “**Amounts Due**” are the prevailing outstanding amount of any such Notes, and any accrued and unpaid interest on such Notes that has not been previously cancelled or otherwise is no longer due.

For these purposes, the “**Bail-in or Loss Absorption Power**” is any power existing from time to time under any laws, regulations, rules or requirements in effect in France, relating to the transposition of the BRRD, including without limitation pursuant to French decree-law No. 2015-1024 dated 20 August 2015 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (as amended from time to time, the “**20 August 2015 Decree Law**”), Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010 (as amended from time to time, the “**Single Resolution Mechanism Regulation**”), or otherwise arising under French law, and in each case the instructions, rules and standards created thereunder, pursuant to which the obligations of a Regulated Entity (as defined below) (or an affiliate of such Regulated Entity) can be reduced (in part or in whole), cancelled, suspended, transferred, varied or otherwise modified in any way, or securities of a Regulated Entity (or an affiliate of such Regulated Entity) can be converted into shares, other securities, or other obligations of such Regulated Entity or any other person, whether in connection with the implementation of a bail-in power following placement in resolution or otherwise.

A reference to a “**Regulated Entity**” is to any entity referred to in Section I of Article L.613-34 of the French *Code monétaire et financier* as modified by the 20 August 2015 Decree Law, which includes certain credit institutions, investment firms, and certain of their parent or holding companies established in France.

A reference to the “**Relevant Resolution Authority**” is to the *Autorité de contrôle prudentiel et de résolution* (the “**ACPR**”), the Single Resolution Board established pursuant to the Single Resolution Mechanism Regulation, and/or any other authority entitled to exercise or participate in the exercise of any Bail-in or Loss Absorption Power from time to time (including the Council of the European Union and the European Commission when acting pursuant to Article 18 of the Single Resolution Mechanism Regulation).

No repayment or payment of the Amounts Due will become due and payable or be paid after the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer unless, at the time such repayment or payment, respectively, is scheduled to become due, such repayment or payment would be permitted to be made by the Issuer under the laws and regulations in effect in France and the European Union applicable to the Issuer or other members of its group.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Notes and, if applicable, any related Receipts and/or Coupons, the Issuer will provide a written notice to the holders of such Notes and, if applicable, Receipts and/or Coupons in accordance with Condition 14 as soon as practicable regarding such exercise of the Bail-in or Loss Absorption Power. The Issuer will also deliver a copy of such notice to the Fiscal Agent for informational purposes, although the Fiscal Agent shall not be required to send such notice to the holders of such Notes and, if applicable, Receipts and/or Coupons. Any delay or failure by the Issuer to give notice shall not affect the validity and enforceability of the Bail-in or Loss Absorption Power nor the effects on such Notes and, if applicable, any related Receipts and/or Coupons described above.

Neither a cancellation of such Notes and, if applicable, any related Receipts and/or Coupons, a reduction, in part or in full, of the Amounts Due, the conversion thereof into another security or obligation of the Issuer or another person, as a result of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to the Issuer, nor the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator with respect to such Notes and, if applicable, any related Receipts and/or Coupons will be an event of default or otherwise constitute

non-performance of a contractual obligation, or entitle any such holders to any remedies (including equitable remedies) which are hereby expressly waived.

Upon the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, the Issuer and each holder of such Notes and, if applicable, Receipts and/or Coupons (including each holder of a beneficial interest in such Notes and, if applicable, any related Receipts and/or Coupons) hereby agree that (a) the Fiscal Agent shall not be required to take any directions from such holders, and (b) the French Law Agency Agreement shall impose no duties upon the Fiscal Agent whatsoever, in each case with respect to the exercise of any Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator.

Notwithstanding the foregoing, if, following the completion of the exercise of the Bail-in or Loss Absorption Power by the Relevant Resolution Authority or the Relevant Regulator, any Notes and, if applicable, any related Receipts or Coupons remain outstanding (for example, if the exercise of the Bail-in or Loss Absorption Power results in only a partial write-down of the principal of such Notes and, if applicable, any related Receipts and/or Coupons), then the Fiscal Agent's duties under the French Law Agency Agreement shall remain applicable with respect to such Notes and, if applicable, any related Receipts and the Coupons following such completion to the extent that the Issuer and the Fiscal Agent shall agree pursuant to an amendment to the French Law Agency Agreement.

If the Relevant Resolution Authority or the Relevant Regulator exercises the Bail-in or Loss Absorption Power with respect to less than the total Amounts Due, unless the Fiscal Agent is otherwise instructed by the Issuer or the Relevant Resolution Authority or the Relevant Regulator, any cancellation, write-off or conversion made in respect of such Notes and, if applicable, any related Receipts and/or Coupons pursuant to the Bail-in or Loss Absorption Power will be made on a pro-rata basis.

No expenses necessary for the procedures under this Condition 10, including, but not limited to, those incurred by the Issuer and the Fiscal Agent, shall be borne by any holder of such Notes or, if applicable, any related Receipts and/or Coupons.

11 Waiver of Set-Off

Unless "Waiver of Set-off" is specified as not applicable in the relevant Final Terms, no holder of any Note, or, if applicable, any related Receipt or Coupon may at any time exercise or claim any Waived Set-Off Rights against any right, claim, or liability the Issuer has or may have or acquire against such holder, directly or indirectly, howsoever arising (and, for the avoidance of doubt, including all such rights, claims and liabilities arising under or in relation to any and all agreements or other instruments of any sort or any non-contractual obligations, in each case whether or not relating to such Notes, or, if applicable, any related Receipts or Coupons) and each such holder shall be deemed to have waived all Waived Set-Off Rights to the fullest extent permitted by applicable law in relation to all such actual and potential rights, claims and liabilities.

For the avoidance of doubt, nothing in this Condition 11 is intended to provide or shall be construed as acknowledging any right of deduction, set-off, netting, compensation, retention or counterclaim or that any such right is or would be available to any holder of any Note or, if applicable, any related Receipt and/or Coupon but for this Condition 11.

For the purposes of this Condition 11, "**Waived Set-Off Rights**" means any and all rights of or claims of any holder of any Note, Receipt or Coupon for deduction, set-off, netting, compensation, retention or counterclaim arising directly or indirectly under or in connection with any such Note, or, if applicable, any related Receipt and/or Coupon.

12 Replacement of Notes, Receipts, Coupons and Talons

If any Materialised Notes and/or any Receipt, Coupon or Talon appertaining thereto is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange

regulations, at the specified office of the Paying Agent in Luxembourg or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 14, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Materialised Note and/or any Receipt, Coupon or Talon appertaining thereto is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Materialised Notes and/or, as the case may be, any Receipts, Coupons or further Coupons appertaining thereto and otherwise as the Issuer may require. Mutilated or defaced Materialised Notes and/or any Receipt, Coupon or Talon appertaining thereto must be surrendered before replacements will be issued.

13 Further Issues and Consolidation

The Issuer may from time to time without the consent of the holders of any Notes or, if applicable any related Receipts and/or Coupons but, to the extent required by the Relevant Rules, subject to the prior notification of the Relevant Regulator and/or the Relevant Resolution Authority, create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such Notes to “Issue Date” shall be to the first issue date of the Notes) and so that the same shall be assimilated (*assimilées*) and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

The Issuer may from time to time on any Interest Payment Date occurring on or after the date specified for a Redenomination of the Notes pursuant to Condition 1, on giving not less than 30 days’ prior notice to the Noteholders in accordance with Condition 14, without the consent of the holders of any Notes or, if applicable any related Receipts and/or Coupons, consolidate the Notes with one or more issues of other notes issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14 Notices

Notices to the holders of Notes shall be valid if, at the option of the Issuer, they are published in (i) a daily newspaper of general circulation in Europe, (ii) as long as the Notes are listed and admitted to trading on Euronext Paris and the rules of Euronext Paris so require, in a daily newspaper with general circulation in France (which is expected to be *Les Echos*), (iii) as long as the Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, in a daily newspaper with general circulation in Luxembourg (expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.luxse.com) or (iv) they are published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF. If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s) is/are situated.

So long as any Notes are held on behalf of a clearing system, notices required to be given to the holders of Notes pursuant to these Conditions may be given by delivery of the relevant notice to that clearing system through which the Notes are for the time being cleared in substitution for the mailing and publication as required above; except that (i) so long as any Notes are listed on Euronext Paris and the rules of Euronext Paris so require, such notices will be valid if published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF and (ii) so long as any Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock

Exchange so require, such notices will be valid if published in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.luxse.com).

Notices delivered pursuant to Condition 9 shall be given by delivery of the relevant notice to Euroclear France, Euroclear, Clearstream and any other clearing system through which the Notes are for the time being cleared and, if such publication is not practicable in respect of Dematerialised Notes in registered form (*au nominatif*), by mail to the Noteholders at their respective addresses, in which case they will be deemed to have been given notice on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing. For the avoidance of doubt, the paragraphs above shall not apply to such notices.

Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Notes in accordance with this Condition.

SUMMARY OF PROVISIONS RELATING TO THE ENGLISH LAW NOTES WHILE IN GLOBAL FORM

Initial Issue of Notes

If the Global Notes are stated in the applicable Final Terms to be issued in NGN form, they may be intended to be eligible collateral for Eurosystem monetary policy and the Global Notes will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form may be delivered on or prior to the original issue date of the Tranche to a Common Depository (as defined below).

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream (the “**Common Depository**”), Euroclear or Clearstream will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid and, in the case of Notes held through Euroclear France, the “*intermédiaires financiers habilités*” (French credit institutions or investment firms authorised to maintain securities accounts on behalf of their clients (each an “**Approved Intermediary**”)) who are entitled to such Notes according to the records of Euroclear France will credit each subscriber with a principal amount of Notes equal to the principal amount thereof for which it has subscribed and paid. If the Global Note is a NGN, the principal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream. The records of such clearing system shall be conclusive evidence of the principal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) Euroclear France or other clearing systems through direct or indirect accounts with Euroclear or Clearstream held by Euroclear France or such other clearing systems. Conversely, Notes that are initially deposited with Euroclear France or any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Euroclear France or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, or any other clearing system or, in the case of Notes held through Euroclear France, an Approved Intermediary as the holder of a Note represented by a Global Note must look solely to Euroclear, Clearstream or such clearing system or such Approved Intermediary (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Notes, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Euroclear France or such clearing system (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes so long as the Notes are represented by such Global Note and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

Exchange

1 Temporary Global Notes

Each Temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable, in whole, but not in part, for the Definitive Notes defined and described below; and

- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the English Law Agency Agreement for interests in a Permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

2 Permanent Global Notes

Each Permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “**Partial Exchange of Permanent Global Notes**”, in part for Definitive Notes if (i) the Permanent Global Note is held on behalf of Euroclear or Clearstream, Euroclear France or any other clearing system (an “**Alternative Clearing System**”) and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so and no alternative clearing system reasonably satisfactory to the Issuer is available within 14 days or (ii) principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3 Partial Exchange of Permanent Global Notes

For so long as a Permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such Permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes if principal in respect of any Notes is not paid when due.

4 Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to, or to the order of, the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a Temporary Global Note exchangeable for a Permanent Global Note, deliver, or procure the delivery of, a Permanent Global Note in an aggregate principal amount equal to that of the whole or that part of a Temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a Permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate principal amount of duly executed and authenticated Definitive Notes or if the Global Note is a NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Base Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the forms set out in Schedule 2 to the English Law Agency Agreement. On exchange in full of each Permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

5 Exchange Date

“**Exchange Date**” means, in relation to a Temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a Permanent Global Note, a day falling not less than 60 days, or in the

case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located. In the event that a further Tranche of Notes is issued in respect of any Series of Notes pursuant to Condition 13 of the English Law Conditions which is to be consolidated with one or more previously issued Tranches of such Series prior to the Exchange Date relating to the Temporary Global Note representing the most recently previously issued Tranche of such Series, such Exchange Date may be extended until the Exchange Date with respect to such further Tranche, provided that in no event shall such first-mentioned Exchange Date be extended beyond the date which is five calendar days prior to the first Interest Payment Date (if any) falling after such first-mentioned Exchange Date.

6 Modifications of the Conditions of the Notes while in Global Form

The Global Notes contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Base Prospectus. The following is a summary of certain of those provisions:

7 Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a Permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any Temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the English Law Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against (i) presentation for endorsement and (ii) if no further payment falls to be made in respect of the Notes, surrender of that Global Note to, or to the order of, the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, such endorsement being *prima facie* evidence that such payment has been made in respect of the Notes. If the Global Note is a NGN, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the principal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Payments under the NGN will be made to its holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "business day" set out in Condition 5(h) (Non-Business Days) of the English Law Conditions.

8 Prescription

Claims against the Issuer in respect of Notes that are represented by a Permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 6 of the English Law Notes).

9 Meetings

The holder of a Permanent Global Note shall (unless such Permanent Global Note represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes.

10 Cancellation

Cancellation of any Note represented by a Permanent Global Note that is required by the English Law Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the principal amount of the relevant Permanent Global Note.

11 Purchase

Notes represented by a Permanent Global Note may only be purchased by the Issuer if they are purchased together with the rights to receive all future payments of interest and Instalment Amounts (if any) thereon.

12 Issuer's Option

Any option of the Issuer provided for in the English Law Conditions of any Notes while such Notes are represented by a Permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in, and containing the information required by, the English Law Conditions and in accordance with any applicable notice period required by Euroclear or Clearstream, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system or Approved Intermediary in respect of the Notes will be governed by the standard procedures of Euroclear, Clearstream (to be reflected in the records of Euroclear and Clearstream as either a pool factor or a reduction in nominal amount, at their discretion), Euroclear France or any other clearing system (as the case may be).

13 Noteholders' Options

Any option of the Noteholders provided for in the English Law Conditions of any Notes while such Notes are represented by a Permanent Global Note may be exercised by the holder of the Permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the English Law Conditions substantially in the form of the notice available from any Paying Agent and in accordance with any applicable notice period required by Euroclear or Clearstream, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised and stating the principal amount of Notes in respect of which the option is exercised and at the same time where the Permanent Global Note is a CGN, presenting the Permanent Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation. Where the Global Note is a NGN, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the principal amount of the Notes recorded in those records will be reduced accordingly.

14 NGN Principal Amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the principal amount of the Notes represented by such Global Note shall be adjusted accordingly.

15 Events of Default

Each Global Note provides that, unless the relevant Final Terms specify that no Event of Default (as defined in the English Law Conditions) shall apply in respect of a Tranche of Senior Preferred Notes, the holder may cause such Global Note representing any Senior Preferred Notes, or a portion of it, to become due and repayable in the circumstances described in Condition 8(a) of the English Law Conditions by stating in the

notice to the Fiscal Agent the principal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note may elect for direct enforcement rights against the Issuer under the terms of an amended and restated Deed of Covenant executed as a deed by the Issuer on 18 July 2024 to come into effect in relation to the whole or a part of such Global Note in favour of the persons entitled to such part of such Global Note as accountholders with a clearing system or in the case of Euroclear France, Approved Intermediaries. Following any such acquisition of direct rights, the Global Note will become void as to the specified portion.

16 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the English Law Conditions or by delivery of the relevant notice to the holder of the Global Note except that (i) so long as any Notes are listed on Euronext Paris and the rules of Euronext Paris so require, such notices will be valid if published in accordance with Articles 221-3 and 221-4 of the *Règlement Général* of the AMF and (ii) so long as any Notes are listed on the official list and admitted to trading on the Regulated Market of the Luxembourg Stock Exchange and the rules of the Luxembourg Stock Exchange so require, such notices will be valid if published in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*) and/or on the website of the Luxembourg Stock Exchange (www.luxse.com). If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe and, so long as the Notes are listed on any other stock exchange and the relevant rules applying to such listed Notes so require, notices shall be published in a leading daily newspaper with general circulation in the city/ies where such stock exchange(s) is/are situated. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

17 Redenomination and Consolidation

A Global Note may be amended or replaced by the Issuer (in such manner as it considers necessary, after consultation with the Redenomination Agent and the Consolidation Agent, as the case may be) for the purposes of taking account of the redenomination and/or consolidation of the Notes in accordance with Conditions 1 and 13 of the English Law Conditions. Any consolidation may require a change in the relevant nominee or depository for the relevant clearing system(s), as the case may be.

18 Electronic Consent and Written Resolution

While any Global Note is held on behalf of any nominee for a clearing system, then:

- (a) approval of a resolution proposed by the Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding (an “**Electronic Consent**” as defined in the English Law Agency Agreement); and
- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the English Law Agency Agreement) has been validly passed, the Issuer shall be entitled to rely on consent or instructions given in writing directly to the Issuer by accountholders in the clearing system with entitlements to such Global Note or, where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person for whom such entitlement is ultimately beneficially held, whether such beneficiary holds directly with the

accountholder or via one or more intermediaries and provided that, in each case, the Issuer obtained commercially reasonable evidence to ascertain the validity of such holding and have taken reasonable steps to ensure that such holding does not alter following the giving of such consent or instruction and prior to the effecting of such amendment. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. As used in this paragraph, “**commercially reasonable evidence**” includes any certificate or other document issued by Euroclear, Clearstream or any other relevant clearing system, or issued by an accountholder of them or an intermediary in a holding chain, in relation to the holding of interests in the Notes. Any such certificate or other document shall, in the absence of manifest error, be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear’s EUCLID or Clearstream’s CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified together with the amount of such holding. The Issuer shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

A Written Resolution and/or Electronic Consent shall take effect as an Extraordinary Resolution. A Written Resolution and/or Electronic Consent will be binding on all Noteholders and holders of Talon, Coupons and Receipts, (if any), whether or not they participated in such Written Resolution and/or Electronic Consent.

PROVISIONS RELATING TO TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALISED NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Notes. Upon the initial deposit of such Temporary Global Certificate with a common depository for Euroclear and Clearstream and/or any other clearing system (the “**Common Depository**”), Euroclear or Clearstream will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depository may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable, in whole, but not in part, for the Definitive Materialised Notes; and
- (ii) otherwise, in whole but not in part upon certification if required under U.S. Treasury regulation section 1.163-5I(2)(i)(D)(3) (or any successor regulation issued under Code section 4701(b) containing rules identical to those applying under U.S. Internal Revenue Code section 163(f)(2)(B)) as to non-U.S. beneficial ownership (in a form which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Notes.

While any Materialised Note is represented by a Temporary Global Certificate, any payment payable in respect of such Materialised Note prior to the Exchange Date (as defined below) will be made only to the extent that the certification described in (ii) above has been received by Euroclear and/or Clearstream, and Euroclear and/or Clearstream, as applicable, has given a like certification (based on the certification received) to the relevant Paying Agent. The holder of a Temporary Global Certificate will not be entitled to collect any payment due thereon on or after the Exchange Date unless, upon due certification as described above, exchange of the Temporary Global Certificate for an interest in Definitive Materialised Notes is improperly refused or withheld.

Delivery of Definitive Materialised Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the relevant Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Notes. In this Base Prospectus, “**Definitive Materialised Notes**” means, in relation to any Temporary Global Certificate, the Definitive Materialised Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate, Receipts and a Talon). Definitive Materialised Notes will be security printed in accordance with any applicable legal stock exchange requirements and will be substantially in the forms set out in Schedule 3 to the French Law Agency Agreement.

Exchange Date

“**Exchange Date**” means, in relation to a Temporary Global Certificate, the day falling after the expiry of forty

(40) days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such day pursuant to Condition 13 of the French Law Conditions, the Exchange Date shall be postponed to the day falling after the expiry of forty (40) days after the issue of such further Materialised Notes.

USE OF PROCEEDS

The net proceeds of the issue of the Notes under the Programme will be used for the general corporate purposes of the Issuer or as stated in the relevant Final Terms in respect of any particular issue of Notes for which there is a particular identified use of proceeds (other than as specified below).

If specified in the relevant Final Terms, Notes may be issued as green, social or sustainability bonds (the “**Green, Social or Sustainability Bonds**”) for which the Issuer intends to allocate an amount equal to the net proceeds to finance and/or refinance, in whole or in part, new or existing projects from any Eligible Loans granted to the Group Crédit Mutuel Alliance Fédérale’s corporate and individual customers and generating environmental and/or social benefits, as defined in the relevant Final Terms and as further described in the Issuer’s Green, Social or Sustainability Bond Framework (as amended and supplemented from time to time) (the “**Green, Social or Sustainability Bond Framework**”) available on the Issuer’s website (<https://www.bfcm.creditmutuel.fr/en/programs/green-social-and-sustainability-bonds.html>) (for the avoidance of doubt, the Green, Social or Sustainability Bond Framework and the Second Party Opinion referred to below have not been and will not be incorporated by reference in and, therefore, do not and will not form part of this Base Prospectus).

Under the Green, Social or Sustainability Bond Framework, the Issuer, may issue three types of bonds:

- green bonds where an amount equal to the net proceeds is applied to finance or refinance Eligible Loans in the Green Eligible Categories;
- social bonds where an amount equal to the net proceeds is applied to finance or refinance Eligible Loans in the Social Eligible Categories;
- sustainability bonds where an amount equal to the net proceeds is applied to finance or refinance a combination of Eligible Loans in both Green Eligible Categories and Social Eligible Categories.

As of the date of this Base Prospectus, Green Eligible Categories and Social Eligible Categories are the following:

“Green Eligible Categories”	“Social Eligible Categories”
<ul style="list-style-type: none"> • Green Buildings • Renewable Energy • Low Carbon Transport 	<ul style="list-style-type: none"> • Local Development and employment preservation through farmers, professionals and SME financing • Affordable Housing • Access to Essential Services • Access to Healthcare • Access to education and professional training

In relation to Green, Social or Sustainability Bonds, the Green, Social or Sustainability Bond Framework further describes the above-mentioned projects. The Issuer will apply processes for project evaluation and selection, management of proceeds and reporting consistent with guidelines set out in the Green Bond Principles 2021 (the “**GBP**”), the Social Bond Principles 2021 (the “**SBP**”) and Sustainability Bond Guidelines 2021 (the “**SBG**”), each published by the International Capital Markets Association.

Crédit Mutuel Alliance Fédérale has appointed Vigeo Eiris to provide a second party opinion (the “**Second Party Opinion**”) on the Green, Social or Sustainability Bond Framework, assessing the environmental and social added value of the Green, Social or Sustainability Bond Framework and its alignment with the GBP and the SBP. This

Second Party Opinion document will be available on Vigeo-Eiris' website (www.vigeo-eiris.com) and on the Issuer's website (www.bfcm.creditmutuel.fr).

Annually and until the maturity of the relevant bonds, Crédit Mutuel Alliance Fédérale will make public on the Issuer's website a limited or reasonable assurance report provided by its external auditor, or any other appointed independent third party, that an amount equal to the net proceeds of the Green, Social or Sustainability Bonds (as the case may be) is applied to finance or refinance Eligible Loans.

“Eligible Loans” means loans granted to the Group Crédit Mutuel Alliance Fédérale's corporate and individual customers and generating environmental and/or social benefits as outlined in the eligibility criteria defined in the Green, Social or Sustainability Bond Framework. The eligibility criteria of green categories comply with the recommendation of the Technical Expert Group final report on the EU Taxonomy published in March 2020, which establishes a system to classify environmentally-sustainable activities by setting out metrics and thresholds.

“Crédit Mutuel Alliance Fédérale” means Crédit Mutuel Alliance Fédérale and its two structures :

- the mutual banking structure (also called the regulatory scope) comprising the regional and local banks, the 14 federations as of 1 January 2022, and the Caisse Fédérale de Crédit Mutuel, and
- the non mutual perimeter (consolidated scope) comprising the Issuer and its subsidiaries (CIC, Targo, COFIDIS, etc.).

Failure by the Issuer with regards to the use of proceeds or the expected performance of the Eligible Loans will not jeopardize the qualification of the Notes as additional tier 1 capital, Tier 2 Capital or eligible liabilities instruments of the Issuer.

GOVERNMENTAL SUPERVISION AND REGULATION OF THE ISSUER

Words and expressions defined in the Terms and Conditions of the Notes shall have the same meaning in this section, unless otherwise specified.

French and European regulatory frameworks

Banking Regulations

The Group is subject to extensive regulation and supervision by the *Autorité de Contrôle Prudentiel et de Résolution* (the “**ACPR**”), the AMF and the European Central Bank (the “**ECB**”). In addition, Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a single resolution mechanism (the “**SRM**”) and a single resolution fund (the “**SRM Regulation**”), as amended, following several legislative proposals issued on 23 November 2016 by the European Commission proposing to amend a number of key EU banking directives and regulations, including the SRM Regulation, by Regulation (EU) 2019/877 dated 20 May 2019 (the “**SRM II**”), established a centralised power of resolution entrusted with a single resolution board (the “**SRB**”) and national resolution authorities. SRM II amended the SRM Regulation as regards to the loss-absorbing and recapitalisation capacity of credit institutions and investment firms; it was published in the Official Journal of the European Union on 7 June 2019, came into force on 27 June 2019 and is applicable since 28 December 2020.

On 18 April 2023, the European Commission issued the Crisis Management and Deposit Insurance framework amending the SRM. If adopted, this proposal would enable authorities to organize the orderly market exit for a failing bank of any size and business model, with a broad range of tools. In particular, it is aimed at facilitating the use of industry-funded safety nets to shield depositors in banking crises, such as by transferring them from a failing bank to a healthy one. Such use of safety nets (deposit guarantee scheme and resolution funds) must only be a complement to the banks’ internal loss absorption capacity, which remains the first line of defense.

The proposed reform would, among others, amend the hierarchy of claims (see “*The EU Bank Resolution and Recovery*” below). This proposal is still subject to further discussions and as a result its precise application date is still unknown.

The SRB, in close cooperation with national authorities (including the ACPR), is in charge of resolution planning and preparation of resolution decisions for cross-border credit institutions and banking groups as well as credit institutions and banking groups directly supervised by the ECB such as BFCM, or by national supervisory authorities in the euro-zone. The ACPR remains responsible for implementing the resolution plan according to the SRB’s instructions. Since 1 January 2015, certain of the powers of the ACPR with respect to resolution planning have, however, already been transferred to the SRB. SRM has been fully operational since 1 January 2016.

The banking laws to which the Group is subject govern the activities in which banks and their affiliates may engage and are designated to maintain the safety and soundness of banks and their affiliates and limit their exposure to risk. In addition, the Group must comply with financial services laws that govern its marketing and selling practices. Past financial crises have resulted, and are likely to continue to result, in more restrictive regulation of the financial services industry. Legislators, governments, regulators, advisory groups, trade and professional associations and various committees at the national, European and international level have adopted or proposed an array of measures in response to these crises. The measures that have been or may be adopted include more stringent capital and liquidity requirements, taxes on financial transactions, limits on the types of activities that commercial banks can undertake (particularly proprietary trading and investment and ownership in private equity funds) or new ring-fencing requirements relating to certain activities, restrictions on certain types of financial activities or products such as derivatives, mandatory write-down or

conversion into equity of certain debt instruments, enhanced recovery and resolution regimes, revised risk-weighting methodologies (particularly with respect to insurance businesses) and the creation of new and strengthened regulatory bodies, including the transfer of certain supervisory functions to the ECB as referred to above. These supervisory tasks include ensuring compliance with all prudential requirements laid down in general EU banking rules for credit institutions, carrying out supervisory reviews (including stress tests) and on the basis of these imposing, if considered necessary, higher prudential requirements on credit institutions, imposing robust corporate governance practices and capital adequacy assessment processes (such as minimum capital adequacy requirements, requirements to ensure their compensation policy with respect to their employees is compatible with certain risk management principles and requirements to follow certain anti-money laundering, “know-your-customer” and audit control procedures) and carrying out supervisory tasks in relation to recovery plans (for example, the chairman of the ACPR is able to request that the shareholders of a credit institution in financial difficulty fund the institution in an amount that may exceed their initial capital contribution).

Minimum Capital, Liquidity and Leverage Ratios

Credit institutions such as the Issuer must comply with minimum capital ratio requirements. In addition to these requirements, the principal regulations applicable to credit institutions such as the Issuer concern risk diversification and liquidity, monetary policy, restrictions on equity investments and reporting requirements. As of the date hereof, in the various countries in which the Issuer or its subsidiaries operate, they comply with the specific regulatory ratio requirements in accordance with procedures established by the relevant supervisory authorities.

Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (the “**CRD IV**”) and Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms (the “**CRR**” and, together with the CRD IV, “**CRD Package**”) which implements the Basel III reforms set capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards for credit institutions. The CRR (with the exception of some of its provisions, which entered into effect at later dates) became directly applicable in all Member States of the European Union including France on 1 January 2014. The CRD IV became effective on 1 January 2016 (except for capital buffer provisions which have been applied as from 1 January 2016) and was implemented under French law by the banking reform dated 20 February 2014 (*Ordonnance portant diverses dispositions d’adaptation de la législation au droit de l’Union européenne en matière financière*) and several *décrets* and *arrêtés* dated 3 November 2014.

Following several legislative proposals issued on 23 November 2016 by the European Commission proposing to amend a number of key EU banking directives and regulations, including the CRD Package, Directive (EU) 2019/878 dated 20 May 2019 (the “**CRD V**”), amending the CRD IV as regards to exempted entities, financial holding companies, mixed financial holding companies, remuneration, supervisory measures and powers and capital conservation measures, and Regulation (EU) 2019/876 dated 20 May 2019 (the “**CRR II**”), amending the CRR as regards to the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposure to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements, have been published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019. CRD V has been implemented into French Law through the ordinance n°2020-1635 which also implemented certain provisions of the CRR II which have been applicable, subject to certain exceptions, since 28 June 2021.

Under the CRD IV, French credit institutions are required to maintain minimum capital to cover their credit, market, counterparty and operational risks. Since 1 January 2014, pursuant to the CRR, credit institutions, such as the Issuer are required to maintain a minimum total capital ratio of 8%, a minimum tier 1 capital

ratio of 6% and a minimum common equity tier 1 ratio of 4.5%, each to be obtained by dividing the institution's relevant eligible regulatory capital by its total risk exposure commonly referred to as risk-weighted assets. The Relevant Regulator may also require French credit institutions to maintain capital in excess of the requirements described above.

For this purpose, the "eligible regulatory capital" includes (i) common equity tier 1 capital (essentially share capital, share premium and retained earnings), for purposes of the minimum common equity tier 1 ratio, (ii) common equity tier 1 capital plus additional tier 1 capital (deeply subordinated instruments meeting certain requirements), for purposes of the minimum tier 1 capital ratio, and (iii) tier 1 and tier 2 capital (subordinated instruments meeting certain requirements), for purposes of the minimum total capital ratio. For purposes of calculating minimum capital ratios, the total risk exposure amount or risk-weighted assets includes amounts to take into account credit risk, market risk, operational risk and certain other risks. Risk-weighted assets of the various categories are calculated under either a standardised approach or using internal models approved by the relevant banking authority, or under a combination of the two approaches.

They also have to comply with certain common equity tier 1 buffer requirements, including a capital conservation buffer of 2.5%, that is applicable to all credit institutions to cover countercyclical and systemic risks. On 27 December 2022, the High Council for Financial Stability (*Haut Conseil de Stabilité Financière*, or the "HCSF") set the countercyclical buffer rate at 1.0% (applicable as from 2 January 2024).

In addition, the Relevant Regulator is expected to carry out an annual supervisory review and evaluation process ("SREP") and stress tests, in connection with which it has powers to require banks to hold capital in excess of minimum requirements in order to address specific risks (so-called "Pillar 2" requirements) and more generally to impose additional liquidity requirements and possibly other regulatory measures (see "Supervisory measures" below).

Under the CRR II, French credit institutions must satisfy, on a consolidated basis, certain restrictions relating to concentration of risks (*ratio de contrôle des grands risques*). The aggregate of a French credit institution's loans and a portion of certain other exposure (*risques*) to a single customer (and related entities) may not exceed 25% of the credit institution's tier 1 capital and, with respect of exposures to certain financial institutions, the higher of 25% of the credit institutions' tier 1 capital and €150 million. Certain individual exposures may be subject to specific regulatory requirements.

Each French credit institution is required to calculate, as of the end of each month, the ratio of the weighted total of certain of its short-term and liquid assets to the weighted total of its short-term liabilities. This liquidity ratio (*coefficient de liquidité*) is required to exceed 100% at all times. French credit institutions are entitled to opt for the "advanced" approach with respect to the calculation of liquidity risk, upon request to the Relevant Regulator and under certain conditions. Under the advanced approach, the credit institution is able to use its internal methodologies to determine the liquidity risk and ensure that it has sufficient liquidity at all times to honor its short-term commitments. The CRR II introduced liquidity requirements pursuant to which institutions are required to hold liquid assets, the total value of which would cover the net liquidity outflows that might be experienced under gravely stressed conditions over a period of 30 calendar days. This liquidity coverage ratio ("LCR") is now fully applicable following a phase-in period. In addition, in accordance with the recommendations of the Basel Committee, the CRR II introduced a binding net stable funding ratio ("NSFR") set at a minimum level of 100%, which indicates that an institution holds sufficient stable funding to meet its funding needs during a one-year period under both normal and stressed conditions. This requirement has been applicable since 28 June 2021 and aims at addressing the excessive reliance on short-term wholesale funding and reducing long-term funding risk.

Under the CRR, each credit institution is required to maintain a leverage ratio since 1 January 2018, at the level that is implemented by the Council of the European Union and European Parliament following an initial observation period that began on 1 January 2015. The leverage ratio is defined as an institution's tier 1 capital divided by its total exposure measure. Under the CRR II the leverage ratio is set out at 3%.

On 27 October 2021, the European Commission published three legislative proposals amending the CRD IV, the CRR and the BRRD II (as defined below) on the access to the activity of credit institutions and the prudential supervision of credit institutions, to finalize the transposition of the Basel III framework.

These proposals, *inter alia*, aim at (i) introducing adjustments to measurement methods for credit, operational and market risks incurred by credit institutions to ensure that the internal models they use to calculate their capital requirements do not underestimate those risks; (ii) requiring credit institutions to systematically identify, disclose and manage risks in connection with environmental and sustainability growth (“**ESG Risks**”) as part of their risk management, and introducing regular climate stress testing of credit institutions by national supervisors to enhance the focus on ESG Risks in the prudential framework; (iii) further harmonizing supervisory powers and tools of local supervisory authorities and reinforcing the sanctions which may be imposed under the supervisory framework, and (iv) introducing new measures to clarify the calculation of internal MREL and TLAC requirements within EU Banking groups.

On 8 November 2022, the Council of the European Union set its position on the legislative proposals of the European Commission. On 24 January 2023, the European Parliament published its proposed amendments to such legislative proposals and a provisional agreement was reached on 27 June 2023. The proposals were adopted by the European Parliament on 24 April 2024 and adopted in the same way by the Council of the European Union on 30 May 2024. This was the last step of the adoption procedure. The proposals will then be published in the EU’s Official Journal and enter into force twenty days later. The proposal amending the CRD IV will be applicable 18 months and 21 days after the publication date. The proposal amending the CRR will apply from 1 January 2025.

In addition, Directive (EU) 2024/1174 of 11 April 2024 as regards certain aspects of the minimum requirement for own funds and eligible liabilities and amending the BRRD (as defined below) and the SMR Regulation (the “**Daisy Chain Directive**”) entered into force on 12 May 2024. Among others, the Daisy Chain Directive gives the resolution authorities the power of setting internal MREL on a consolidated basis subject to certain conditions, and introduces a specific MREL treatment for ‘liquidation entities’.

Compliance with all the measures described above and any further requirements could lead to reduced consolidated revenues and profits of the Issuer and/or the Group in the relevant activities, the reduction or sale of certain operations and asset portfolios, and asset-impairment charges.

Loss absorption at the point of non-viability and resolution

The EU Bank Resolution and Recovery

On 15 May 2014, the European Parliament and the Council of the European Union adopted a directive providing for the establishment of an EU-wide framework for the recovery and resolution of credit institutions and investment firms: Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms (the “**BRRD**”).

The French law dated 26 July 2013 on separation and regulation of banking activities (*loi de séparation et de régulation des activités bancaires*) (the “**SRAB Law**”), actually anticipated the implementation of the BRRD when it was still in an initial draft form. Subsequently, the French *Ordonnance* No. 2015-1024 dated 20 August 2015 (*Ordonnance n°2015-1024 du 20 août 2015 portant diverses dispositions d’adaptation de la législation au droit de l’Union européenne en matière financière*) (the “**Ordonnance**”) introduced various provisions amending, among others, crisis prevention and management measures applicable to credit institutions provided for in Articles L.613-48 *et seq.* of the French *Code monétaire et financier* and supplemented the SRAB Law to adapt French law to the BRRD in its final form. In addition, three orders dated 11 September 2015 (*décret et arrêtés*) implementing provisions of the *Ordonnance* regarding (i) recovery planning, (ii) resolution planning and (iii) criteria to assess the resolvability of a credit institution or group, were published on 20 September 2015 to further implement the BRRD in France.

The aim of the BRRD as well as SRM Regulation (see “*Impact of the French and European regulatory frameworks could adversely affect the Group’s business*”-“*Banking Regulations*” above) is to provide relevant authorities with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers’ exposure to losses and before any of the insolvency or liquidation procedures. The powers provided to authorities (the ACPR or the SRB, as the case may be, in France depending on the Relevant Resolution Authority) are divided into three broad categories: (i) preparatory steps and plans to minimize the risks of potential problems (preparation and prevention); (ii) in the event of incipient problems, powers to arrest a firm's deteriorating situation at an early stage so as to avoid insolvency (early intervention); and (iii) if insolvency of a firm presents a concern as regards the general public interest, a clear means to reorganize or wind down the firm in an orderly fashion while preserving its critical functions and limiting to the maximum extent any exposure of taxpayers to losses.

Finally, Law n°2016-1691 dated 9 December 2016 has modified the ranking among creditors of credit institutions in case of judicial liquidation (*liquidation judiciaire*), introducing a priority among senior (*chirographaires*) securities between senior preferred securities (such as, the case of the Issuer, its Senior Preferred Notes) and senior non-preferred securities (such as, in the case of the Issuer, its Senior Non-Preferred Notes), without modifying the specific ranking between senior securities (such as, in the case of the Issuer, its Senior Notes) and subordinated securities (such as, in the case of the Issuer, its Subordinated Notes).

Following the several legislative proposals issued on 23 November 2016 by the European Commission proposing to amend a number of key EU banking directives and regulations, including the BRRD, Directive (EU) 2019/879 dated 20 May 2019 (the “**BRRD II**”), amending the BRRD as regards to the loss-absorbing and recapitalisation capacity of credit institutions and investment firms, has been published in the Official Journal of the European Union on 7 June 2019 and came into force on 27 June 2019.

BRRD II has been implemented in France through the Ordinance No.2020-1636 dated 21 December 2020 relating to the resolution regime in the banking sector implementing (the “**Ordinance**”). In particular, the Ordinance has implemented Article 48(7) of BRRD II which requires Member States to modify their national insolvency law to ensure that claims resulting from funds rank in insolvency below any other claims that do not result from own funds as defined by the CRR (hereafter the “**Own Funds**”). The transposition of this provision by the Ordinance has modified the rules governing the order of creditors’ claims applicable to French credit institutions in insolvency proceedings. Subordinated obligations and deeply subordinated obligations of the Issuer issued before the entry into force of those provisions will keep their contractual ranking if they are, or have been, fully or partially recognized as Own Funds.

Article L.613-30-3, I, 5° of the French Monetary and Financial Code, states that, as from 28 December 2020, it should not be possible for liabilities of a credit institution that are not Own Funds to rank *pari passu* with Own Funds.

Therefore, a new rank within subordinated obligations has been created for subordinated obligations or deeply subordinated obligations of the Issuer, issued as from 28 December 2020 if and when they completely cease to constitute Tier 2 Capital or additional tier 1 capital instruments of the Issuer, ranking in priority to tier 2 capital instruments and additional tier 1 capital instruments of the Issuer in order to comply with article L.613-30-3, I, 5° of the French Monetary and Financial Code.

Therefore, (i) as long as Subordinated Notes are recognized as tier 2 capital instruments, they will rank as Qualifying Subordinated Notes, and, if they are no longer recognized as Tier 2 Capital, they will automatically rank as Disqualified Subordinated Notes and (ii) as long as deeply subordinated obligations are recognized as additional tier 1 capital instruments, they will rank as additional tier 1 capital instruments of the Issuer, and, if they are no longer recognized as additional tier 1 capital instruments, they will automatically rank as Disqualified Additional Tier 1 Notes and will rank *pari passu* with the Disqualified Subordinated Notes, as provided in the status provisions provided for in Condition 2 (*Status of the Notes*), without any action from the Issuer and without obtaining the consent of the holders of Subordinated Notes or any other Notes.

All subordinated notes or deeply subordinated notes issued by the Issuer prior to the date of entry into force of the Ordinance that are, or have been, fully or partially recognized as Own Funds of the Issuer, rank and as long as they are outstanding will rank as Tier 2 Capital instruments or additional tier 1 capital instruments of the Issuer as the case may be, in accordance with their contractual terms.

On 18 April 2023, the European Commission issued the Crisis Management and Deposit Insurance framework. If adopted, this proposal would enable authorities to organize the orderly market exit for a failing bank of any size and business model, with a broad range of tools. In particular, it is aimed at facilitating the use of industry-funded safety nets to shield depositors in banking crises, such as by transferring them from a failing bank to a healthy one. Such use of safety nets (deposit guarantee scheme and resolution funds) must only be a complement to the banks' internal loss absorption capacity, which remains the first line of defense.

The proposed reform would, among others, amend the hierarchy of claims. Existing rules set out a three-tier depositor ranking, according to which claims are assessed in a resolution case: covered deposits and claims under the deposit guarantee schemes rank above non-covered deposits of households and small and medium enterprises, which rank above other non-covered deposits. In a majority of Member States, including France, non-covered deposits have the same ranking as other ordinary unsecured claims such as holders of senior preferred debt instruments (such as Senior Preferred Notes).

The European Commission proposal would entail two changes: the removal of the 'super-preference' of claims under deposit guarantee schemes and the creation of a single-tier ranking for all deposits (covered deposits, claims under the deposit guarantee schemes, non-covered deposits of households and small and medium enterprises and other non-covered deposits). As a consequence, all deposits referred to above would rank above ordinary unsecured claims (such as Senior Preferred Notes).

As a consequence, if the European Commission proposal were adopted as is, senior preferred debt instruments (such as Senior Preferred Notes) would no longer rank *pari passu* with any deposits of the Issuer; instead, senior preferred debt instruments (such as Senior Preferred Notes) would rank junior in right of payment to the claims of all depositors.

This proposal is still subject to further discussions and as a result its precise application date is still unknown.

Resolution Measures

Under the BRRD and the Ordinance and under the SRM Regulation, the Relevant Resolution Authority may, when an institution is being considered to have reached the point of non-viability (see "*Write-Down and Conversion of Capital Instruments*" below), commence resolution proceedings in respect of such institution when the Relevant Resolution Authority determines that:

- (a) the institution is failing or likely to fail (on the basis of objective elements), which includes situations where, pursuant to Article 32(4) of the BBRD:
 - (i) the institution infringes/will in the near future infringe the requirements for continuing authorization in a way that would justify withdrawal of such authorization including, but not limited to, because the institution has incurred/is likely to incur losses depleting all or a significant amount of its own funds;
 - (ii) the assets of the institution are/will be in a near future less than its liabilities;
 - (iii) the institution is/will be in a near future unable to pay its debts or other liabilities when they fall due; or
 - (iv) the institution requires extraordinary public financial support (subject to limited exceptions which apply when, in order to remedy a serious disturbance in the economy of a Member State and preserve financial stability, extraordinary public financial support is provided to solvent institutions, subject to final approval under the European Commission's State Aid framework);

- (b) there is no reasonable prospect that a private action would prevent the failure; and
- (c) except with respect to capital instruments, a resolution action is necessary in the public interest.

In addition to the Bail-In Tool (see “*The Bail-in Tool*” below), the BRRD and the SRM provides resolution authorities with broader powers to implement other resolution measures with respect to institutions or, under certain circumstances, their groups, which may include (without limitation): the sale of the institution’s business, the separation of assets, the replacement or substitution of the institution as obligor in respect of debt instruments, modifications to the terms of debt instruments (including altering the maturity and/or the amount of interest payable and/or imposing a temporary suspension on payments), the write-down or conversion into equity of capital instruments (See “*Write-Down and Conversion of Capital Instruments*” below) and discontinuing the listing and admission to trading of financial instruments.

Such powers may also result, after any transfer of all or part of the Issuer’s business or separation of any of its assets, in the holders of Notes (even in the absence of any such write down or conversion) being left as the creditors of the Issuer whose remaining business or assets is insufficient to support the claims of all or any of the creditors of the Issuer (including such holders of Notes).

The SRM Regulation provides for the establishment of a single resolution fund that may be used by the SRB to support a resolution plan (the “**Single Resolution Fund**”). The Single Resolution Fund has replaced national resolution funds implemented pursuant to the BRRD with respect to significant banks such as the Issuer. This Single Resolution Fund is financed by contributions raised from banks (such contributions are based on the amount of each bank’s liabilities, excluding own funds and covered deposits, and adjusted for risks).

The BRRD also provides the right for a Member State of the European Union as a last resort, after having assessed and implemented the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

Under the BRRD and the SRM Regulation, no support will be available until a minimum amount of contribution to loss absorption and recapitalization of 8% of total liabilities including own funds has been made by shareholders, holders of capital instruments and other eligible liabilities through write-down, conversion or otherwise.

BRRD II provides that, for a limited period of time, resolution authorities will have the power to suspend payment and delivery obligations pursuant to any contract to which an institution is a party in certain circumstances, including where the institution is failing or likely to fail.

There still remains uncertainty as to how these powers will be implemented in the future and how they may affect the Issuer and/or the Group and the Notes. Accordingly, it is not yet possible to assess the full impact of the BRRD or the SRM Regulation on the Issuer and/or the Group and the Noteholders, and there can be no assurance that any actual or perceived actions by the French resolution authority or any other Relevant Resolution Authority would not adversely affect the rights of the Noteholders, the price or value of an investment in the Notes and/or the Issuer’s ability to satisfy its obligations under the Notes.

In addition, the powers currently set out in the BRRD and its implementation in the French *Code monétaire et financier* are expected to impact how credit institutions, including the Issuer, and large investment firms (those which are required to hold initial capital of €730,000 under the CRD Package) are managed as well as, in certain circumstances, the rights of creditors.

Write-Down and Conversion of Capital Instruments

Capital instruments may be written down or converted into shares or other instruments of ownership either in connection with a resolution proceeding or, in certain other cases described below, without or prior to a resolution proceeding. Capital instruments for these purposes include common equity tier 1, additional tier 1 and tier 2 instruments, such as the Subordinated Notes.

The Relevant Resolution Authority must write down capital instruments, or convert them to shares or other instruments of ownership in any of the following circumstances (the so called “**point of non-viability**”):

- (i) where the determination has been made that conditions for resolution have been met, before any resolution action is taken;
- (ii) the appropriate authority determines that unless that power is exercised in relation to the relevant capital instruments, the institution or the group will no longer be viable;
- (iii) extraordinary public financial support is required by the institution.

The principal amount of capital instruments may also be written down or converted to shares or other instruments of ownership in connection with a resolution proceeding if the conditions described in (a) to (c) of the paragraph “*Resolution*” above are met.

If one or more of the conditions set out in above in (i) to (iii) are met, common equity tier 1 instruments are first written down, transferred to creditors or, if the institution enters resolution and its net assets are positive, significantly diluted by the conversion of other capital instruments and eligible liabilities. Once this has occurred, other capital instruments (first additional tier 1 instruments, then tier 2 instruments such as the Subordinated Notes) are either written down or converted to common equity tier 1 instruments or other instruments (which are also subject to possible write-down).

It is the Issuer’s intention that Subordinated Notes shall, for supervisory purposes, be treated as a tier 2 instruments and included in the MREL ratio on consolidated basis at the level of group Crédit Mutuel.

The exercise of write-down/conversion powers by the Relevant Resolution Authority independently of a resolution proceeding or in combination with a resolution measure with respect to capital instruments (including subordinated debt instruments such as the Subordinated Notes) could result in the full (i.e., to zero) or partial write-down or conversion of the Subordinated Notes into ordinary shares or other instruments of ownership.

In addition, where the Issuer’s financial condition deteriorates, the existence or the actual exercise of write-down/conversion powers by the Relevant Resolution Authority (together with the existence or the actual exercise the Bail-in Tool (see “*The Bail-in Tool*” below) and the other resolution measures) could cause the market price or value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Moreover, certain powers, including the full or partial write-down of capital instruments, the dilution of capital instruments through the issuance of new equity, the full or partial write-down or conversion into equity of additional capital instruments qualifying as Tier 1 and Tier 2 (such as Qualifying Subordinated Notes), could also be exercised outside of resolution proceedings (and the BRRD framework) by national government authorities pursuant to the European Commission’s State Aid framework if the institution requires extraordinary public financial support.

The Bail-in Tool

Once a resolution procedure is initiated as described in the sub-paragraph entitled “*Resolution*” above, the powers provided to the Relevant Resolution Authority in the BRRD and the SRM Regulation include the “**Bail-in Tool**”, which allow it to write down bail-in-able liabilities of a credit institution in resolution, or to

convert them to equity. Bail-inable liabilities (which also include senior unsecured debt instruments such as Senior Notes and other subordinated debts such as Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute Tier 2 Capital instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute additional tier 1 instruments) fully absorb losses as a result of such resolution procedure. Before the Relevant Resolution Authority may exercise the Bail-in Tool in respect of bail-inable liabilities, capital instruments must first be written down or converted to equity or other instruments in the order of priority described in “Write-Down and Conversion of Capital Instruments” above. Once this has occurred, the Bail-in Tool may be used to write down or convert bail-inable liabilities as follows: (i) subordinated debt instruments other than capital instruments (including Subordinated Notes issued on or after 28 December 2020 if and when they completely cease to constitute Tier 2 Capital instruments and deeply subordinated obligations issued on or after 28 December 2020 if and when they completely cease to constitute additional tier 1 instruments) are to be written down or converted into common equity tier 1 instruments in accordance with the hierarchy of claims in normal insolvency proceedings, and (ii) other bail-inable liabilities (including Senior Notes) are to be written down or converted into common equity tier 1 instruments, in accordance with the hierarchy of claims in normal insolvency proceedings (for which purpose, in the case of the Issuer, Senior Non-Preferred Notes rank junior to Senior Preferred Notes).

As a result of the foregoing, even if Subordinated Notes (qualifying as Tier 2 Capital instruments) are not fully written down or converted prior to the opening of a resolution procedure, if the Relevant Resolution Authority decides to implement the Bail-in Tool as part of the implementation of resolution, the principal amount of such Tier 2 Capital instruments (including instruments such as the Subordinated Notes) must first be fully written down or converted to equity. In addition, common equity Tier 1 instruments into which Tier 2 Capital instruments (including instruments such as the Subordinated Notes) were previously converted could also be written down a result of the application of the Bail-in Tool.

The exercise of the Bail-in Tool could also result in the full (i.e., to zero) or partial write-down or conversion of the Notes into ordinary shares or other instruments of ownership.

In addition, where the Issuer’s financial condition deteriorates, the existence or the actual exercise of the Bail-in Tool (together with the existence or actual exercise of the other resolution measures and of the write-down/conversion powers by the Relevant Resolution Authority (see *Write-Down and Conversion of Capital Instruments*” above)) could cause the market price or value of the Notes to decline more rapidly than would be the case in the absence of such powers.

Other powers of the French resolution authority

The French *Code monétaire et financier*, as amended by the *Ordonnance* also provides that in exceptional circumstances, where the general Bail-in Tool is applied, the French resolution authority may exclude or partially exclude certain liabilities from the application of the write-down or conversion powers, in particular where: (a) it is not possible to bail-in that liability within a reasonable time; (b) the exclusion is strictly necessary and is proportionate to achieve the continuity of critical functions and core business lines of the institution under resolution; (c) the exclusion is strictly necessary and proportionate to avoid giving rise to widespread contagion, which would severely disrupt the functioning of financial markets, including of financial market infrastructures, in a manner that could cause a serious disturbance to the economy of a Member State of the European Union; or (d) the application of the general Bail-in Tool to those liabilities would cause a destruction in value such that the losses borne by other creditors would be higher than if those liabilities were excluded from bail-in. Consequently, where the French resolution authority decides to exclude or partially exclude a bail-inable liability or class of bail-inable liabilities, the level of write down or conversion applied to other bail-inable liabilities when not excluded, may be increased to take account of such exclusions. Subsequently, if the losses that would have been borne by those liabilities have not been passed on fully to other creditors, the French “Resolution and Deposits Guarantee Fund” (*Fonds de garantie*

des dépôts et de résolution) or any other equivalent arrangement from a Member State of the European Union, may make a contribution to the institution under resolution, under certain limits, including the requirement that such contribution does not exceed 5% of the global liabilities of such institution to (i) cover any losses which have not been absorbed by bail-inable liabilities and restore the net asset value of the institution under resolution to zero and/or (ii) purchase shares or other instruments of ownership or capital instruments in the institution under resolution, in order to recapitalise the institution. The last step - if there are losses left - would be, subject to certain conditions, an extraordinary public financial support through additional financial stabilisation tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

The French *Code monétaire et financier*, as amended by the Ordonnance, also provides that the French resolution authority may apply a different conversion rate to different classes of capital instruments and liabilities underlining that when different conversion rates are applied, the conversion rate applicable to liabilities that are considered to be senior under applicable insolvency law shall be higher than the conversion rate applicable to subordinated liabilities. EBA Guidelines on the rate of conversion of debt to equity in bail-in (EBA/GL/2017/03) of 11 July 2017 clarify when and how different conversion rates from debt to equity should be set for different types of liability and propose the criteria that resolution authorities need to take into account when setting conversion rates, and in particular how they should take account of valuation information.

Minimum Requirement for Own Funds and Eligible Liabilities

To ensure that the Bail-in Tool will be effective if it is ever needed, as from 1 January 2016, French credit institutions (such as the Issuer) have to meet, at all times, a minimum requirement for own funds and eligible liabilities (“MREL”) pursuant to Article L. 613-44 of the French *Code monétaire et financier*. The MREL aims at ensuring sufficient loss absorbing capacity that should enable an orderly resolution, and thereby ensuring continuity of critical functions without recourse to public funds.

Article 45(2) of the BRRD empowers the Commission to adopt, following submission of draft standards by the European Banking Authority (EBA), and in accordance with Articles 10 to 14 of Regulation No (EU) 1093/2010, delegated acts specifying assessment criteria relating to the methodology for setting the MREL. In accordance with Article 10(1) of Regulation No (EU) 1093/2010 establishing the EBA, the Commission may endorse the draft standards in part only, or with amendments, where the EU’s interests so require, having regard to the specific procedure laid down in that Article.

On 23 May 2016, the Commission adopted the Delegated Regulation supplementing the BRRD with regulatory technical standards specifying the criteria relating to the methodology for setting the MREL.

Furthermore, once applicable, the CRR II will, among other things, give effect to the term sheet published on 9 November 2015 by the Financial Stability Board finalized international standards, and modify the requirements applicable to the “minimum requirement for own funds and eligible liabilities”. The implementation of both the current and the new texts, and their application to credit institutions such as the Issuer and/or the Group or the taking of any action thereunder is currently uncertain.

In addition, if the Relevant Resolution Authority finds that there could exist any obstacles to resolvability by the Issuer and/or the Group, a higher MREL requirement could be imposed.

TAXATION

The statements herein regarding taxation are a summary of certain French withholding tax consequences in relation to the holding of the Notes. This summary is based on the laws in force in France as of the date of this Base Prospectus and are subject to any changes in such laws and/or interpretation thereof (potentially with a retroactive effect). This summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes.

Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, disposal and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor.

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions, including the relevant Issuer's jurisdictions of incorporation. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Notes.

Payments made outside France

The following may be relevant to Noteholders who do not concurrently hold shares of the Issuer.

Payments of interest and other assimilated revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”) other than those mentioned in 2° of 2 *bis* of the same Article 238-0 A. If such payments under the Notes are made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts*, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other assimilated revenues on the Notes will not be deductible from the Issuer's taxable income if they are paid or accrued to persons established or domiciled in a Non-Cooperative State or paid to an account held with a financial institution established in such a Non-Cooperative State (the “**Deductibility Exclusion**”). Under certain conditions, any such non-deductible interest and other assimilated revenues may be recharacterised as constructive dividends pursuant to Articles 109 and *seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other assimilated revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at (i) the standard corporate income tax rate set forth in the second paragraph of Article 219-I of the French *Code général des impôts* (i.e. 25 per cent.) for payments benefiting legal persons who are not French tax residents, (ii) a rate of 12.8 per cent. for payments benefiting individuals who are not French tax residents or (iii) a rate of 75 per cent. for payments made outside France in a Non-Cooperative State other than those mentioned in 2° of 2 *bis* of Article 238-0 A of the French *Code général des impôts* (subject to certain exceptions and the more favourable provisions of an applicable double tax treaty).

Notwithstanding the foregoing, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest and other assimilated revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion (and therefore the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts* that may be levied at the result of the Deductibility Exclusion) will apply in respect of an issue of Notes if the Issuer can prove that the main purpose and effect of such issue of Notes was not that of allowing the payments of interest or other assimilated revenues to be made in a Non-Cooperative State (the “**Exception**”). Pursuant to the *Bulletin Officiel*

des Finances Publiques - Impôts (BOI-INT-DG-20-50-20 dated 6 June 2023, no. 290 and BOI-INT-DG-20-50-30 dated 14 June 2022 no. 150), an issue of Notes will benefit from the Exception without the Issuer having to provide any proof of such purpose and effect of such issue of Notes if such Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* for which the publication of a prospectus is mandatory or pursuant to an equivalent offer in a State other than in a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; and/or
- (b) admitted to trading on a French or foreign regulated market or multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider or any other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; and/or
- (c) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payment systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Payments made to individuals fiscally domiciled in France

Pursuant to Article 125 A I of the French Code général des impôts, subject to certain exceptions, interest and other assimilated revenues paid by a paying agent (*établissement payeur*) established in France to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France are subject to a 12.8 per cent. withholding tax, that is a prepayment of the income tax in respect of the year in which the payment has been made. Social contributions (CSG, CRDS and solidarity levy) are also levied by way of withholding at an aggregate rate of 17.2 per cent. on such interest and assimilated revenues paid to individuals who are fiscally domiciled (*domiciliés fiscalement*) in France, subject to certain exceptions.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 18 July 2024 (as amended or supplemented from time to time, the “**Dealer Agreement**”) between the Issuer, Banque Fédérative du Crédit Mutuel, Barclays Bank Ireland PLC, BNP Paribas, Citigroup Global Markets Europe AG, Goldman Sachs Bank Europe SE, HSBC Continental Europe, J.P. Morgan SE and NatWest Markets N.V. (the “**Permanent Dealers**”) and BNP Paribas, as arranger of the Programme (the “**Arranger**”), the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to dealers that are not Permanent Dealers (such dealers together with the Permanent Dealers, the “**Dealers**”). The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agent of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Final Terms.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

United States

The Notes have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended, (the “**Securities Act**”) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (“**Regulation S**”).

English Law Notes in bearer form and French Law Notes issued in Materialised Notes having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering of any identifiable Tranche and the closing date, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meaning given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable Tranche, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the

registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Prohibition of Sales to EEA Retail Investors

Unless the relevant Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the relevant Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “retail investor” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU, as amended (“**MiFID II**”); or
 - (ii) a customer within the meaning of Directive (EU) 2016/97, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in Regulation (EU) 2017/1129, as amended (the “**Prospectus Regulation**”); and
- (b) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

Non-Exempt Offer Selling Restriction under the Prospectus Regulation

If the relevant Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated in this Base Prospectus (or the tranche prospectus, as the case may be) as completed by the relevant Final Terms in relation thereto to the public in any Member State of the European Economic Area (each, a “**Member State**”) except that it may make an offer of such Notes to the public in that Member State:

- (a) if the relevant Final Terms specify that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Notes which has been approved by the competent authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that (i) the Issuer has given its written consent and (ii) any such prospectus has subsequently been completed by the relevant Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) at any time to any legal entity which is a qualified investor as defined under the Prospectus Regulation;
- (c) at any time to fewer than 150, natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Regulation in that Member State and the expression “**Prospectus Regulation**” means Regulation (EU) 2017/1129, as amended.

Belgium

The following selling restriction shall apply to offers of Notes in Belgium in addition to the “Public Offer Selling Restrictions under the Prospectus Regulation”.

The Notes are not intended to be sold to Belgian Consumers. Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer or sell, directly or indirectly, Notes to Belgian Consumers, and has not distributed or caused to be distributed and will not distribute or cause to be distributed, the Base Prospectus, the relevant Final Terms or any other offering material relating to the Notes to Belgian Consumers.

For these purposes, a “**Belgian Consumer**” has the meaning provided by the Belgian Code of Economic Law, as amended from time to time (*Wetboek van 28 februari 2013 van economisch recht/Code du 28 février 2013 de droit économique*), being any natural person resident or located in Belgium and any acting for purposes which are outside his/her trade, business or profession.

United Kingdom

Unless the relevant Final Terms in respect of any Notes specifies the “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision,

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:

Non-Exempt Offer Selling Restriction under the UK Prospectus Regulation

If the relevant Final Terms in respect of any Notes specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus (or the tranche prospectus, as the case may be) as completed by the relevant Final Terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Notes to the public in the United Kingdom, *inter alia*:

- (a) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression “**an offer of Notes to the public**” in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression “**UK Prospectus Regulation**” means Regulation (EU) 2017/1129, as it forms part of UK domestic law by virtue of the EUWA.

- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA would not apply to the Issuer; and

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any securities in the PRC to any person to whom it is unlawful to make the offer or solicitation in the PRC.

The Issuer does not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in the PRC, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act, 2001 of Singapore, as modified or amended from time to time (the “SFA”)) pursuant to Section 274 of the SFA or (ii) to an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

Switzerland

The offering of the Notes in Switzerland is exempt from requirement to prepare and publish a prospectus under the Swiss Financial Services Act (“FinSA”) as long as such offering is made to professional clients within the meaning of the FinSA only or as long as the Notes have a minimum denomination of CHF 100,000 (or equivalent in another currency) or more and the Notes will not be admitted to trading on any trading venue (exchange or multilateral trading facility) in Switzerland. This Base Prospectus does not constitute a prospectus pursuant to the FinSA, and no such prospectus has been or will be prepared for or in connection with the offering of the Notes.

The Notes have not been, and will not be, qualified for sale under the securities laws of any province or territory of Canada and may not be offered, sold or delivered, directly or indirectly, in Canada or to, or for the benefit of, any resident thereof in contravention of the securities laws of any province or territory of Canada.

The Dealers have acknowledged that Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations and that any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

This Base Prospectus is neither a prospectus nor a disclosure document for the purposes of the Australian Corporations Act. Each of the Dealers has represented and agreed that unless the relevant Final Terms (or Pricing Supplement, as the case may be) (or another supplement to the Base Prospectus) otherwise provides, it:

- a) has not made or invited, and will not make or invite, an offer of the Notes for issue or sale in Australia (including an offer or invitation which is received by a person in Australia); and
- b) has not distributed or published, and will not distribute or publish, this Base Prospectus or any other offering material or advertisement relating to any Notes in Australia,

unless:

- (i) the aggregate consideration payable by each offeree is at least A\$500,000 (or its equivalent in an alternative currency, in either case, disregarding moneys lent by the offeror or its associate) or the offer or invitation does not otherwise require disclosure to investors under Parts 6D.2 or 7.9 of the Australian Corporations Act;
- (ii) the offer or invitation does not constitute an offer to a “retail client” as defined for the purposes of section 761G of the Australian Corporations Act;
- (iii) such action complies with all applicable laws, regulations or directives in Australia; and
- (iv) such action does not require any document to be lodged with ASIC or any other regulatory authority in Australia.

General

These selling restrictions may be modified by the agreement of the Issuer and the relevant Dealers following a change in a relevant law, regulation or directive. Except with respect to issues exempted under the Prospectus Regulation, any such modification will be set out in a supplement to this Base Prospectus (or in a tranche prospectus, as the case may be).

Neither the Issuer nor any Dealer makes any representation that any action has been taken in any jurisdiction that would permit a non-exempt offer of any of the Notes, or possession or distribution of the Base Prospectus (or the tranche prospectus, as the case may be) or any other offering material or any Final Terms (or pricing supplement, as the case may be), in any country or jurisdiction where action for that purpose is required.

Neither the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction or pursuant to any exemption available thereunder or assumes any responsibility for facilitating such sale.

the case may be) and neither the Issuer nor any other Dealer shall have responsibility therefor in all cases at its own expense.
